Snow Services - Contract Extensions

History

In order to provide a higher level of snow clearing services for Orland Park residents, staff from Public Works and Recreation & Parks focus on clearing primary and secondary roadways, by forming two (2) fully staffed teams working together. Contractor support is responsible for maintaining the parking lots, sidewalks, and bike paths at a zero snow fall tolerance, meaning the contractor will have staff available

from the start of a snow event until the snow event has ended and all facilities are completely cleared and salted.

Contractors are also used in cul-de-sacs when snow fall is greater than two (2) inches, but may be used for lesser snowfalls based on operational need. Contractor support has been consistently used the past fourteen to seventeen (14-17) years, which allows Village crews to focus on the primary and secondary routes in heavier snow events.

RFP 21-031 for the Snow & Ice Removal Services contract was published in the summer of 2021, and awarded on October 18, 2021.

Beverly Snow & Ice, Inc. provides the necessary manpower, equipment, and salting capabilities to successfully handle the parking lots, sidewalks, and bike paths, and has done so since the start of their contract in 2021.

McGill Construction Co., Inc. provides snow clearing services in cul-de-sacs, which they have done for the Village for more than ten (10) years. Construction Concepts of Illinois also provides snow clearing services in cul-de-sacs, and has done a satisfactory job since the start of their contract in 2021.

Two (2) smaller outfits who have been plowing for the Village for many years, Autumn Blaze Tree & Turf of Oak Forest, IL, and Outside View Brick Paving of Homer Glen, IL, were also signed to contracts in the Fall of 2021, due to their satisfactory and reliable past performance.

When all five (5) contracts were executed in 2021, contract language stated the length of the contract was three (3) years, with the option to renew for two (2) additional years. Staff has been happy with the services provided, and is requesting to exercise those option years.

Financial Impact

Upon approval of 2024 budget, funds for this project are allocated in the 1008020-442200 - Snow Removal.

Recommended Action/Motion

I move to approve extending the contracts with Beverly Snow & Ice, Inc. of Markham, IL; McGill Construction Co., Inc. of Frankfort, IL; Construction Concepts of Tinley Park, IL; Autumn Blaze Tree & Turf of Oak Forest, IL; and Outside View Brick Paving of Homer Glen, IL; for Snow & Ice Removal Services for an additional two (2) years, through the 2025-2026 snow seasons, at an amount not to exceed the Board approved budgeted amounts;

AND

Authorize the Village Manager to execute all related contracts, subject to Village Attorney review.
