PLANNING DISCUSSION

The petitioner seeks approval of a zoning map amendment from R-2A Residential Zoning District to OS Open Space Zoning District for the parcel located at 16631 Robinhood Drive. The OS Open Space Zoning will align with the majority of the parks within the Village. The zoning map amendment will allow the Village to make future improvements to this property that follow the OS regulations instead of residential regulations.

The Village of Orland Park places a high value on open spaces, parks, and recreational opportunities, recognizing them as essential contributors to the well-being of our community. The Comprehensive Plan identifies the Fernway Planning District uniquely by residents having easy access to local parks. The rezoning of the parcel located at 16631 Robinhood Drive will continue to enhance the open and green character of the district.

The purpose of the Open Space District is to protect the Village's parks, natural areas, retention ponds, detention basins, civic and fraternal non-profit organizations, and open space corridor connections. It is also to ensure permanent access to outdoor recreation, and natural areas, and other recreational opportunities for residents in all neighborhoods and to enhance the value of nearby properties. The proposed zoning amendment will promote the health, safety, and general welfare of the public by ensuring the land is preserved with open space uses and not private development.

Permitted uses in the Open Space zoning district include public recreational facilities, natural areas and passive parks, agricultural uses, retention ponds and detention basins, ComEd towers and lines, cemeteries, and commuter rail stations. Prohibited uses would include any public facilities unrelated to the operation or protection of parks, natural areas, civic and fraternal non-profit organizations for the benefit of the public, and retention and detention facilities. Also,

prohibited is any private development of structures or facilities, with the exception of ComEd and cemeteries.

Overall, the proposed rezoning conforms to the Village's Land Development Code and policies for this area.
