ITEMS FOR SEPARATE ACTION**2013-0295 Disposal of Certain Seized Vehicles at Public Auction - Recommended Ordinance**

Police Chief Timothy McCarthy reported that the Police Department requests that the Village declare (1) one forfeited vehicle described herein as excess property, be disposed of at public auction. The vehicle was seized by the department and forfeited to the Village by the Circuit Court of Cook County from a driver who was driving their vehicle while their license was suspended for DUI.

The vehicle is described herein as follows:
2003 PT Cruiser 3C4FY48B33T529742

I move to recommend to the Village Board to approve an ordinance entitled:
ORDINANCE AUTHORIZING DISPOSAL BY PUBLIC AUCTION OF PERSONAL PROPERTY (VEHICLES) OWNED BY THE VILLAGE OF ORLAND PARK, ILLINOIS

A motion was made by Trustee Fenton, seconded by Trustee Schussler, that this matter be RECOMMENDED FOR PASSAGE to the Board of Trustees. The motion carried by the following vote:

Aye: 3 - Chairman Griffin Ruzich, Trustee Fenton, and Trustee Schussler

2013-0317 LexisNexis eCrash (Electronic Police Record Portal Services) - Approval

Chief McCarthy reported that on April 4, 2011 the Village Board approved a request from the Police Department to enter into an agreement with Carfax Municipal Assistance Program for the deployment of their program known as DOCVIEW Traffic Accident Reporting Solution. This program provides an internet based portal for access to traffic crash reports completed by police officers. Once officers complete the report; Records Clerks upload a digital copy of the report to the DOCVIEW portal where it can be accessed by requestors.

Most of the requests are from motorists' insurance companies that are processing a claim.

Police Officers complete traffic crash reports and transmit them to the Illinois Department of Transportation on an IDOT Computer Program known as "MCR." IDOT has put all Illinois police agencies on notice that they will discontinue support of MCR, due to budget constraints, at the end of 2013. Staff is reviewing options and various other software programs to replace MCR so officers may continue to efficiently process traffic crash reports as currently being done.

After a review, staff has selected the LexisNexis eCrash Program and is prepared to recommend acceptance of the LAW ENFORCEMENT AGENCY INFORMATION AGREEMENT in the request. The LexisNexis program is actually superior to the programs in current use as this solution will provide the software to complete the report and a new portal where requestors can access the reports. The LexiNexis portal solution is superior because crash reports are uploaded to the portal automatically without the necessity of a Records Clerk interaction.

The NexisLexis LAW ENFORCEMENT AGENCY INFORMATION AGREEMENT was reviewed by Klein, Thorpe and Jenkins and modified in accordance with those recommendations.

There remains no cost to the Village of Orland Park as LexisNexis generates a revenue source through convenience fees paid by requestors. The cost for the report remains five dollars (\$5.00) which goes to the Village. When the LexiNexis convenience fee is added the total cost for each report will remain at eleven dollars (\$11.00).

I move to recommend to the Village Board to approve the Police Departments request to engage the LexisNexis eCrash Program,

and

To recommend discontinuing the use of the current solution known as DOCVIEW Traffic Crash Reporting Solution.

A motion was made by Trustee Schussler, seconded by Trustee Fenton, that this matter be RECOMMENDED FOR APPROVAL to the Board of Trustees. The motion carried by the following vote:

Aye: 3 - Chairman Griffin Ruzich, Trustee Fenton, and Trustee Schussler

Nay: 0
