2016-0281 Payroll - Approval

The lists of Payroll having been submitted to the Board of Trustees for approval and the lists having been determined by the Board of Trustees to be in order and having been approved by the various Department Heads,

I move to approve the Bi-Weekly Payroll for April 8, 2016 in the amount of \$994,783.31.

This matter was APPROVED on the Consent Agenda.

2016-0282 Accounts Payable - Approval

The lists of Accounts Payable having been submitted to the Board of Trustees for approval and the lists having been determined by the Board of Trustees to be in order and having been approved by the various Department Heads,

I move to approve the Accounts Payable from April 5, 2016 through April 18, 2016 in the amount of \$1,923,714.96.

This matter was APPROVED on the Consent Agenda.

2016-0246 Kristo Lane-Cascade Glenn Storm Water Improvement Easements - Ordinance

As part of the Kristo Lane Storm Water Improvement Project, numerous easements are needed for the installation of the proposed piping to address backyard drainage issues. Two temporary easements have been finalized with the property owner listed below. Acquisition of the easements requires an ordinance to be enacted and is detailed in the attached documents. The total costs for the easement are \$ 2,240.00.

- a. 8101 Kristo Lane (Reitz) \$ 1,220.00
- b. 8121 Kristo Lane (Heemstra) \$ 1,220.00

I move to pass Ordinance Number 5079, entitled: ORDINANCE AUTHORIZING

ACCEPTANCE AND EXECUTION OF TEMPORARY CONSTRUCTION EASEMENTS AND PAYMENT OF COMPENSATION THEREFOR (KRISTO LANE - CASCADE GLENN SUBDIVISION STORMWATER PROJECT).

This matter was PASSED on the Consent Agenda.

2016-0247 Maycliff Subdivision Storm Water Improvement Easements - Ordinance

As part of the Maycliff Subdivision Storm Water Improvement Project, numerous easements are needed for the installation of the proposed piping to address backyard drainage issues. Two temporary easements and permanent easements have been finalized with the property owner listed below. Acquisition of the easements requires an ordinance to be enacted and is detailed in the attached documents. The total cost for the easements are \$ 12,780.00.

a. 14451 Maycliff Drive (Dilling) \$1,920.00 - Temporary Easement Compensation

\$6,600.00 - Permanent Easement Compensation

b. 14453 S. 88th Avenue (Tenison) \$ 960.00 - Temporary Easement Compensation

\$3,300.00 - Permanent Easement Compensation

I move to pass Ordinance Number 5080, entitled: ORDINANCE AUTHORIZING ACCEPTANCE AND EXECUTION OF TEMPORARY CONSTRUCTION AND PUBLIC UTILITY AND DRAINAGE EASEMENTS AND PAYMENT OF COMPENSATION THEREFOR (MAYCLIFF STAGE 1 STORMWATER PROJECT)

This matter was PASSED on the Consent Agenda.

2016-0248 Annual Purchase of Bulk Ready-Mix Concrete - Proposals

As part of the Public Works restoration/repair program, bulk ready-mix concrete material was purchased from suppliers in our general area. Several factors impact the decision on selecting a concrete vendor. These same factors make the bidding process ineffective. Critical factors include the vendor's proximity of their plant to the Village; the vendor's ability to work around our pour schedules; surcharges (wait times, deliveries to more than a single site, fuel, etc.) and increased costs for ordering less than a full truck (short load). Our past experience with various vendors provides some unique insight on selecting a reliable vendor.

Over the last several years we have worked primarily with two nearby concrete vendors: Ozinga Ready Mix Concrete, Inc. of Mokena, IL and Wille Brothers Company of Oak Forest, IL. For the 2016 construction season, Ozinga has submitted a price of \$112.00 per cubic yard (4000 psi concrete) and Willie Brothers' price is \$119.00 per cubic yard (4000 psi concrete). Ozinga has committed to meeting our needs for the 2016 construction season within the

timeframe that we require. As such, it is staff's recommendation to accept the proposal from Ozinga Ready Mix Concrete, Inc.

Our annual budget for bulk concrete materials is spread over three accounts depending on restoration purpose and totals \$30,000.

I move to approve waiving the bid process;

And

Approve accepting the proposal from Ozinga Ready Mix Concrete, Inc. of Mokena, IL for bulk Ready-Mix Concrete for FY2016 for a cost not to exceed the total amount in the Board approved budget.

This matter was APPROVED on the Consent Agenda.

2016-0249 2016-2017 Road Salt Joint Purchasing Requisition - Renewal

For a number of years, the Village of Orland Park has participated in the State Joint Purchasing Program of the Illinois Department of Central Management Services (CMS) in an effort to secure the best price for road salt. At this time of the year, the State of Illinois requires us to renew our option to participate in this program for next winter's road salt (2016-2017) allocation. In doing so, we must complete and submit the Illinois Joint Purchasing Requisition indicating both the tonnage and amount anticipated to be budgeted for our 2016-2017 road salt requirements. CMS competitively bid our salt request last year, with this year being an optional one time renewal. Being the second year of the contract, our vendor, Morton salt can only raise our price a maximum of 10%.

The salt allocation request for the previous 2015-2016 season was 4,500 tons. The Village of Orland Park's salt price is currently \$59.71 per ton. This salt purchase price expires in August of 2016, with the new price becoming effective at the end of August 2016. The Village's salt barn is currently near capacity and well stocked to handle the beginning of the 2016-2017 snow season; therefore, it is staff's recommendation to keep this year's allocation request at 4,500 tons. Per the CMS agreement, the Village is required to purchase a minimum of 80% of this request (3,600 tons). The Village also has the ability to purchase up to 120% of this request (5,400 tons). Upon receipt of the updated pricing, we will return to Committee and Board for approval of the vendor and funding required for our 2016-2017 salt purchase.

Yearly, the Illinois Department of Central Management Services sends their Joint Purchasing Requisition close to the required deadline submission date necessitating last minute actions in order to meet this deadline. The renewal agreement is required to be executed by April 1, 2016. To ensure that the Village is able to participate in the CMS process, the agreement was signed by the Village Manager and placed on the April 4, 2016 Public Works Committee agenda.

I move to approve authorizing the Village Manager to renew and execute the Illinois Joint Purchasing Requisition with the Illinois Department of Central Management Services for road salt for the 2016-2017 winter season.

This matter was APPROVED on the Consent Agenda.

2016-0250 2016 Pavement Rejuvenator - GSB 88® Proposal

The Village continues to evaluate and implement technologies to extend and preserve the life of roadway surfaces. By monitoring previously treated pavement areas over time, the Village will be better equipped to identify the best rejuvenator brand/process to use on a particular roadway. Over the past two years, the Village has contracted and applied two different pavement rejuvenator systems to small areas of roadway: Reclamite® and Biorestor®. While the ongoing evaluation of these products will take place over the next several years, initial assessments have been positive. A third product GSB 88® warrants consideration to be evaluated. By continually evaluating techniques and products, the Village will employ a variety of methods with cost effective practices for pavement preservation.

GSB-88® is an emulsified pavement sealer and rejuvenator. Like Reclamite® and Biorestor®, it is an environmentally sound pavement preservation product with a 22-year history. The primary component of GSB 88® is gilsonite, a natural form of asphalt found in the Uinta Basin in Utah. Because gilsonite is not required to move through the oil refining process, it retains a unique chemistry capable of securely bonding to the existing pavement. It has been successfully used as a construction seal for new pavements to fend off the aging process that starts immediately after construction is completed.

Public Works has identified GSB 88® as a product to utilize in this year's program. The GSB 88® brand is sold and applied by American Road Maintenance Inc. from Itasca, Illinois. The cost of this product is \$0.84 per square yard or \$14,954.52 for the intended coverage area (17,803 sq. yds.) in Orland Woods and a section of the Preserves at Marley Creek.

I move to approve to waive the bid process,

And

Approve to accept the proposal for GSB-88® pavement rejuvenator application from American Road Maintenance, Inc. of Itasca, Illinois, in the amount of \$14,954.52.

This matter was APPROVED on the Consent Agenda.

2016-0251 Consulting Engineering Services for Wheeler Drive Bridge Reconstruction over Tinley Creek - Proposals

The Wheeler Drive bridge structure over Tinley Creek is a cast-in-place concrete, two-cell box culvert constructed in 1975. Over the past 40 years, the concrete roof under the roadway of the structure has deteriorated and lost up to 50% of the cross section. Fragmented concrete has exposed the main reinforcing bars under the roadway. Many are detached from the concrete slab for about one half of the span length. The loss of concrete and corrosion of main reinforcing steel under the traffic lanes continues to grow and has reduced the capacity of this structure. IDOT inspected the structure late in 2015 resulting in a 15-ton gross weight limit posting requirement. While safe for use, this new limit negatively impacts regular village operations, contracted services, and fire & rescue.

