Compensation

Value means more than simply checking boxes and meeting your requirements. Value means services that lead to meaningful insights, help improve efficiencies and direct more dollars and resources to achieving the Village's objectives.

Sharing our transparent fee quote

The Village's scope of work as outlined in the RFP is ambitious, designed to bring about transformative change. Our proposal strives to fulfill all of the objectives described by the Village. We have prepared a **not-to-exceed service fee**, based on the needs and objectives you have shared and our experience conducting similar projects with public sector clients. It includes the services from Polco outlined in the proposal. Please refer to the table below for a breakdown of organizational assessment project phases and estimated associated costs.

A detailed budget of the optional activities can be provided upon request. We can also provide a list of the costs associated with Polco's work. We would be happy to work with the Village to prioritize and amend the activities in our proposal to meet any budgetary requirements the Village may have.

COMPENSATION

*Note – the total fee associated with the Polco employee and community surveys is included and split between the Phase 2 lines for each organizational assessment project. Should the Village decide these services are not required, our approach and fees may be adjusted to suit the Village's needs. The table below details the project phases and estimated associated costs for the compensation study, based on the assumption of 250 total job titles.

COMPENSATION STUDY	
SERVICES FOR THE VILLAGE	FEES
Phase 1 Project initiation. Planning meetings with the Village's project team, data requests as well as 1-on-1 meetings with department head, and virtual presentation to village staff to inform about the project.	\$6,900
Phase 2 Position review. Using existing job descriptions to conduct preliminary job evaluations of all positions, and review and finalize job evaluation designations with the Village's project team.	\$15,500
Phase 3 Market assessment. Custom market survey distributed to approximately 12 public peer organizations requesting base pay information on approximately 125 positions (50%). Published data from the Pay Factors, Comp Analyst, and Economic Research Institute will also be included as private sector benchmarks.	\$26,900
Phase 4 Pay plan development. Development of new pay plan(s) or adjustment to the existing pay plan, as needed, and position grade assignments with consideration of internal and external information verified through regression analysis. Review of grade assignments with the Village's project team and leadership group. Implementation costing analysis across three scenarios.	\$19,700
Phase 5 Project completion. Executive summary report and in person presentation of results to elected officials, senior leadership, employees or designated staff. Delivery of all project documentation and training with HR staff to maintain the new system.	\$6,300
Project Management	\$5,600
SUBTOTAL FOR BASE CLASSIFICATION AND COMPENSATION STUDY	\$80,900
OPTIONAL FLSA review of 250 positions.	\$2,300
OPTIONAL Job descriptions at \$250 per description. These can be completed for some or all positions, as needed. Not to exceed \$62,500 for 250 job descriptions.	\$62,500
OPTIONAL Benefits analysis. Report includes an aggregate analysis of pay plans, pay policies, paid time off, health insurance, retirement, and other pay and benefits program information from public peer organizations to compare against the Village's offerings.	\$7,700
OPTIONAL Compensation philosophy. Facilitation of a workshop with the Village's leadership to develop a formal pay philosophy statement as well as a communication plan for employees to learn how the new classification and compensation plan ties into the philosophy, to include manager training so that communication can continue beyond the study.	\$4,900
OPTIONAL Pay policy review and recommendations.	\$4,500
OPTIONAL Employee pay equity. Testing gender, race, and age to determine disparity in pay, if any.	\$11,000
TOTAL FOR ALL CLASSIFICATION AND COMPENSATION SERVICES	\$173,800

For the user fee study, our research indicates that the Village has user fees in building permits and inspections, zoning fees, contractor and business licenses, recreation fees, police fees and administrative fees. If the Village wants to focus on fewer areas, we would adjust our fees downward accordingly.

Delivering services above the standard — at standard hourly rates

When you need us, we step in to help, even outside the scope of our engagement. If the service you need is out of scope, we'll let you know and get your approval. Whenever possible, we'll give you an estimate in advance, outlining the time and expense we believe we'll need to achieve your objectives.

Senior Manager	\$275

DELIVERING BEYOND THE STANDARD

When the Village needs additional services, we're flexible and accessible, standing ready to serve your needs beyond the scope of our engagement.

ADDITIONAL WORK MIGHT INCLUDE BUT IS NOT LIMITED TO:

- Additional peer organizations
- Additional benchmark positions
- Additional pay structures
- Additional job audits
- Additional on-site meetings
- Additional reports

- Additional implementation scenarios
- Additional job descriptions
- Work related to a special request
- Additional benchmark positions

Preparing a best and final offer

We understand that budget considerations are crucial. While our pricing reflects the estimated hours and effort, we're flexible. In our experience, the largest variations in pricing among comparable consulting firms often stem from differences in how the scope is interpreted. We welcome the opportunity to have an open conversation about how our approach and deliverables compare to others—and are happy to adjust the scope, if needed, to better align with your priorities or budget.

Negotiating mutually acceptable terms and conditions

Our proposal is conditioned upon being afforded the opportunity to propose additional terms and negotiate mutually agreeable revisions to the Village's Sample Agreement prior to executing a final contract.
