Staff Report to the Board of Trustees

9999 W 143rd St Shutay Realty Executives Re-Roof

Prepared: 10/7/2024

TITLE & SUMMARY

Project: 2024-0720 – Shutay Realty Executives Re-Roof

Petitioner: Robert Shutay

Purpose: The petitioner is seeking approval of a Certificate of Appropriateness for minor work on a landmark and contributing structure.

Location: 9999 W. 143rd St, Orland Park, IL

P.I.N.: 27-09-200-001; -002; & -003

PROJECT DESCRIPTION & CONTEXT

According to the 2008 Residential Area Intensive Survey by McGuire Igleski and Associates, 9999 W. 143rd Street is classified as a contributing structure to the Historic District. There are two main buildings on the property, the former Christ Evangelical Lutheran Church and a single-family home. The former church was built in 1898, and the last congregation was the Presbyterian Church which purchased the building in 1975. The single-family home was built in 1903 and served as the rectory for the church. Both buildings are currently used as office space for Realty Executives. The integrity of the former church building is listed as medium and the condition good. The integrity of the single-family home is listed as high and the condition excellent. Both buildings are designated as landmarks.

Comprehensive Plan

Downtown Orland Park is centered around the LaGrange Road and 143rd Street intersection and served by the 143rd Street Metra station. The Downtown is separated into four Character Districts, each with a distinct identity, but all integrated via a well-connected transportation network. This area is envisioned to become the heart of Orland Park, with a unique sense of place and an emphasis on walkability and pedestrian scale. Civic buildings and open spaces will continue to be the focal points in the district.

COMPREHENSIVE PLAN

DETAILED PLANNING DISCUSSION

Old Orland Historic District

Per Section 6-209.G.1, the review and approval process for Contributing Structures and Landmarks for minor work require Plan Commission and Board approval. Minor work is defined as changes that do not have a substantial impact on the exterior appearance of the structure or site, including alteration, addition, or removal of exterior architectural elements such as doors, windows, fences, skylights, siding, exterior stairs, roofs, tuck-pointing etc.

The proposed work is to perform a tear off and reroof of both the church, single-family home, and detached garage. The existing asphalt shingles are a dark gray color, and the proposed shingles will be CertainTeed Landmark shingles in the color Georgetown Gray. They will also be replacing the gutters on all three structures, which will remain white. All like materials will be used and the appearance of the building will not be substantially changed.

Overall, the proposed minor work conforms to the Village’s Land Development Code and policies for this area.

PLAN COMMISSION DISCUSSION

Present at the Plan Commission were 5 commissioners in person and members of staff. Discussion included project details and scope of work. Overall, the commissioners expressed support for the project. The Plan Commission recommended approval of the project unanimously per the Staff Recommended Action.

PLAN COMMISSION RECOMMENDED ACTION

Regarding Case Number 2024-0720, also known as Shutay Realty Executives Re-Roof, Staff recommends to accept and make findings of fact as discussed at this Plan Commission meeting and within the Staff Report dated September 23, 2024;

And

Staff recommends that the Plan Commission approve a Certificate of Appropriateness.

BOARD OF TRUSTTEES RECOMMENDED ACTION

Regarding Case Number 2024-0720, also known as Shutay Realty Executives Re-Roof, I move to approve the Plan Commission Recommended Action for this case.