Removal and replacement of the entire top of the bridge including the attached sidewalks and headwalls is anticipated. Additionally, a section of the approach pavement on Wheeler Drive may require removal and reconstruction to accommodate a transition to a potentially thicker top slab.

In order to facilitate this work, staff prepared a formal request for proposals (RFP) for Phase I & II design engineering services. The RFP was sent to four engineering firms on February 19, 2016. Proposals were opened on March 15, 2016 from three engineering firms: Baxter & Woodman, Inc. of Mokena, IL; Bowman Consulting Group, Ltd. of Chicago, IL; and HR Green, Inc. of McHenry, IL. Strand Associates, Inc. of Joliet, IL opted not to submit a proposal. Following a review of the proposals, staff is recommending that a contract be awarded to HR Green, Inc. In addition to submitting the lowest proposed price, not to exceed \$38,500, HR Green has been the Village's "Bridge Manager" for several years. They have inspected this bridge on a regular basis and are very familiar with the condition and associated issues.

I move to approve to award Consulting Engineering Services for Wheeler Drive Bridge Reconstruction over Tinley Creek to HR Green, Inc. of McHenry, IL for a cost not to exceed \$38,500.

This matter was APPROVED on the Consent Agenda.

2016-0253 Annual Traffic Signal Maintenance Payments- Village Shared Jurisdiction with State/County Roadways

As part of the Village intergovernmental agreements with the State and County, the Village is responsible for shared costs of traffic signals maintenance on State and County roadways. The portion that we are responsible for is determined on the jurisdictional portion of the intersecting streets. For instance, on 151st St and Route 45 we pay 50% of the cost of maintenance because 151st St. east and west of Rte. 45 are owned by the Village. The County has the same formula for maintenance costs on shared jurisdiction roadways.

The contractor selected by both the State and County is Meade Electric of McCook, IL.

I move to approve the 2016 expenditures to the State of Illinois and Cook County for traffic signal maintenance on shared State and County roadways.

This matter was APPROVED on the Consent Agenda.

2016-0254 Replacement Equipment Front Mount Mower - Bid Award

The 2016 Fiscal Year Budget includes the purchase of one (1) replacement 72" front mount mower for the Parks Department.

Legal notice for the 72" Front Mount Mower was placed in the SouthtownStar newspaper on Wednesday March 09, 2016. Sealed bids were opened by the Village Clerk's office on Wednesday March 23, 2016 for the Mower (bid tab attached). Russo Power Equipment of Frankfort, Illinois was lowest responsive bidder that can deliver the mower 14 days after receipt of order in the amount of \$15,671.45 (\$1,388.55 under budget).

I move to approve the purchase of one (1) 2016 Kubota F260E from Russo Power Equipment of Frankfort, Illinois in an amount not to exceed \$15,671.45.

This matter was APPROVED on the Consent Agenda.

2016-0255 Development Services 2017 Compact (FWD) Escape S, 4-door, SUV - Purchase

In 2015, a Development Services vehicle was involved in an accident and determined to be a total loss. The Village received approximately \$12,000 as an insurance settlement. As part of the replacement review process to determine the most appropriate vehicle, the Vehicle and Equipment Division evaluated several vehicles that could fill the needs of the requesting department, including the Jeep Compass, Patriot, and Chevy Equinox. Of all the options, the Ford Escape S Compact SUV has the most cost effective price in its class.

In February, 2016 bids were solicited for a similar replacement vehicle. After evaluation it was determined the Suburban Purchasing Cooperative (SPC) offered the same vehicle at a savings of \$1,650.00. Currie Motors of Frankfort, Illinois is the Suburban Purchasing Cooperative Contract vendor (contract#129) for this vehicle. Currie Motors submitted a total vehicle cost of \$19,485 for a 2017 Ford Escape S, 4-door, front wheel drive (FWD) sport utility vehicle. Currie Motors can deliver in 10-14 weeks after receipt of order.

Total Cost of Ownership (TCO) analysis is based on a 5-year lease term. Under typical conditions, this vehicle would remain in the fleet for up to ten (10) years. A lease term of that length is not available and the purchase after a lease option is not cost effective.

Staff recommends that approval be given for the purchase of one (1) 2017 Ford Escape S FWD from Currie Motors of Frankfort, Illinois at a cost not to exceed \$19,485.

I move to approve the purchase of one (1) 2017 Compact (FWD) Escape S, 4-door, SUV from the Suburban Purchasing Cooperative vendor, Currie Motors of Frankfort, Illinois, in an amount not to exceed \$19,485.00.

This matter was APPROVED on the Consent Agenda.

2016-0256 Street Sweeper Repairs

In February, the Village's 2005 Elgin Crosswind Street Sweeper began exhibiting poor vacuuming performance. The replacement cost for a new sweeper is approximately \$240,000. The unit was sent to Standard Equipment Company of Chicago Illinois, who is the manufacturer's authorized service center for inspection and recommended repairs. Standard Equipment submitted an initial estimate of repair in the amount of \$5,655.00. Subsequent evaluation has determined additional work may be needed to restore the sweeper to full vacuuming capacity. As the unit is still being evaluated the total repair cost is not available, but is estimated to be approximately \$9,000.

I move to approve the Street Sweeper repairs by Standard Equipment Company of Chicago, Illinois in an amount not to exceed \$9,000.00.

This matter was APPROVED on the Consent Agenda.

2016-0257 Concrete Slab Raising Addition to Scope of Services - Approval

The Village takes a multifaceted approach to addressing hazardous sidewalks. In addition to grinding uneven joints and removing and replacing more severe hazards, the Village has incorporated a process called Concrete Slab Raising into our Road Improvement maintenance program. In 2013, the Village received proposals and awarded a three year contract for concrete slab raising to Quick Raising Concrete, Lockport, IL. Over the past two years, the contractor has satisfactorily adjusted thousands of square feet of sidewalk in various locations throughout the Village, thereby eliminating hundreds of tripping hazards and potential legal actions against the Village. The current FY16 capital budget includes \$20,000 for slab raising work on public sidewalks.

In addition to the planned work on public sidewalks during the 2016 season, Quick Raising Concrete has agreed to adjust sidewalks around several Village-owned buildings for the contract price of \$1.40 per square foot. Work is planned on the concrete walks around the Franklin Loebe Center, Recreation Administration Building, Cultural Arts Center, Robert Davidson Center (estimated \$2,700); George Brown Commons (estimated \$300); and the Sportsplex (estimated \$800) for an estimated total of \$3,800. Due to the variability of these types of repairs a total of \$4,500 is requested to cover additional unforeseen repairs.

I move to approve additional work for the 2016 Concrete Slab Raising Program

with Quick Raising Concrete, Lockport, IL in an amount not to exceed \$4,500.

This matter was APPROVED on the Consent Agenda.

2016-0258 Shotcrete Repairs Addition to Scope of Services - Approval

The Village takes a multifaceted approach to repairing concrete. In addition to grinding uneven joints and removing and replacing more irregular concrete, the Village has incorporated a process called Shotcrete into our Road Improvement maintenance program. In 2014, the Village solicited bids and awarded a three year contract for Shotcrete repairs to Ward & Associates, Inc. of Chicago Heights, IL.

For many years, the contractor has satisfactorily repaired thousands of feet of curb and sidewalk in various locations throughout the Village, thereby providing thousands of quality repairs while minimizing the associated restoration work. The current FY16 capital budget includes \$40,000 for Shotcrete work on public curbs and sidewalks.

In addition to the planned work on public curbs and sidewalks during the 2016 season, Ward & Associates has agreed to repair sidewalks in poor shape around several Village-owned buildings for the contract price of \$28.50 per linear foot. Work is planned on the concrete sidewalks around the Franklin Loebe Center, Recreation Administration Building, Cultural Arts Center, Robert Davidson Center (estimated \$ \$6,697.50); and the Sportsplex (estimated \$285.00) for an estimated total of \$6,982.50. Due to the variability of these types of repairs a total of \$8,000.00 is requested to cover additional unforeseen repairs.

I move to approve additional work for the 2016 Shotcrete Program with Ward & Associates, Inc. Chicago Heights, IL in an amount not to exceed \$8,000.00.

