1.3 Keys to Success

The keys to success in this business are:

Product quality: Food, coffee-based beverages, and baked goods are our products. They must be of the highest quality and value.

Service: Our patrons are paying to have a good experience. Their experience will suffer if service is not of the highest caliber. Each member of the staff will be courteous, efficient, and attentive.

Marketing: We will need to target our audience early and often. While the business is located in a central and accessible location, many people will have to be introduced to the new alternative at the 143rd street Metra Station.

Management: We will need to have a firm grasp on food, beverage, and labor costs. The dining/coffeehouse experience must be delivered in a fashion that will not only inspire repeat business, but encourage word-of-mouth recommendations to others. Proper inventory, employee management, and quality control is key.

2. Company Summary

The IS-TAS-YON is a coffeehouse facility located immediately adjacent to the 143rd street Metra Station. The IS-TAS-YON derives its name from the French meaning "Station"

2.1 Company Ownership

The IS-TAS-YON is a privately held corporation wholly owned by Eylem Ozkaya (100%).

2.2 Start-up Summary

Total Planned Investment	Less than \$20,000
Total Capital	\$20,000
Total Funding	\$20,000

3. Products

#3.0 Products

The IS-TAS-YON is a cafe/coffeehouse venue that sells moderately-priced food to the 143rd street Metra travelers. The venue features brewed coffee, Specialty coffees, and espresso-based beverages, and other beverages typically associated with a coffee shop. IS-TAS-YON will serve a range of freshly prepared baked goods associated with breakfast, as well as desserts and pastries. Light sandwiches and salads will also be available.

3.1 Technology

The IS-TAS-YON Name/logo is protected by federal trademark laws. All of our menu creations will not necessarily have the same protections, however, when possible, popular "trade-names" will be protected. The business of The IS-TAS-YON is not dependent upon process technology or patentable inventions.

4. Market

4.0 Target Market Segment Strategy

The IS-TAS-YON will appeal to urban professionals residing in the targeted in-town neighborhoods, the many downtown hotel visitors/conventioners, and workers who desire a sophisticated yet casual eating and coffeehouse experience. The business will also meet an under-served need for a pedestrian-friendly dining/coffeehouse establishment for the numerous residents in the area.

#4.01 Market Needs

Our customer's needs are critical to the success of The IS-TAS-YON Cafe. As a supplier of a quick-service experience, The IS-TAS-YON must appeal to people who are interested in integrating our type of menu regularly into their dining/cafe purchase experiences. Moreover, we must also appeal to those customers who regularly take advantage of other coffeehouse's. Our customers are well educated and interested in partaking of new experiences. Keeping the menu "fresh" will remain a constant challenge to the business. Segments of the target market tend to visit coffee shops frequently. They tend to choose convenient, affordable venues, and repeat appearances at places that offer familiar scenery with new twists. The market opportunity for a coffee shop establishment has never been better in this area of Orland Park.

5. Strategy

#5.0 Strategy and Implementation Summary

The IS-TAS-YON strategy is based upon targeting and serving:

- The atypical Orland Park in town resident. This urban professional works long hours and has relatively little time to cook at home. She/he has an active social life and spends a substantial amount of disposable income maintaining it.

#5.1 Value Proposition

We think our value proposition is quite clear and quite easily distinguished from most others in the market. We offer affordable and accessible menu items as measured by their inherently natural value, at an affordable price that will encourage regular visits.

#5.2 Sales Forecast

Our sales forecast assumes no change in cost of prices, which is a reasonable assumption for the last few years.

We are expecting to increase sales from \$37,800 at the end of 2007, to \$43,092 by the end of 2008. The growth forecast is in line with the restaurants in the area and is tied to the projected increase in population of the immediate area.

The sales figures for the coffee shop presume an average tab of \$2.50. The business will be open an average of 26 days per month. The projections show increases 14%.

5.3 Marketing Strategy

The most important element of our marketing strategy is the delivery of a quality product. Our food and beverage products must first sell themselves through word of mouth. Next, the packaging of The IS-TAS-YON concept and external messages have to fit our positioning. We offer an upscale feel without a required "pinch" in your wallet.

#

5.4 Pricing Strategy

Our food and drinks are priced to give us an attractive margin while at the same time offering value to the consumer. We want repeat business. We also want the experience to remain fresh. Therein lies why the food & beverages will be relatively flexible.

