

**tyler payments™**

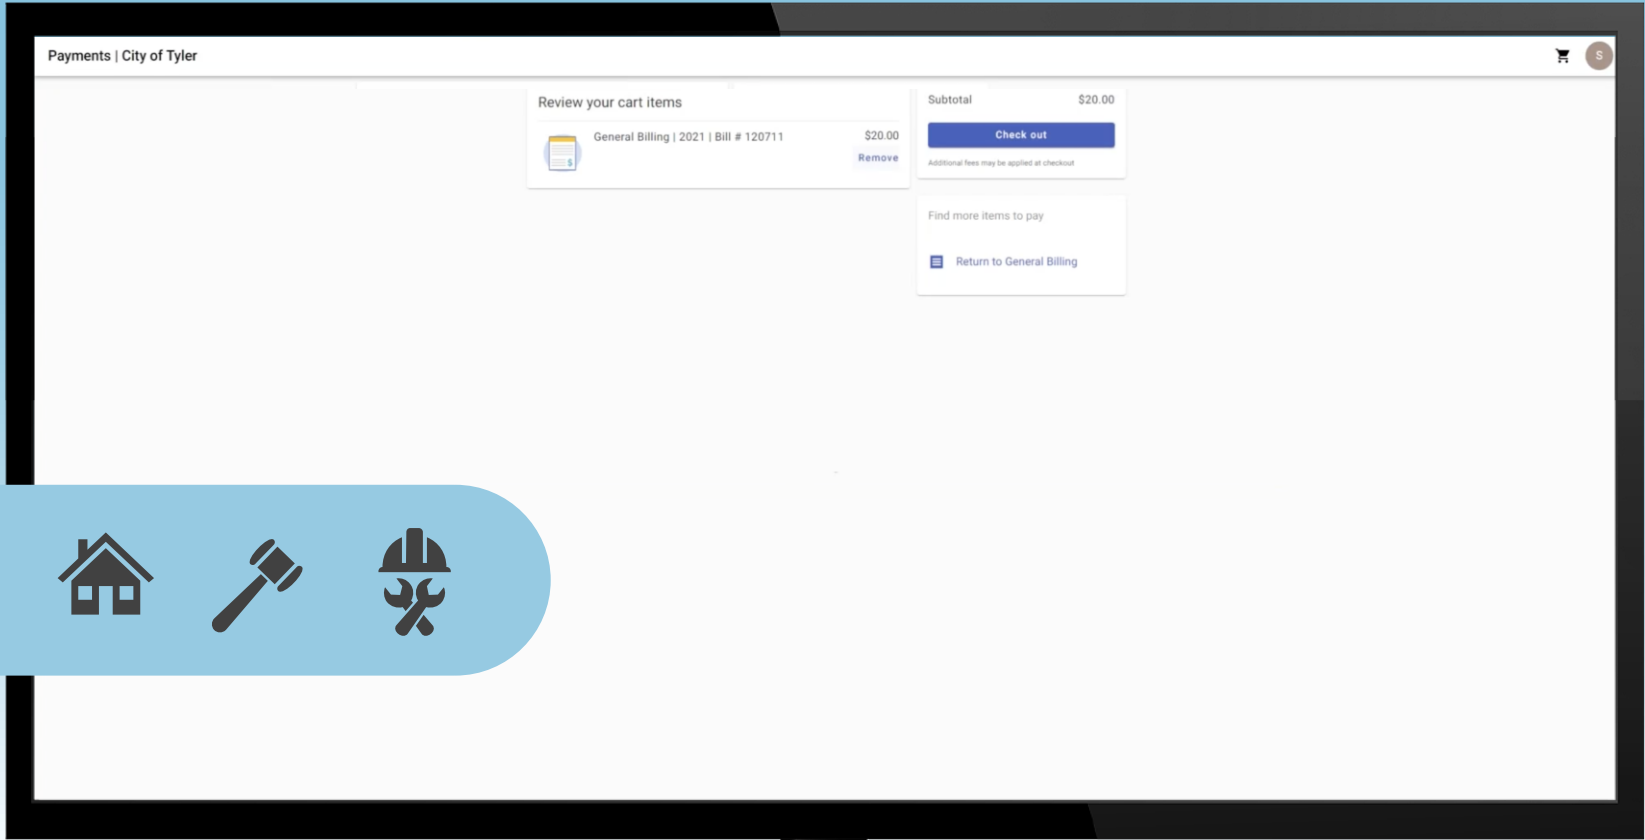

a total tyler solution

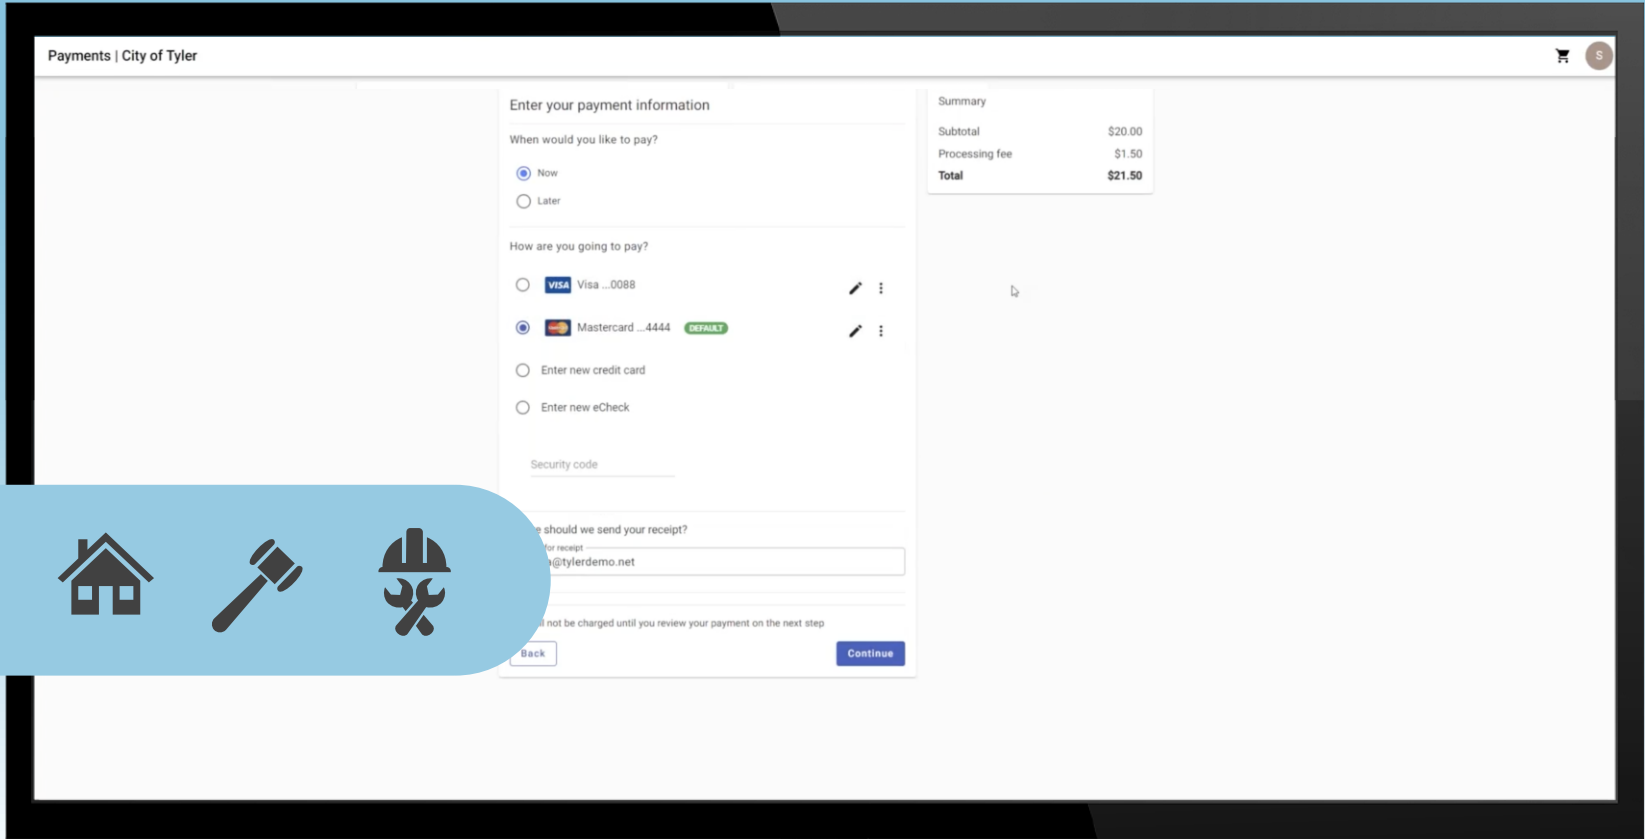

# Enterprise Revenue Management

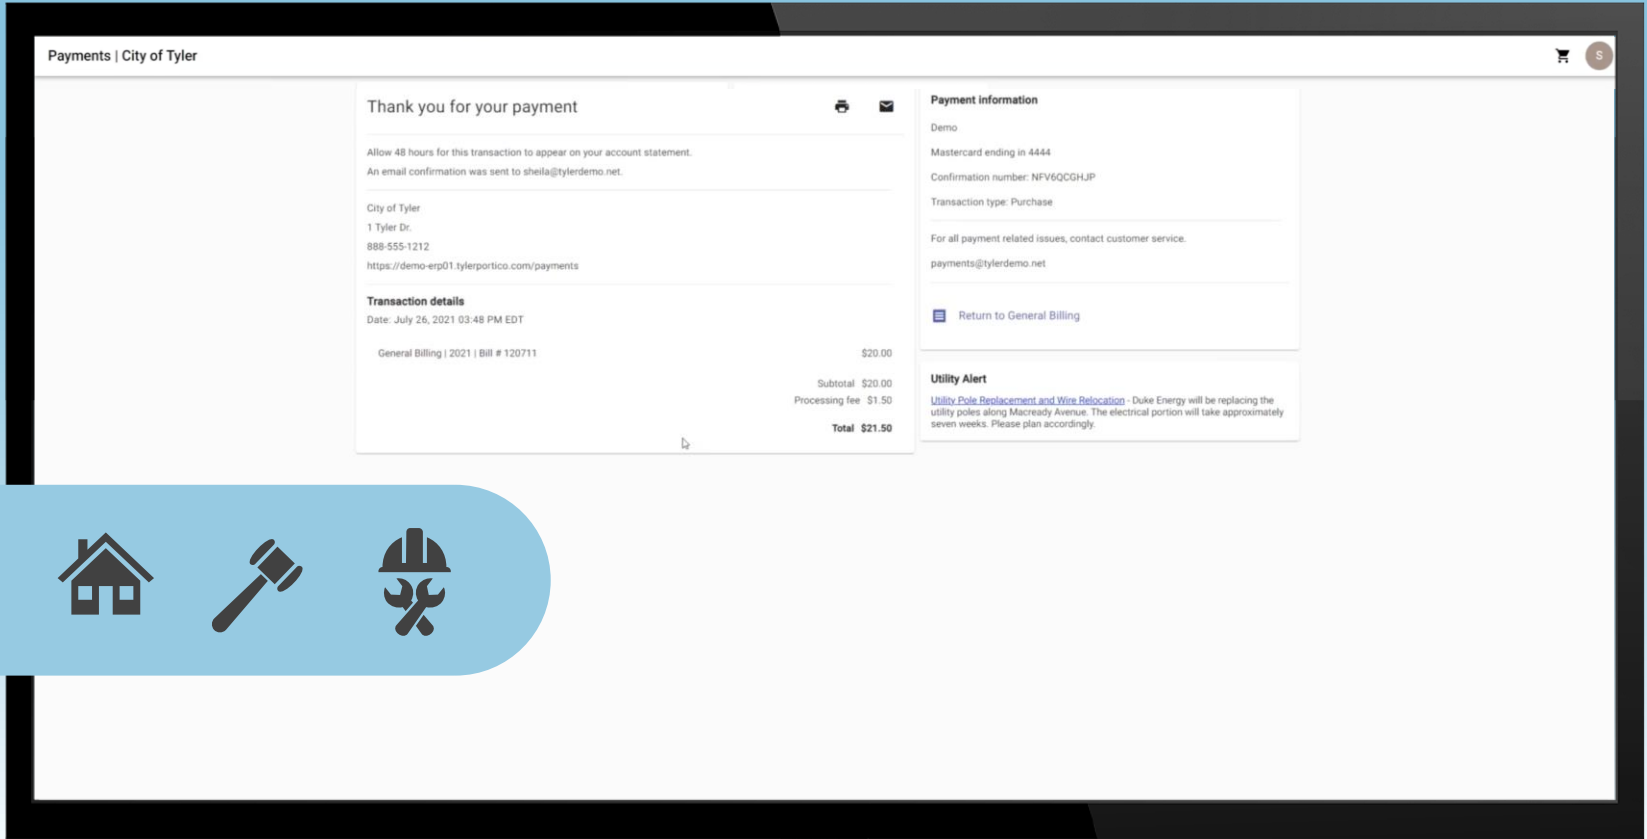

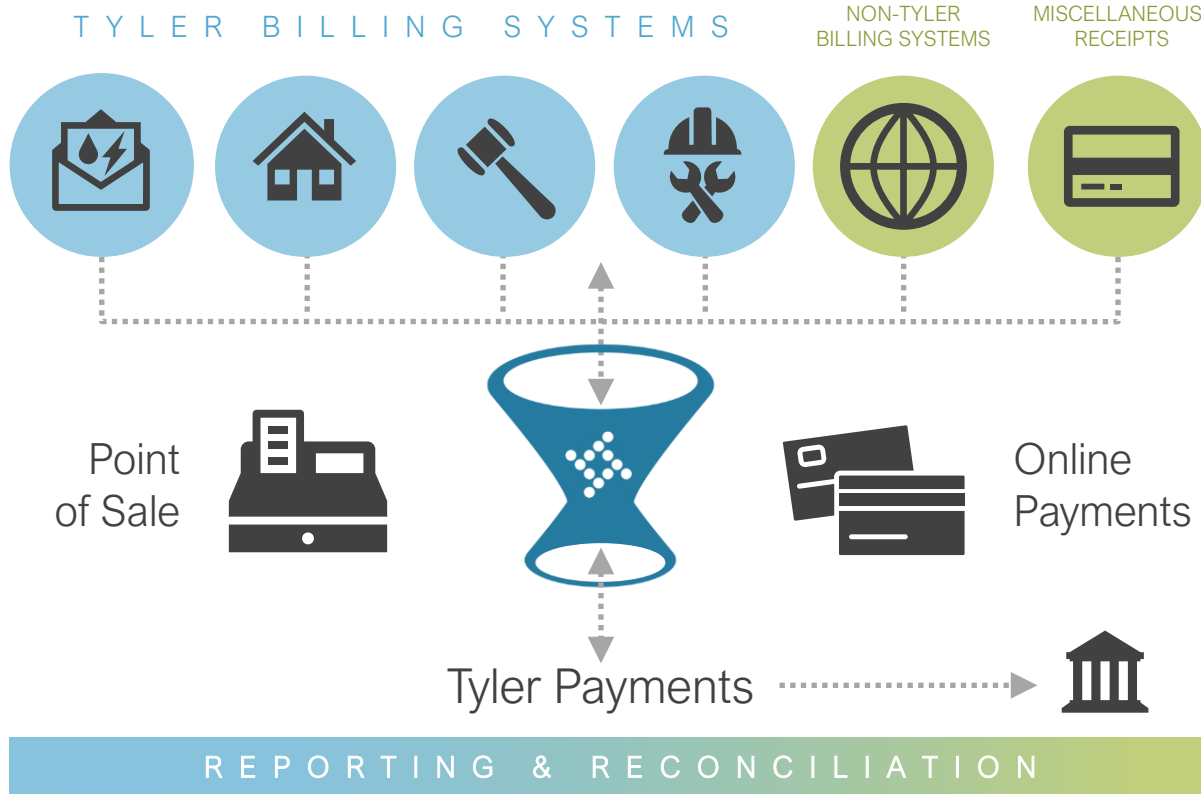

# Enterprise Revenue Management

## NON-TYLER BILLING SYSTEMS

**Accept payments that feed non-Tyler systems and provide users with accurate information.**

Examples include:  
parking tickets, animal control fines and licenses, court fees, anything with invoice using SnapLogic®

## MISCELLANEOUS RECEIPTS

**You can design custom and flexible forms that are presented to the payer to capture relevant information to the payment.**

Examples include:  
donations, library memberships, parks & rec fees, police report request fees, beach passes

Net Financial Activity

A woman with dark, curly hair is shown in profile, looking towards the left. She is wearing a dark top and a small earring. In the background, a group of people are seated around a conference table, engaged in a meeting. One person is pointing at a document on the table. The scene is brightly lit, suggesting an indoor office environment.

# Methodology

# Tyler Payments Implementation Process

## Flexible Fee Options

Tyler Payments has a **flexible fee structure with no subscription or licensing costs**, meaning you can provide predictable rates for your online payers — whether you pass the fees along or absorb them