This matter was APPROVED on the Consent Agenda.

2016-0259 Orlan Brook Drive Culvert Replacement Additional Engineering Services

On July 20, 2015 the Village Board approved the proposal from Baxter & Woodman to perform Consulting Engineering Services for the Orlan Brook Drive Culvert Replacement Project. Funds in the amount of \$25,200 from the Water and Sewer Contingency Fund were approved to be allocated towards this project. During evaluation and design it was discovered that there will be insufficient separation between the existing water main and the new culvert. To provide for adequate separation and allow for ease of future maintenance, the existing water main requires adjustment (lowering), installation of a casing, and the installation of a new valve and valve vault.

The additional services are required to design this water main and ensure compliance with Illinois Environmental Protection Agency rules include plans, permitting and project management. The cost of the extra services associated

with this change in scope will exceed the previously approved total by \$6,900 for a new total not to exceed \$32,100. The Baxter & Woodman proposed amendment is attached for reference.

It is staff's recommendation that the contract for Consulting Engineering Services for the Orlan Brook Drive Culvert Replacement Project with Baxter and Woodman of Elwood, Illinois, be increased in the amount of \$6,900 to complete additional required services.

I move to approve amending the contract for Consulting Engineering Services for the Orlan Brook Drive Culvert Replacement Project with Baxter & Woodman, Inc. of Mokena, Illinois in the amount of \$6,900 for a new total not to exceed \$32,100.

This matter was APPROVED on the Consent Agenda.

2016-0260 Online Uniform Program

Through a collective bargaining agreement, the Public Works Department budgets annually for uniform purchases for employees represented by the American Federation of State, County and Municipal Employees (AFSCME). Previously, the uniform purchase program involved the engagement of multiple vendors that provided a variety of uniform options (i.e. pants, shirts and outerwear) for staff. Uniform orders would be delivered to the village then sent out to a third-party screen printing company and finally returned to the village to be distributed to staff.

The program process was onerous and highly decentralized, as it was managed separately by multiple division supervisors, making the program difficult to administer with consistency. Staff members frequently voiced concerns that the process was cumbersome and wait times on orders were excessive.

In an effort to implement a more centralized and efficient uniform purchase program, staff began exploring alternative options for administering the uniform program. One best practice option that proved successful in the fire service arena was the utilization of an online ordering format that placed the selection and ordering of uniform items in the hands of the individual employee. Employees are provided a set stipend and are allowed to purchase uniforms online using a digital voucher. The program is completely managed online, requiring little interaction from supervisory staff. Unique Apparel Solutions (UAS), Elk Grove Village, IL, provides online uniform ordering services for a myriad of fire departments in the region. Public Works was approached by UAS and a cost comparison was completed to verify competitive pricing. The decision was made to beta test the program in the fall of 2015. Public Works was UAS's first municipal (non-fire service) customer.

UAS partners with name-brand wholesale clothing manufactures (Carhartt, Dickies and Key) to provide employees with an assortment of preapproved

uniform items using a secured website. The website also allows the uniform program administrator to view orders, individual employee purchasing history, and overall employee ordering trends to accommodate continued program improvement. Rapid changes and corrections may also be made to orders that have been submitted, and turnaround (delivery) time is minimal.

Using the UAS online ordering system, Public Works staff was able to streamline the entire uniform purchase process from start to finish. Various uniform items for over 58 full-time and part-time employees are seamlessly purchased through this program.

Utilizing UAS, the entire uniform purchasing process is centralized and managed by an on-site designated administrator who can review each order, as well as provide detail analysis of the entire program.

Staff has continued the online uniform purchase program in 2016. Staff anticipates exceeding the \$5,000 dollar threshold with UAS and would like to continue to utilize this more efficient uniform purchase program. In FY16, Public Works budgeted \$20,000 for uniform purchases for five divisions (Utilities, Streets, Building Maintenance, Vehicles & Equipment, and Transportation).

During our evaluation, staff reviewed and compared UAS's pricing to the retail uniform shop previously used. Based on a staff member's normal uniform order of approximately 12 clothing items, the UAS online process costs an additional \$7.00 per staff order. The minimal extra cost is offset by the reduction in staff time to manage the previous program. Staff's comparison has been provided as an attached document. Based on our analysis, we believe that UAS provides an excellent benefit-to-cost return.

I move to approve Unique Apparel Solutions, Elk Grove Village, IL for the online uniform purchase program for Public Works in an amount not to exceed \$20,000.

This matter was APPROVED on the Consent Agenda.

2016-0290 Greystone Ridge - Landscape Plan

This is a request for approval of a landscape plan for the proposed Greystone Ridge, to be located at 11434 W. 139th Street. The Village Board approved the Site Plan on June 1, 2015 with the following conditions:

1. Petitioner shall submit a Final Landscape Plan, meeting all Village Codes, for separate review and approval, within 60 days of final engineering approval including the following items:
 - a. Submit a tree survey.
 - b. Preserve high quality existing trees where feasible, particularly along existing fence rows.
 - c. Provide tree mitigation, per Code requirements, preferably on site if a healthy

- spacing can be achieved, otherwise a contribution must be paid per Code into the Village tree mitigation bank.
- d. Install upgraded detention pond wetland plantings to help offset impact of wetland removal.
 - e. Include shown landscape buffer along 139th Street and 15' minimum landscape buffer along rear of lots abutting transmission towers to the north.
 - f. Include parkway trees along all sidewalks, including 139th Street, spaced 40' on center.
 - g. Include park plan and construction details as a part of the Final Landscape Plan. Per Code requirements, the petitioner submitted a landscape plan that has been reviewed and approved by the Village's Landscape Architect consulting firm.

I move to accept as findings of fact the findings of fact as set forth in this staff report dated April 13, 2016.

and

I move to approve the landscape plan titled, 'Greystone Ridge', prepared by Beary Landscaping, dated March 21, 2016, sheets L-1 through L-5.

This matter was APPROVED on the Consent Agenda.

2015-0066 Winterset Estates - Landscape Plan

This is a request for approval of a landscape plan for the proposed Winterset Estates, to be located at 10595 167th Street. The Village Board approved the Site Plan on May 4, 2015 with the following conditions:

1. Submit a Final Landscape Plan, meeting all Village Codes, for separate review and approval, within 60 days of final engineering approval including the following items:
 - a. At the time of Final Landscape Plan, developer shall work with residents of new and existing lots to locate mitigated trees to buffer rear lots of homes.
 - b. Provide tree mitigation, per Code requirements, preferably on site if a healthy spacing can be achieved, otherwise a contribution must be paid per Code into the tree mitigation bank. Tree mitigation requirements will be finalized at the time of Final Landscape Plan and after final engineering of lots.
 - c. Plant the pond in a natural style with a native edge.
 - d. Include parkway trees along all sidewalks, including 167th Street, spaced 40' on center.

Per Code requirements, the petitioner submitted a landscape plan that has been reviewed and approved by the Village's Landscape Architect consulting firm.

I move to accept as findings of fact the findings of fact as set forth in this staff report dated April 13, 2016.

and

I move to approve the landscape plan titled, 'Winterset Estates', prepared by Beary Landscaping, dated March 11, 2016, sheets L-1 through L-3.

This matter was APPROVED on the Consent Agenda.

2016-0230 Transfer of 2016 Volume Cap - Ordinance

The Village of Orland Park's 2016 Volume Cap allocation amounts to \$100.00 per capita for a total 2016 allocation of \$5,866,600. The "Volume Cap" is defined as a limit on the aggregate amount of tax exempt private activity bonds that can be issued by the State.

The Volume Cap is allocated annually. To date, the Village's 2016 Volume Cap has not been granted or transferred to another party. According to State Statute, the Village Board must pass an ordinance on an annual basis either reserving its volume cap or transferring the volume cap to another party and must notify the State in writing of any Volume Cap granted, transferred or reserved by official action of the Board no later than May 1 of each calendar year.

The Village was recently contacted by Stern Brothers & Co. to request the Village's continued participation in the Illinois Assist Program. Assist is a pooled bond program that utilizes municipal volume cap allocations, adopted by more than 80 communities throughout the State. Municipalities are able to access these funds through the Assist First-Time Homebuyer Down Payment Assistance Program. Currently, there is approximately \$80 million of mortgage funding available for this program; this amount will increase as more municipalities join the program.

