Re: Main Street Triangle TIF District

Dear George:

I am writing in connection with the 2007 IGA concerning the Amendment to the Main Street Triangle TIF District. In Section 6 of the attached IGA, the Village agrees to make from the TIF Fund on an annual basis all such payments to District 135 and District 230 for the educational operational cost of the students enrolled in that district and residing within the TIF District in an amount equal to the per pupil cost of that district, as determined by the district's most recent Annual Financial Report after July 1 and before November 30 of each year.

Orland School District 135 has 18 students in multiple schools residing in the TIF District at 9750 Crescent Park Circle, Orland Park, IL 60462, in various units, as identified on page 2 of this document. The per-student cost, as identified in the district's most recent Financial Report (attached), is \$12,762.32. The total amount expected for educational operational costs of the students enrolled in Orland School District 135 residing within the TIF District is \$229,721.76. We appreciate your attention to the Village's obligations under the IGA and look forward to receipt of this payment in support of Orland School District 135 students.

Sincerely,
