2014-0371 Implementation of Narcan (Naloxone) Program in Police Department

Police Chief Timothy McCarthy reported that the entire country has experienced a dramatic increase in the use of heroin and the resulting overdoses and deaths. According to the White House Office of National Drug Control Policy, heroin use has jumped 80%, and almost 3,000 people died of a heroin overdose in 2010.

On 2/11/14, an article in Reuters quoted the Obama administration urging more local police and fire departments to equip their officers with a medication used to revive people who have overdosed on heroin, citing a troubling increase in deaths from the drug. On 4/16/14, the United States Attorney General, in remarks prepared for the Police Executive Research Forum, called on first responders to train and equip their men and women on the front lines to use the overdose-reversal drug known as Naloxone.

We are requesting that our police officers be trained and equipped with Narcan (Naloxone), which is a prescription medication that reverses opiate based drug overdoses. It cannot be used to get high and is not addictive.

An FAQ from the DuPage County Narcan program is attached to the Committee Packet, which answers most questions in regard to the program.

The use of NARCAN by our officers will complement our current program of education, prevention, enforcement and can save lives. The training and implementation of the program will be done under the auspice of the Chicago Recovery Alliance which was recommended to us by the Department of Alcoholism and Substance Abuse, a Division of the Department of Human Services and the Cook County Department of Public Health.

Chairman Calandriello stated he believed it was a program that is well worth the money.

Trustee Fenton stated she agreed and that it was important to do anything that can be done to save a life.

Trustee Gira asked if the Narcan would be in each squad car.

Chief McCarthy stated that it would be in the AED bag which is picked up at the beginning of each shift.

Trustee Gira asked if a second dose would be needed if there were too many drugs present in the individuals system.

Chief McCarthy responded yes.

I move to recommend to the Village Board authorizing the Police Department to

implement a Narcan program;

And

Recommend a budget adjustment in an amount not to exceed \$4,000.

A motion was made by Trustee Fenton, seconded by Trustee Gira, that this matter be RECOMMENDED FOR APPROVAL to the Board of Trustees. The motion carried by the following vote:

Aye: 3 - Chairman Calandriello, Trustee Gira, and Trustee Fenton