The Assist First-Time Homebuyer Down Payment Assistance Program offers first-time home buyers a 30-year, fixed rate mortgage and a 3% cash gift at closing that can be used to pay a conventional loan 3% down payment and/or a portion of the closing costs or all of the FHA/VA 2.75% down payment and a portion of the closing costs. The subsidized interest rate, as well as the cash gift, is funded by the issuance of bonds at a premium, passing the premium on to home buyers. This is an incentive for a potential home owner who can't come up with a down payment and closing costs. Through this program, and the participation of local banks, the Village of Orland Park would assist families with the purchase of their first homes in the Orland Park community.

Stern Brothers & Co. will issue the bonds and the outstanding bonds will not be reflected as Village debt nor will it be applied to the Village's annual \$10 million bank qualified debt limitation. The Village has no financial exposure to the program as the interest rate subsidy and cash gift come directly from the program, not the Village. Also, administration of program is handled by lenders and Stern Brothers & Co., not by Village staff. If we adopt this program for 2016, the Village

could anticipate realizing \$2 to \$3 million in first-time homebuyer home sales, financed by local banks.

To participate in this program, the Village would need to pass an ordinance transferring any unused 2016 Volume Cap to the City of Aurora, which is the lead issuer of the debt.

Staff recommends that the Village Board authorize this transfer by passing the ordinance referred to below.

I move to pass Ordinance Number 5081, entitled: AN ORDINANCE APPROVING THE TRANSFER OF VOLUME CAP IN CONNECTION WITH PRIVATE ACTIVITY BOND ISSUES, AND RELATED MATTERS.

This matter was PASSED on the Consent Agenda.

2016-0302 Non-Union Wages

Staff proposes a 2.25% COLA increase effective May 1, 2015 for non-union staff (effective June 1, 2016 for Executive staff).

I move to approve authorizing a 2.25% cost-of-living adjustment for all full-time non-union (non-executive) personnel effective May 1, 2016 and effective June 1, 2016 for executive staff.

This matter was APPROVED on the Consent Agenda.

2016-0303 Ratification of Meet and Confer Agreement between the Village of Orland Park and the Deputy Chief and Commanders

A tentative agreement was recently reached with the Deputy Chief and Commanders and ratified by their members and will cover the period May 1, 2015 through April 30, 2019.

I move to approve ratification of the tentative agreement for the Meet and Confer Agreement between the Village of Orland Park and the Deputy Chief and Commanders:

And

To authorize execution of said agreement by the Village Manager.

This matter was APPROVED on the Consent Agenda.

PUBLIC WORKS

2016-0262 Repair Services for Elevated Tank #5 - Proposal

Trustee Carroll stated that he had several questions that both Village Manager Grimes and Infrastructure Maintenance Director Ingram had answered. He would like this item to be continued to the May 2, 2016 Public Works Committee and

then to the Board for approval on the same night.

I move to continue this item to the May 2, 2016 Public Works Committee.

A motion was made by Trustee Carroll, seconded by Trustee Dodge, that this matter be CONTINUED to the Public Works Committee. The motion carried by the following vote:

Aye: 7 - Trustee Fenton, Trustee Dodge, Trustee Gira, Trustee Griffin Ruzich, Trustee Calandriello, Trustee Carroll, and President McLaughlin

DEVELOPMENT SERVICES, PLANNING AND ENGINEERING

2016-0294 Intergovernmental Agreement - IL Route 43 (Harlem Avenue) at 143rd Street Intersection Improvements (IDOT contract No. 60X73) - Addendum 1

In March 2014, the Village approved IDOT's Letter of Intent for the general scope of work for this project. Over the last several months Village staff and IDOT have been working together to coordinate the design and eventual construction of the intersection improvements of IL Route 43 (Harlem Avenue) at 143rd Street. The improvements include the installation of a south bound right turn lane, additional south bound left turn storage area, drainage improvements, and modernizing the existing traffic signal. Per the Letter of Intent and the Intergovernmental Agreement (IGA) with IDOT the Village is obligated to pay for a portion of the traffic signal modernization work due to the fact the Village has jurisdiction of the west leg. IDOT is in the final stages of design and it is anticipated that the project will be bid in January 2015.

In December of 2014 the Village Board approved and executed the IGA with IDOT for an amount estimated to be \$20,125.00 Since that time, the intersection work is completed and IDOT is finalizing the traffic signal installation and turn on. This work is estimated to be completed this spring. With recent intersection improvement projects the Village has installed LED illuminated street name signs or these sign installations have been coordinated with IDOT's work i.e. LaGrange Road and 159th Street.

At the time of the letting and contract award the 143rd and Harlem plans did not include the illuminated street name signs. Staff requested IDOT to re-design and price the installation of the illuminated signs. The cost for this work is \$20,216.48. Per IDOT policy illuminated street name signs are paid 100% by the municipality.

Payment for this work will be included in the final invoice provided by IDOT later this year.

I move to approve the Addendum to the Intergovernmental Agreement between the Village of Orland Park and the Illinois Department of Transportation for intersection improvements to Illinois Route 43 (Harlem Avenue) at 143rd Street, IDOT contract No. 60X73.

A motion was made by Trustee Fenton, seconded by Trustee Gira, that this matter be APPROVED. The motion carried by the following vote:

2016-0223 Orland Park History Museum - Special Use Permit, Rezoning, Plat of Subdivision

The petitioner is requesting to locate the Orland Park History Museum (OPHM) at 14415 Beacon Avenue, the Old Village Hall Building. The property is located in the OOH Old Orland Historic District. Museums are considered special uses in all areas of the district and are required to obtain Special Use approval (Section 6-209.B). The museum will share the building with the Village's Building Maintenance Division, with approximately two-thirds of the building occupied by the Museum (4,800 sf), and one-third by Building Maintenance (2,200 sf). The Museum will occupy the north and south wings of the building, with Building Maintenance in the middle section.

The proposed museum will be consistent with the character of the immediate vicinity of the subject property. The surrounding uses include the Humphrey House Museum operated by the Orland Historical Society to the west, Frontier Park to the east, and single family residential homes to the north and south. There is also a mix of small businesses to the north along Beacon Avenue.

Permission is also requested to allow two (2) Village-owned parcels, 9761 Ravinia Lane and 9740 Ravinia Court, to be rezoned from VCD Village Center District to OL Open Lands District to match the zoning of the adjacent Pioneer Park. Once rezoned, these two (2) parcels would match the zoning of the adjacent Pioneer Park, allowing these parcels to then be consolidated.

I move to approve the special use permit for the Orland Park History Museum and the plat of consolidation and rezoning of the Village-owned parcels related to this project as recommended at the March 22, 2016 Plan Commission meeting and as fully referenced below.

(THIS SECTION FOR REFERENCE ONLY (NOT NECESSARY TO BE READ))

I move to approve the Special Use Permit for the establishment of a museum at 14415 Beacon Avenue subject to the following conditions:

- 1) Meet all final engineering and building code related items.
- 2) Submit a sign permit application to the Building Division for separate review.
- 3) Install at minimum one (1) new ADA compliant parking space and five (5) bicycle parking spaces within close proximity to the Old Village Hall building.

4) Update existing garbage enclosure to comply with current Land Development Code regulations.

And

I move to approve the rezoning from VCD Village Center District to OL Open Lands District for the 2.1 Acre lot east of the Old Village Hall, located at 9750 Ravinia Court, subject to the same conditions outlined above.

And

I move to approve the lot consolidation of 9761 Ravinia Lane, 9740 Ravinia Court and 9750 Ravinia Court as depicted in the proposed plat titled "Plat of Consolidation" prepared by Thomson Surveying, Ltd. and dated 02/23/2016, subject to the following condition:

1) Submit a Record Plat of Consolidation to the Village for recording.

I move to approve the lot consolidation of 14415 Beacon Avenue and 14427 Beacon Avenue as depicted in the proposed plat titled "Plat of Consolidation" prepared by Thomson Surveying, Ltd. and dated 02/23/2016, subject to the following condition:

1) Submit a Record Plat of Consolidation to the Village for recording.

FINANCE & INFORMATION TECHNOLOGY

2016-0275 An Ordinance Providing for the Issuance for General Obligation Refunding Bonds, Series 2016A - Ordinance

Director of Finance Annmarie Mampe reported that the Village is refunding its outstanding GO Bonds, Series 2008A in order to capture future interest cost savings. The sale of GO Refunding Bonds, Series 2016A will take place via a competitive sale the morning of Monday, April 18, 2016. The Series 2008A bonds were originally issued to fund a portion of the costs related to the expansion of the Village's water reservoir. The estimated net present value interest savings to be realized by issuing the Series 2016A refunding bonds is approximately \$422,000, or 6.5% of refunded principal. This savings amount is net of all issuance costs.

