RE: Master Power Supply Agreement

To Whom It May Concern:

This letter is intended to serve as notice pursuant to the Master Power Supply Agreement (the "Agreement") entered into on February 20, 2018, between Nordic Energy Services, LLC ("Nordic"), and the Village of Orland Park. This notice is to inform the Village of Orland Park that a Regulatory Event has occurred, as required under Section 7.2(c) of the Agreement. On March 9, 2018, PJM, the regional transmission organization that coordinates the movement of wholesale electricity for Illinois and 12 other states, published the results of their Third Incremental Auction for the 2018-2019 Energy Year. The Zonal Net Load Price had a minor increase, but as part of the auction results, they increased the Final Zonal RPM Scaling Factor for the ComEd zone from 1.1247 to 1.1743 which resulted in a material and adverse impact on Nordic's ability to perform under the Agreement, as described in Section 7.2(c).

Nordic hereby requests that the Village of Orland Park enter into good faith negotiations to amend or replace the Agreement within thirty (30) days, as prescribed under Section 7.2(d).

Sincerely,

Jim Deering
President & CEO