6. Management Summary

#6.0 Management Summary

The Watertower is owned by a corporation operated by Eylem Ozkaya. Crucial employees include an additional manager who will assist in maintaining and reviewing operations of the location and 2-4 Barristas.

Part-time personnel will be hired to handle preparation, serving, and cleaning functions.

#6.2 Personnel Plan

The personnel plan calls for hiring 2-4 Part time employees at start-up. Barristas will have to be hired to manage approximately 75 hours of operation per week.

#6.3 Management Team

Eylem Ozkaya - Owner and General Manager: Ms. Ozkaya has owned/operated similar cafes in Milwaukee, Wisconsin and Chicago, Illinois. 7. Financial

7.1 Important Assumptions

The financial plan depends on important assumptions of which are shown below. The key underlying assumptions are:

- We assume a slow-growth economy, without major recession.
- We assume of course that there are no unforeseen changes in technology to make equipment immediately obsolete.
- We assume access to equity capital and financing sufficient to maintain our financial plan as shown in the tables.

- We assume access to equity capital and financing sufficient to maintain our financial plan as shown in the tables.

#7.2 Key Financial Indicators

The most important indicators in our case are daily guest "counts" and weekly sales numbers. We must also make sure that we are turning our inventory rapidly so as to avoid food spoilage. We must target net profit/sales figures toward the 14% level with gross margins never dipping below 38%.

#7.3 Break-even Analysis

The Break-even Analysis shows that The Water tower has a good balance of fixed costs and sufficient sales strength to remain healthy. Our break-even point is \$20,000. On sales averaging \$2.50 per patron this break-even position is achieved within the first three months of operation.

Profit Monthly

#7.4 Projected Cash

We expect to manage cash flow over the next three years with minimal new investment required over the first three years. It is our expectation that revenue beyond projected sales will be invested in retiring long-term debt early.

EQUAL EMPLOYMENT OPPORTUNITY

Section I. This EQUAL EMPLOYMENT OPPORTUNITY CLAUSE is required by the Illinois Human Rights Act and the Rules and Regulations of the Illinois Department of Human Rights published at 44 Illinois Administrative Code Section 750, et seq.

Section II. In the event of the Contractor's noncompliance with any provision of this Equal Employment Opportunity Clause, the Illinois Human Right Act, or the Rules and Regulations for Public Contracts of the Department of Human Rights (hereinafter referred to as the Department) the Contractor may be declared non-responsible and therefore ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and this agreement may be canceled or avoided in whole or in part, and such other sanctions or penalties may be imposed or remedies involved as provided by statute or regulation.

During the performance of this Agreement, the Contractor agrees:

A. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, national origin or ancestry; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.

B. That, if it hires additional employees in order to perform this Agreement, or any portion hereof, it will determine the availability (in accordance with the Department's Rules and Regulations for Public Contracts) of minorities and women in the area(s) from which it may reasonably recruit and it will hire for each job classification for which employees are hired in such a way that minorities and women are not underutilized.

C. That, in all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, marital status, national origin or ancestry, age, or physical or mental handicap unrelated to ability, or an unfavorable discharge from military service.

D. That it will send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the Vendor's obligations under the Illinois Human Rights Act and Department's Rules and Regulations for Public Contract.

E. That it will submit reports as required by the Department's Rules and Regulations for Public Contracts, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all

respects comply with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts.

F. That it will permit access to all relevant books, records, accounts and work sites by personnel of the contracting agency and Department for purposes of investigation to ascertain compliance with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts.

G. That it will include verbatim or by reference the provisions of this Equal Employment Opportunity Clause in every subcontract it awards under which any portion of this Agreement obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as the other provisions of this Agreement, the Vendor will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the Vendor will not utilize any subcontractor declared by the Illinois Human Rights Department to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations.

Section III. For the purposes of subsection G of Section II, "subcontract" means any agreement, arrangement or understanding, written or otherwise, between the Vendor and any person under which any portion of the Vendor's obligations under one or more public contracts is performed, undertaken or assumed; the term "subcontract", however, shall not include any agreement, arrangement or understanding in which the parties stand in the relationship of an employer and an employee, or between a Vendor or other organization and its customers.