Speer Financial, Inc. (financial advisor) and Chapman & Cutler (bond counselor) will be delivering the completed documents to the Board for formal approval after the sale takes place. Speer Financial and Chapman & Cutler were available at the Board meeting to provide the Board with details of the sale and the actual savings amount to be realized by the refunding.

Both rating agencies, Moody's and Standard & Poor's, have reaffirmed the Village's bond rating for this issuance, as well as for the Village's overall outstanding debt; the Village's rating with Moody's is Aa1 and with S&P is AA+.

Barbara Chevalier, Vice President of Speer Financial reported that bids were received today for the \$6,815,000 General Obligation Refunding Bonds, Series 2016. There were four bidders who submitted 18 bids.

Upon examination, it is our opinion that the bid of Robert W. Baird & Co. Incorporated, Milwaukee, Wisconsin, is the best bid received. and it is further our opinion that the bid is favorable to the Village and should be accepted.

The sale will result in a savings of \$922,428.06, worth \$803,188.79, on a present value basis or 12.482 percent of refunded principal. We therefore recommend that the Bonds be awarded to that bidder at a revised price of \$6,634,763.41, being at a revised true interest rate of 1.9202 percent.

I move to pass Ordinance Number 5082, entitled: AN ORDINANCE PROVIDING FOR THE ISSUANCE OF GENERAL OBLIGATION REFUNDING BONDS, SERIES 2016, OF THE VILLAGE OF ORLAND PARK, COOK AND WILL COUNTIES, ILLINOIS, AUTHORIZING THE EXECUTION OF AN ESCROW AGREEMENT IN CONNECTION THEREWITH AND PROVIDING FOR THE LEVY AND COLLECTION OF A DIRECT ANNUAL TAX FOR THE PAYMENT OF THE PRINCIPAL OF AND INTEREST ON SAID BONDS AND THE ABATEMENT OF A PORTION OF TAXES PREVIOUSLY LEVIED.

A motion was made by Trustee Griffin Ruzich, seconded by Trustee Dodge, that this matter be PASSED. The motion carried by the following vote:

Aye: 7 - Trustee Fenton, Trustee Dodge, Trustee Gira, Trustee Griffin Ruzich, Trustee Calandriello, Trustee Carroll, and President McLaughlin

MAYOR'S REPORT

2016-0227 Village Code Amendment - Committees - Ordinance

President McLaughlin is recommending the following committee changes to better reflect the Village Board's strategic priorities to the revised Strategic Plan adopted in December 2015. The Technology, Innovation and Performance Improvement Committee will replace Economic Development Strategy and Community Engagement Committee and Finance Committee will replace Finance and Information Technology Committee.

Trustee Dodge will remain as chair of the Technology, Innovation and Performance Improvement Committee and Trustee Ruzich would remain the chair of the Finance Committee. Both these meeting will remain on the first Monday of each month. These changes will take effect as of May 2, 2016.

I move to pass Ordinance Number 5083, entitled: AN ORDINANCE AMENDING THE ORLAND PARK VILLAGE CODE (BOARD COMMITTEES) TITLE 1, CHAPTER 5, SECTION 7 (14) AND (14-1)

A motion was made by Trustee Carroll, seconded by Trustee Gira, that this matter be PASSED. The motion carried by the following vote:

Aye: 7 - Trustee Fenton, Trustee Dodge, Trustee Gira, Trustee Griffin Ruzich, Trustee Calandriello, Trustee Carroll, and President McLaughlin

NON-SCHEDULED CITIZENS & VISITORS

Loretta Blake, resident of Homer Glen spoke before the Board thanking them for all their support to save the Palos Health and Fitness Center. She also stated that James Prendergast, a resident of Palos Heights shares his appreciation to the Board. Unfortunately, he had to leave the meeting tonight before he could thank the Board for all their efforts.

BOARD COMMENTS

TRUSTEE GIRA – Reminded everyone that this Saturday, April 23rd is Earth Day! A Smart Living Fair will include crayon recycling, a bee keeping presentation, document shredding, shoe recycling, and electronics recycling (no Televisions). Also included is a place to discard old and broken bikes. These bikes will then be repurposed into working order again and donated locally as well as internationally.

This event will take place at the Village Center from 10 AM to 1 PM.

TRUSTEE CARROLL – Loved working with the Save Palos Health and Fitness Center (SPHFC) group. He looks forward to working with these folks.

TRUSTEE DODGE – Echoed with what Trustee Carroll stated.

TRUSTEE RUZICH – On the Consent Agenda tonight the Volume Cap was approved, which will give first time homebuyers (who qualify) a 3 percent case grant based on the amount borrowed.

TRUSTEE CALANDRIELLO – Stated that the entire Board supports and salutes Chief McCarthy and congratulated him for being named the Illinois Police Chief of the Year.

TRUSTEE FENTON – Echoed what has been stated regarding Palos Health and Fitness Center. The residents who live on the north-side of Orland Park are very excited about this.

PRESIDENT MCLAUGHLIN – Stated that it is very rare that a suburban Police Chief is in that position for 21 years. This is a great accomplishment too.

President McLaughlin stated that last week there were several burglaries and he believes that the Police have this under control. A resident did an interview on TV and stated that she does not feel safe any longer in Orland Park. He was very frustrated with that remark. Orland Park is the 13th safest community in the State of Illinois and Orland Park has a great track record.

EXECUTIVE SESSION

I move to recess to a Closed Executive Session for the purpose of discussion of a) approval of minutes; b) the appointment, employment, compensation, discipline, performances or dismissal of specific village employees; and c) pending litigation against, affecting or on behalf of the village or when found by the board that such action is probable or imminent.

A motion was made by Trustee Fenton, seconded by Trustee Gira, that this matter be RECESS. The motion carried by the following vote:

Aye: 7 - Trustee Fenton, Trustee Dodge, Trustee Gira, Trustee Griffin Ruzich, Trustee Calandriello, Trustee Carroll, and President McLaughlin

The National Citizen Survey™

NRC is a charter member of the AAPOR Transparency Initiative, providing clear disclosure of our sound and ethical survey research practices.

About

The National Citizen Survey™ (The NCS) report is about the “livability” of Orland Park. The phrase “livable community” is used here to evoke a place that is not simply habitable, but that is desirable. It is not only where people do live, but where they want to live.

Great communities are partnerships of the government, private sector, community-based organizations and residents, all geographically connected. The NCS captures residents’ opinions within the three pillars of a community (Community Characteristics, Governance and Participation) across eight central facets of community (Safety, Mobility, Natural Environment, Built Environment, Economy, Recreation and Wellness, Education and Enrichment and Community Engagement).

The Community Livability Report provides the opinions of a representative sample of 514 residents of the Village of Orland Park. The margin of error around any reported percentage is 4% for the entire sample. The full description of methods used to garner these opinions can be found in the *Technical Appendices* provided under separate cover.

Quality of Life in Orland Park

About 9 in 10 residents rated the overall quality of life as excellent or good which was similar to the national benchmark (see Appendix B of the *Technical Appendices* provided under separate cover).

Shown below are the eight facets of community. The color of each community facet summarizes how residents rated it across the three sections of the survey that represent the pillars of a community – Community Characteristics, Governance and Participation. When most ratings across the three pillars were higher than the benchmark, the color for that facet is the darkest shade; when most ratings were lower than the benchmark, the color is the lightest shade. A mix of ratings (higher and lower than the benchmark) results in a color between the extremes.

