

Jamie Makuch

We moved to Orland Park two years ago and I made it my own personal goal to become active and involved in the community in order to meet people and be truly passionate about the community I live in. I am always one of the first to jump in and volunteer. I have career expertise in marketing, sales, event planning, and public relations. I have great ideas and an endless amount of energy.

My kids are active in various sports and activities in the community. I serve as a volunteer on the Oak Lawn Children's Museum Board. I also am a Girl Scout leader for my daughter's troop.
