Staff Report to the Board of Trustees

9953 W 143rd St Abood Medical Spa Re-Roof

Prepared: 10/7/2024

TITLE & SUMMARY

Project: 2024-0715 – Abood Medical Spa Re-roof

Petitioner: Alex Lebloch

Purpose: The petitioner is seeking approval of a Certificate of Appropriateness for minor work on a landmark and contributing structure.

Location: 9953 W. 143rd St, Orland Park, IL

P.I.N.: 27-09-200-017

PROJECT DESCRIPTION & CONTEXT

According to the 2008 Residential Area Intensive Survey by McGuire Iglleski and Associates, 9953 W. 143rd Street is classified as a contributing structure to the Historic District. The integrity of the building is listed as high and the condition excellent. This small, simple frame building was built around 1890 and has had minor improvements in 2004 including a new front door, window replacements, and a new concrete ramp from the sidewalk to the front door. The original materials and building elements have been unaltered. This is a fine example of a National style building with Folk Victorian detailing in the district. The building is a landmark.

Comprehensive Plan

Downtown Orland Park is centered around the Lagrange Road and 143rd Street intersection and served by the 143rd Street Metra station. The Downtown is separated into four Character Districts, each with a distinct identity, but all integrated via a well-connected transportation network. This area is envisioned to become the heart of Orland Park, with a unique sense of place and an emphasis on walkability and pedestrian scale. Civic buildings and open spaces will continue to be the focal points in the district.

DETAILED PLANNING DISCUSSION

Old Orland Historic District

Per Section 6-209.G.1, the review and approval process for Contributing Structures and Landmarks for minor work require Plan Commission and Board approval. Minor work is defined as changes that do not have a substantial impact on the exterior appearance of the structure or site, including alteration, addition, or removal of exterior architectural elements such as doors, windows, fences, skylights, siding, exterior stairs, roofs, tuck-pointing etc.

The proposed work is to perform a tear off and reroof. The existing asphalt shingles are a dark gray color, and the proposed shingles will be OC Duration shingles in the color Sierra Gray. All like materials will be used and the appearance of the building will not be substantially changed.

Overall, the proposed minor work conforms to the Village’s Land Development Code and policies for this area.

PLAN COMMISSION DISCUSSION

Present at the Plan Commission were 5 commissioners in person and members of staff. Discussion included project details and scope of work. Overall, the commissioners expressed support for the project. The Plan Commission recommended approval of the project unanimously per the Staff Recommended Action.