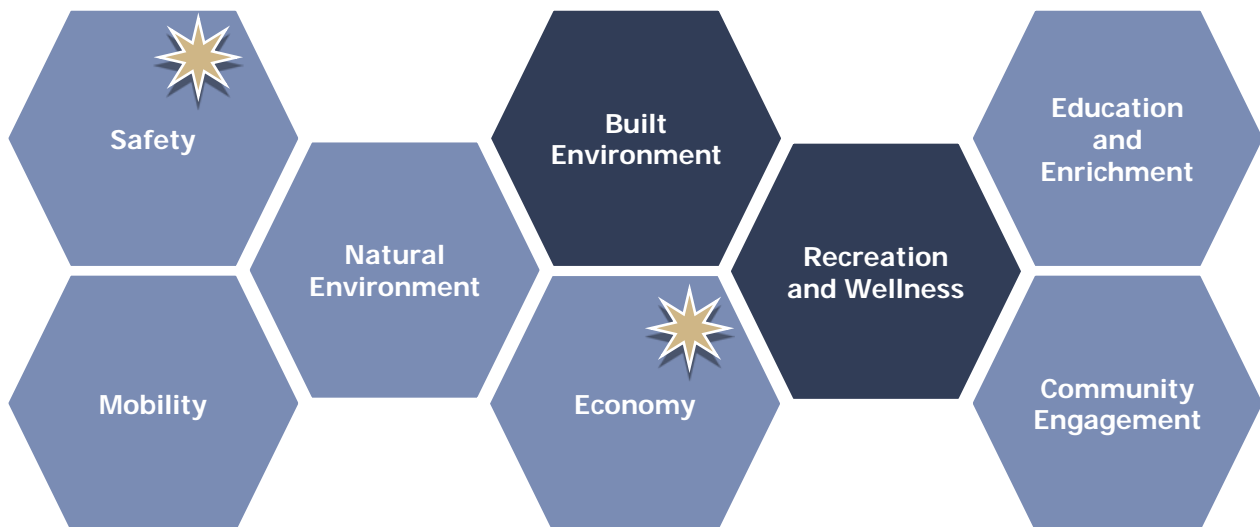

In addition to a summary of ratings, the image below includes one or more stars to indicate which community facets were the most important focus areas for the community. Residents identified Safety and Economy as priorities for the Orland Park community in the coming two years. Orland Park residents gave strong ratings to both of these facets of community as well as to Education and Enrichment, Natural Environment, Community Engagement and Mobility. Ratings for Built Environment and Recreation and Wellness tended to be higher than in other communities across the nation. This overview of the key aspects of community quality provides a quick summary of where residents see exceptionally strong performance and where performance offers the greatest opportunity for improvement. Linking quality to importance offers community members and leaders a view into the characteristics of the community that matter most and that seem to be working best.

Details that support these findings are contained in the remainder of this Livability Report, starting with the ratings for Community Characteristics, Governance and Participation and ending with results for Orland Park's unique questions.

Community Characteristics

What makes a community livable, attractive and a place where people want to be?

Overall quality of community life represents the natural ambience, services and amenities that make for an attractive community. How residents rate their overall quality of life is an indicator of the overall health of a community. In the case of Orland Park, 95% rated the Village as an excellent or good place to live. Respondents' ratings of Orland Park as a place to live were similar to ratings in other communities across the nation.

In addition to rating the Village as a place to live, respondents rated several aspects of community quality including Orland Park as a place to raise children and to retire, their neighborhood as a place to live, the overall image or reputation of Orland Park and its overall appearance. About two-thirds of residents rated Orland Park as an excellent or good place to retire and around 9 in 10 residents positively rated their neighborhood as a place to live and the overall appearance of Orland Park (ratings similar to comparison communities across the nation). Further, about 9 in 10 residents gave excellent or good ratings to the overall image of Orland Park and Orland Park as a place to raise children, these ratings were higher than the national benchmark.

Delving deeper into Community Characteristics, survey respondents rated over 40 features of the community within the eight facets of Community Livability. All aspects of Community Characteristics were at least similar to the national benchmark. Ratings for aspects of Safety, Natural Environment and Community Engagement were strong, at least 7 in 10 participants gave positive ratings for all the items, and these ratings were similar to the national benchmark comparisons. Within Mobility ratings were mostly similar to the national benchmark, except for public parking which was rated higher than the benchmark. When compared to the 2014 Orland Park survey results, ratings for travel by public transportation declined (for more detail, see the *Trends over Time* report provided under separate cover). Almost all aspects of Built Environment were higher in Orland Park than in other communities across the nation. All aspects of Economy were rated positively by a majority of respondents and a majority of the items received ratings higher than the national benchmarks. Recreation and Wellness was also a very strong facet; almost all aspects were higher than the national benchmarks. Within Education and Enrichment, ratings for child care and preschool increased from 2014 to 2016 and these ratings were higher than in other communities across the nation.

Governance

How well does the government of Orland Park meet the needs and expectations of its residents?

The overall quality of the services provided by Orland Park as well as the manner in which these services are provided are a key component of how residents rate their quality of life. About 9 in 10 residents rated the overall quality of services provided by the Village of Orland Park as excellent or good, which was higher than the national benchmark. However, when asked to rate the overall quality of services provided by the Federal Government, only about one-third gave excellent or good ratings.

Survey respondents also rated various aspects of Orland Park's leadership and governance. About 6 in 10 residents favorably rated the value of services for taxes paid and the job Orland Park does at welcoming citizen involvement while at least 7 in 10 participants gave positive ratings to the confidence in Village government, the overall direction of Orland Park, acting in the best interest of Orland Park, being honest and treating all residents fairly. At least 4 in 5 respondents gave excellent or good ratings to the overall customer service provided by Orland Park employees.

Respondents evaluated over 30 individual services and amenities available in Orland Park. All aspects of Governance received positive ratings from a majority of respondents and were similar to or higher than the national benchmark comparisons. All aspects of Mobility were similar to the national benchmark comparisons, ratings for snow removal and sidewalk maintenance increased from 2014 to 2016 while ratings for street repair decreased over time. Built Environment had favorable ratings, and ratings for land use and code enforcement were higher than the national benchmarks. At least 8 in 10 residents gave positive ratings for all aspects of Safety, Natural Environment, Economy, Recreation and Wellness, Education and Enrichment and Community Engagement. Ratings for animal control, recreation programs, and the overall direction of Orland Park increased from 2014 to 2016.

Participation

Are the residents of Orland Park connected to the community and each other?

An engaged community harnesses its most valuable resource, its residents. The connections and trust among residents, government, businesses and other organizations help to create a sense of community; a shared sense of membership, belonging and history. Nearly three quarters of residents rated Orland Park as having an excellent or good sense of community which was similar to communities across the nation. Over half of the survey respondents had contacted Orland Park employees while nearly 4 in 5 would recommend living in Orland Park or planned to remain in Orland Park.

The survey included over 30 activities and behaviors for which respondents indicated how often they participated in or performed each, if at all. Most reported rates of Participation were similar to those seen in comparison communities and remained stable from 2014 to 2016. When compared to other communities across the nation, fewer Orland Park residents reported that they had carpooled instead of driving alone, worked in Orland Park or volunteered. More Orland Park residents had NOT observed a code violation than residents in comparison communities, and more Orland Park residents had NOT observed a code violation in 2016 compared to 2014. At least 9 in 10 respondents reported that they had NOT been the victim of a crime, had purchased goods or services in Orland Park, talked to or visited with neighbors, had done a favor for a neighbor, or read or watched local news in the last 12 months. These rates were similar to those in other communities.

Special Topics

The Village of Orland Park included four questions of special interest on The NCS. The first question asked residents about their support for investment in Open Lands. Almost all residents agreed that the Village should continue to invest in Open Lands.

Figure 4: Investing in Open Lands

The Village of Orland Park should continue to invest in Open Lands in addition to parks to ensure that acquired land is preserved for future generations:

About 4 in 5 respondents believed the Village was doing an excellent or good job at being pro-active and responsible for the continued growth and development of the community.

Figure 5: Growth and Development of Community

Please rate the job the Village of Orland Park does at being proactive and responsible for the continued growth and development of the community that results in improving quality of life for residents and businesses.

When asked to rate the importance of several Village priorities, a majority of residents rated each one as essential or very important. Almost all respondents indicated that making annual investments in municipal infrastructure was essential or very important, and about 4 in 5 indicated that adjusting new and existing services to address Orland Park's aging population, promoting and maintaining high quality development, making annual investments in facilities and equipment for police and public works and enhancing and investing in community policing and public safety programs were top priorities.

Figure 6: Priorities for Orland Park

Please rate how important you think each of the following priorities should be to the Village of Orland Park over the next five years:

Around half of participants believed that a priority not listed was essential or very important for the Village. In their own words, participants described other priorities for the Village. Those priorities are listed below in alphabetical order.

