RE: Village of Orland Park

We are pleased to submit the following proposal for equipment in accordance with the Neptune -Benson "Conditions of Sale".

QTY	ITEM NO	
ORD	DESCRIPTION	
		TOTAL QUOTE \$10,170.02 USD

1. Proposal contents and quantities are exactly as shown herein. Any additions and/or deletions will be subject to associated charges and/or credits.
2. Quoted prices shall remain firm for 30 days (unless otherwise noted) from the date of the proposal.
3. Due to the current fluctuations in the carbon steel, stainless steel, PVC and resins markets, quoted prices are subject to change without notice
4. The final order will be based on a critical date schedule pertaining to submittal approval, deposit receipt (if required) and release for fabrication. Failure to meet these critical dates may result in a price increase due to current material markets volatility.
5. This is a special fabrication.
6. Electrical service shall be provided by others. Consult factory for specific requirements.
7. System operator training sessions available on a per diem basis.
8. F.O.B. shipping point. Freight included in price (unless noted),
9. Unless otherwise specified, installation and operational instructions will be furnished at time of shipment of goods.
10. Deposit required, credit on approval.
11. Unloading and safe storage of all equipment by others.
12. Neptune-Benson will not be held responsible for any product failure resulting from an improper installation. Failure to act in accordance with the factory installation instructions will void any and all warranties.
