Plainfield, IL 60544

Frank Stec  
Director of Parks and Building Maintenance  
Village of Orland Park

Frank,

As you know, there is no IPRA bid this year for bleach or hydrochloric acid. As a result, Univar is able to offer lower pricing to our local park district customers, on both the bleach and the hydrochloric acid. Your pricing for the upcoming season is as follows:

12.5% sodium hypochlorite: \$2.00/gallon, dlvd.

31% hydrochloric acid: \$.29/lb., dlvd.

We are looking forward to supplying Orland Park for the 14<sup>th</sup> consecutive year. If there is anything else I can do for you, please let me know.

Best Regards,

Mark Richardson  
Territory Manager  
Univar