- Access to services for people w/special needs/disabled.
- An indoor pool.
- Condominium rule enhancement.
- Covering taking care of trimming the trees, (streets and sidewalks.)
- Develop existing unused buildings Vs more new structures.
- Education.
- Eliminate/sell unnecessary village buildings.
- Emergency services- fire/police.
- Enforce dog leashing dogs in parks.
- Fight crime in our mall and terrorism.
- Fill vacant retail space before adding new
- Finish LaGrange road for crying out loud!!
- Finish the roads.
- Healthcare & keep takes health of fitness approved.
- Invest in a cultural center for the arts.
- Keep PHFE open & no need for another cancer center.
- Limit number of rental homes in neighborhoods.
- Limit rental property.
- Lower real state taxes.
- Maintain PH & FC! It's a main source of therapy for myself and others!
- Making the community more close knit.
- More patrolling at Orland mall outside.
- More senior SVC to teach tech.
- No section eight.
- Not safe at mall anymore.
- Policing parks more at night.
- Protect pensions.
- Reduce property taxes!
- Residential street repair!
- Safety for residents.
- Schools!
- Sportsplex pool.
- Too vague to answer.
- Traffic.
- Walking paths that connect neighborhoods. My neighborhood is isolated. My kid had to ride his bike on the shoulders of busy streets to get to friend's houses. (Wolf Rd, 167th, etc.) Dangerous for kids, kids need exercise and should be able to ride or walk safely to friend's houses. My husband and I ride our bikes to the biking trail and there aren't any sidewalks from our subdivision to biking path, have to ride on busy streets/shoulder to get to the path. I think our subdivision is the "forgotten" one. We do not have a park either. It's terrible. We have many children in our subdivision.

The National Citizen Survey™

When asked what sources they turn to for information from the Village, at least 9 in 10 respondents turned to local media or the Village newsletter. At least three-quarters of respondents considered emails from the Village, phone (Code Red) and the Village website to be sources of information. About half of the respondents indicated that social media, the local cable channel and internet blogs were sources of information about the Village.

Conclusions

Residents of Orland Park continue to enjoy a high quality of life.

Residents of Orland Park gave very high ratings for their overall quality of life. Almost all (91%) indicated that the quality of life was excellent or good and nearly all gave positive ratings for Orland Park as a place to live. Around 9 in 10 respondents gave excellent or good ratings when asked about the overall image of Orland Park, the overall appearance of Orland Park, Orland Park as a place to raise children as well as their neighborhood as a place to live. These ratings were similar to or higher than national benchmarks and tended to remain stable over time.

Orland Park's Economy is a strong community feature.

Economy was one of the features of Orland Park that residents cited as a focus point for the next two years and residents also gave favorable ratings to aspects of Economy in the Village. Around 4 in 5 residents gave excellent or good ratings to the overall economic health of Orland Park, economic development, the Village as a place to visit, the overall quality of businesses and service and shopping opportunities. About half of participants also gave favorable ratings to the cost of living in Orland Park. Most Economy ratings remained stable from 2014 to 2016; however fewer residents had a positive economic outlook in 2016.

Safety helps make Orland Park a livable community.

Orland Park residents gave high ratings for Safety and indicated that it was a focus area for the Orland Park community over the next two years. About 9 in 10 participants gave positive ratings for the overall feeling of safety and feelings of safety in the downtown or commercial area of Orland Park, and almost all residents reported that they felt safe in their neighborhoods. At least 9 in 10 residents gave excellent or good ratings to police services, fire services, fire prevention and ambulance/EMS. At least 8 in 10 residents gave positive ratings to emergency preparedness and crime prevention. All aspects of Safety were similar to or higher than the national benchmarks. Almost all Safety ratings remained stable from 2014 to 2016, however ratings increased for animal control and fewer residents reported that they had stocked supplies for an emergency in 2016.

Orland Park residents appreciate their Built Environment.

Residents had high opinions of the Built Environment of Orland Park. Around 4 in 5 participants gave favorable ratings for the overall built environment as well as the variety of housing options and the overall quality of new development. About 3 in 5 gave positive ratings for affordable quality housing in Orland Park. Three-quarters of residents also gave strong ratings for public places in Orland Park as well as the Village's land use, planning and zoning. Around 7 in 10 residents gave positive ratings for code enforcement which was complimented by the resident's ratings where nearly 7 in 10 did NOT observe a code violation in the Village, an increase from the previous survey. Ratings for Orland Park's Built Environment tended to be higher than rating in comparison communities across the nation.

Summary

The National Citizen Survey™ (The NCS™) is a collaborative effort between National Research Center, Inc. (NRC) and the International City/County Management Association (ICMA). The survey and its administration are standardized to assure high quality research methods and directly comparable results across The NCS communities. The NCS captures residents’ opinions within the three pillars of a community (Community Characteristics, Governance and Participation) across eight central facets of community (Safety, Mobility, Natural Environment, Built Environment, Economy, Recreation and Wellness, Education and Enrichment and Community Engagement). This report summarizes Orland Park’s performance in the eight facets of community livability with the “General” rating as a summary of results from the overarching questions not shown within any of the eight facets. The “Overall” represents the community pillar in its entirety (the eight facets and general).

By summarizing resident ratings across the eight facets and three pillars of a livable community, a picture of Orland Park’s community livability emerges. Below, the color of each community facet summarizes how residents rated each of the pillars that support it – Community Characteristics, Governance and Participation. When most ratings were higher than the benchmark, the color is the darkest shade; when most ratings were lower than the benchmark, the color is the lightest shade. A mix of ratings (higher and lower than the benchmark) results in a color between the extremes.

Overall, Community Characteristics, Governance and Participation received strong ratings that were similar to or higher than comparison communities across the nation. The pillar of Governance was particularly strong - the facets of Safety, Natural Environment, Economy, Recreation and Wellness and Community Engagement all tended to receive ratings higher than the national benchmark. The facets of Built Environment, Economy and Recreation and Wellness tended to be higher than the benchmark within Community Characteristics. Built Environment within Participation also tended to receive higher ratings than in comparison communities.

Summary

The National Citizen Survey™ (The NCS™) is a collaborative effort between National Research Center, Inc. (NRC) and the International City/County Management Association (ICMA). The survey and its administration are standardized to assure high quality research methods and directly comparable results across The NCS communities. This report discusses differences in opinion of survey respondents by survey questions D6 (number of years lived in Orland Park), D10 (presence of children 17 or under in household), D12 (annual household income) and D15 (age of respondent).

Responses in the following tables show only the proportion of respondents giving a certain answer; for example, the percent of respondents who rated the quality of life as “excellent” or “good,” or the percent of respondents who attended a public meeting more than once a month. ANOVA and chi-square tests of significance were applied to these comparisons of survey questions. A “p-value” of 0.05 or less indicates that there is less than a 5% probability that differences observed between subgroups are due to chance; or in other words, a greater than 95% probability that the differences observed are “real.” Where differences were statistically significant, they have been shaded grey.

The margin of error for this report is generally no greater than plus or minus four percentage points around any given percent reported for the entire sample (514 completed surveys). For subgroups of responses, the margin of error increases because the sample size for the subgroup is smaller. For subgroups of approximately 100 respondents, the margin of error is plus or minus 10 percentage points.

Notable differences between demographic subgroups included the following:

- In Community Characteristics residents who were aged 18-34 tended to give higher marks to Orland Park as a place to live, their neighborhood as a place to live or Orland Park as a place to raise children when compared to their counterparts. Participants who had lived in Orland Park for less than ten years also tended to give higher ratings for Orland Park as a place to live or raise children than their counterparts. When looking at Mobility, households with an annual income between \$50,000 to \$99,999 or residents who were aged over 55 tended to give more positive ratings than their counterparts for ease of travel by bicycle in Orland Park, ease of walking in Orland Park or the availability of paths and walking trails.
- Within Governance, households with an annual income under \$49,999 tended to give lower ratings for Natural Environment than their counterparts. In Education and Enrichment participants who had children in the household or households with an income between \$50,000 and \$99,999 tended to give higher ratings than their counterparts, while residents aged between 18 to 34 tended to give higher ratings to public library services and tended to give lower ratings to Village-sponsored special events than residents 35 or older.
- When looking at rates of Participation, residents who had lived in Orland Park less than ten years or households with children tended to report higher rates within the face of Recreation and Wellness than those who had lived in Orland Park longer or did not have children in their homes.
- When asked about Orland Park’s investment in open lands residents who had lived in Orland Park for over twenty years indicated less support, while households with children under 17 or adults aged 35-54 tended to give higher support when compared to their counterparts.
- Adults aged 18-34 tended to give higher ratings than adults in the older groups for the job that Orland Park does at being proactive and responsible for the continued growth and development of the community that results in improving quality of life for residents and businesses.
- In looking at the priorities for Orland Park, participants who had lived in Orland Park more than 20 years, households without children, households with an annual income below \$49,999 a year or adults older than 55 all indicated higher support for adjusting new and existing services to address Orland Park’s aging population when compared to their counterparts.
- In asking residents to cite the information sources for the Village, adults over 55 tended to favor the Village newsletter, local cable channel (channel 4) or phone (Code Red) while adults younger than 34 favored internet blogs when compared to other aged adults. Adults younger than 54 tended to favor the Village website when compared to adults over 55. Residents aged 35-54 cited preference for social media when compared to other age groups.

