**TERMS AND CONDITIONS**

This proposal is made for specially constructed equipment and when accepted is not subject to cancellation. Seller shall not be responsible for errors in plans, designs, specifications, and drawings furnished by Buyer or for defects caused thereby.

**Warranty:** This agreement carries a 1 year warranty on parts and labor, except for standard manufactured lamps. The display is warranted to be free from functional defects in materials and workmanship at the time of original delivery. The foregoing warranties shall not apply if the equipment has been repaired, other than by Seller or a service facility designated by the Seller, or altered by anyone other than Seller, or if the equipment has been subject to abuse, misuse, negligence, accident, vandalism, acts of God or natural disasters beyond Seller's reasonable control. Seller shall not be liable for any damages or losses other than the replacement of such defective work or material. Whenever there are any circumstances on which a claim might be based, Seller must be informed immediately or the provisions of this warranty may be voided.

**Title:** Title to all materials and property covered by this agreement shall remain in Seller and shall not be deemed to constitute a part of the realty to which it may be attached until the purchase price is paid in full. Seller is given an express security interest in said material and property both erected and unerected notwithstanding the manner in which such personal property shall be annexed or attached to the realty. In the event of default by Buyer, including, but not limited to, payment of any amounts due and payable, Seller may at once (and without process of law) take possession of and remove, as and when it sees fit and wherever found, all materials used or intended for use in this construction of said equipment and any and all property called for in this contact without being deemed guilty of trespass.

**Damage:** Should any loss, damage or injury result to said display, from any cause whatsoever, while in possession of Buyer or his agents, such loss, damage or injury shall not relieve the Buyer from the obligation to pay for the same according to the terms of this agreement.

**Default:** Seller and Buyer mutually recognize that Display is not an article of general trade or utility but is designed and is to be constructed, installed and maintained at the request and for the special distinctive uses and purposes of Buyer, that Display is of no value to Seller except as so used, and that is a material consideration to Seller. If during the term of this agreement bankruptcy, reorganization or insolvency proceedings are commenced by or against Buyer, or if Buyer makes an assignment for the benefit of creditors, or if Buyer discontinues business in the premises where Display is located, Seller may at his option declare the entire unpaid balance immediately due and payable. In the event Seller may employ an attorney to recover Display or collect any sums due under this Agreement, Buyer agrees to pay in addition to all sums found due from Seller, a reasonable attorney's fee, and all costs of suit, collection costs and all other expenses incurred in enforcing this Agreement. All over due payments under this Agreement which are in arrears more than ten days following due date under (b) herein, shall bear interest at the rate of 18% per annum accumulated monthly provided that such delinquent charges shall be at least \$1 per month.

**Authority of Agent:** It is understood and agreed that this agreement contains the entire contract between the parties and that no representative of Seller has authority to change or modify any terms or representations herein stated. This agreement shall not be considered as executed until signed by or on behalf of Buyer and approved by an executive officer of Seller.

**Delivery:** The construction and installation of the display shall be subject to delay by strikes, fires, unforeseen commercial delays or acts of God, or regulations or restrictions of the government or public authorities or other accidental forces, conditions or circumstances beyond control of Seller.

**Inspection:** Buyer shall inspect the display immediately upon installation, and shall notify Seller in writing of any defects or variances therein. In the absence of any such written notification within five (5) days after installation, the display shall be deemed in all respects approved and satisfactory to Buyer.

**Permits and Licenses:** Seller shall assist Buyer in obtaining all original permits and licenses from public authorities for the installation of the display. Buyer shall obtain the necessary permits from the owner of the premises and others, whose permission is required for the installation of the display and is responsible that such permission is not revoked. Revocation of any permit required for the installation and maintenance of display shall not relieve buyer from the payment of all sums due in accordance with the terms of this agreement. Buyer agrees to obtain all necessary permission for use of all registered trademarks or copyrights used on the display, and agrees to indemnify Seller against any claims in connection therewith.

**Service Wiring: Cost of Electricity: Reinforcement of Building:** Physical Conditions: Buyer shall bring feed wires of suitable capacity and approved type to the location of Display prior to installation and shall pay for all electrical energy used by the display and be responsible for the supply thereof. Buyer shall provide for necessary reinforcements to the building on which Display is installed. Buyer shall pay for costs of relocating power lines, or other obstacles to comply with laws of Federal, State or Municipal Agencies. **This Agreement assumes that installation will involve normal access, soil, and wall conditions. In the event of subsurface obstacles or obstructions in or behind walls, the parties agree to adjust the extra installation costs based on Seller's additional cost.**