Summary

The National Citizen Survey™ (The NCS™) is a collaborative effort between National Research Center, Inc. (NRC) and the International City/County Management Association (ICMA). The survey and its administration are standardized to assure high quality research methods and directly comparable results across The NCS communities. This report discusses differences in opinion of survey respondents by quadrant.

Responses in the following tables show only the proportion of respondents giving a certain answer; for example, the percent of respondents who rated the quality of life as “excellent” or “good,” or the percent of respondents who attended a public meeting more than once a month. ANOVA and chi-square tests of significance were applied to these comparisons of survey questions. A “p-value” of 0.05 or less indicates that there is less than a 5% probability that differences observed between quadrants are due to chance; or in other words, a greater than 95% probability that the differences observed are “real.” Where differences were statistically significant, they have been shaded grey.

The margin of error for this report is generally no greater than plus or minus four percentage points around any given percent reported for the entire sample (514 completed surveys). For each quadrant of the Village (Northwest, Northeast, Southeast or Southwest), the margin of error rises to approximately plus or minus nine percentage points since sample sizes were approximately 122 for the Northwest quadrant, 122 for the Northeast quadrant, 130 for the Southeast quadrant and 140 for the Southwest quadrant. Notable differences between quadrants included the following:

- Within Community Characteristics residents in the Northwest quadrant tended to give higher scores for Mobility than those in the other quadrants, including overall ease of getting to the places you usually have to visit and traffic flow on major streets. For Built Environment residents in the Northeast gave lower ratings for the overall built environment and the availability of affordable quality housing than residents in other quadrants. Those in the Southwest quadrant tended to give higher ratings for Recreation and Wellness as well as Education and Enrichment when differences were significant between the quadrants.
- In looking at the pillar of Governance, residents in the Northeast quadrant gave lower marks in Safety for fire services and ambulance or emergency medical services. The Southwest quadrant tended to give lower ratings for Built Environment including sewer services, land use, planning and zoning and code enforcement in comparison to other quadrants.
- Participation showed that the respondents in the Southwest quadrant indicated that they were more likely to recommend living in Orland Park to someone who asks and planned to remain in Orland Park for the next five years.

Appendix B: Benchmark Comparisons

Comparison Data

NRC’s database of comparative resident opinion is comprised of resident perspectives gathered in surveys from over 500 communities whose residents evaluated the same kinds of topics on The National Citizen Survey™. The comparison evaluations are from the most recent survey completed in each community; most communities conduct surveys every year or in alternating years. NRC adds the latest results quickly upon survey completion, keeping the benchmark data fresh and relevant. The communities in the database represent a wide geographic and population range. The Village of Orland Park chose to have comparisons made to the entire database and a subset of similar jurisdictions from the database (jurisdictions with populations ranging from 35,000 to 80,000 and median annual household incomes of \$60,000 to \$100,000).

Interpreting the Results

Ratings are compared when there are at least five communities in which a similar question was asked. Where comparisons are available, four columns are provided in the table. The first column is Orland Park’s “percent positive.” The percent positive is the combination of the top two most positive response options (i.e., “excellent” and “good,” “very safe” and “somewhat safe,” “essential” and “very important,” etc.), or, in the case of resident behaviors/participation, the percent positive represents the proportion of respondents indicating “yes” or participating in an activity at least once a month. The second column is the rank assigned to Orland Park’s rating among communities where a similar question was asked. The third column is the number of communities that asked a similar question. The final column shows the comparison of Orland Park’s rating to the benchmark.

In that final column, Orland Park’s results are noted as being “higher” than the benchmark, “lower” than the benchmark or “similar” to the benchmark, meaning that the average rating given by Orland Park residents is statistically similar to or different (greater or lesser) than the benchmark. More extreme differences are noted as “much higher” or “much lower.”

Appendix C: Detailed Survey Methods

The National Citizen Survey (The NCS™), conducted by National Research Center, Inc., was developed to provide communities an accurate, affordable and easy way to assess and interpret resident opinion about important local topics. Standardization of common questions and survey methods provide the rigor to assure valid results, and each community has enough flexibility to construct a customized version of The NCS.

Results offer insight into residents' perspectives about the community as a whole, including local amenities, services, public trust, resident participation and other aspects of the community in order to support budgeting, land use and strategic planning and communication with residents. Resident demographic characteristics permit comparison to the Census as well as comparison of results for different subgroups of residents. The Village of Orland Park funded this research. Please contact Anna Gilman of the Orland Park office at AGilman@orland-park.il.us if you have any questions about the survey.

Survey Validity

The question of survey validity has two parts: 1) how can a community be confident that the results from those who completed the questionnaire are representative of the results that would have been obtained had the survey been administered to the entire population? and 2) how closely do the perspectives recorded on the survey reflect what residents really believe or do?

To answer the first question, the best survey research practices were used for the resources spent to ensure that the results from the survey respondents reflect the opinions of residents in the entire community. These practices include:

- Using a mail-out/mail-back methodology, which typically gets a higher response rate than phone for the same dollars spent. A higher response rate lessens the worry that those who did not respond are different than those who did respond.
- Selecting households at random within the community to receive the survey to ensure that the households selected to receive the survey are representative of the larger community.
- Over-sampling multi-family housing units to improve response from hard-to-reach, lower income or younger apartment dwellers.
- Selecting the respondent within the household using an unbiased sampling procedure; in this case, the "birthday method." The cover letter included an instruction requesting that the respondent in the household be the adult (18 years old or older) who most recently had a birthday, irrespective of year of birth.
- Contacting potential respondents three times to encourage response from people who may have different opinions or habits than those who would respond with only a single prompt.
- Inviting response in a compelling manner (using appropriate letterhead/logos and a signature of a visible leader) to appeal to recipients' sense of civic responsibility.
- Providing a pre-addressed, postage-paid return envelope.
- Offering the survey in Spanish or other language when requested by a given community.
- Weighting the results to reflect the demographics of the population.

The answer to the second question about how closely the perspectives recorded on the survey reflect what residents really believe or do is more complex. Resident responses to surveys are influenced by a variety of factors. For questions about service quality, residents' expectations for service quality play a role as well as the "objective" quality of the service provided, the way the resident perceives the entire community (that is, the context in which the service is provided), the scale on which the resident is asked to record his or her opinion and, of course, the opinion, itself, that a resident holds about the service. Similarly a resident's report of certain behaviors is colored by what he or she believes is the socially desirable response (e.g., reporting tolerant behaviors toward "oppressed groups," likelihood of voting for a tax increase for services to poor people, use of alternative modes of travel to work besides the single occupancy vehicle), his or her memory of the actual behavior (if it is not a question speculating about future actions, like a vote), his or her confidence that he or she can be honest without suffering any negative consequences (thus the need for anonymity) as well as the actual behavior itself.

How closely survey results come to recording the way a person really feels or behaves often is measured by the coincidence of reported behavior with observed current behavior (e.g., driving habits), reported intentions to behave with observed future behavior (e.g., voting choices) or reported opinions about current community quality

with objective characteristics of the community (e.g., feelings of safety correlated with rates of crime). There is a body of scientific literature that has investigated the relationship between reported behaviors and actual behaviors. Well-conducted surveys, by and large, do capture true respondent behaviors or intentions to act with great accuracy. Predictions of voting outcomes tend to be quite accurate using survey research, as do reported behaviors that are not about highly sensitive issues (e.g., family abuse or other illegal or morally sanctioned activities). For self-reports about highly sensitive issues, statistical adjustments can be made to correct for the respondents' tendency to report what they think the "correct" response should be.

Research on the correlation of resident opinion about service quality and "objective" ratings of service quality vary, with some showing stronger relationships than others. NRC's own research has demonstrated that residents who report the lowest ratings of street repair live in communities with objectively worse street conditions than those who report high ratings of street repair (based on road quality, delay in street repair, number of road repair employees). Similarly, the lowest rated fire services appear to be "objectively" worse than the highest rated fire services (expenditures per capita, response time, "professional" status of firefighters, breadth of services and training provided). Resident opinion commonly reflects objective performance data but is an important measure on its own. NRC principals have written, "If you collect trash three times a day but residents think that your trash haul is lousy, you still have a problem."

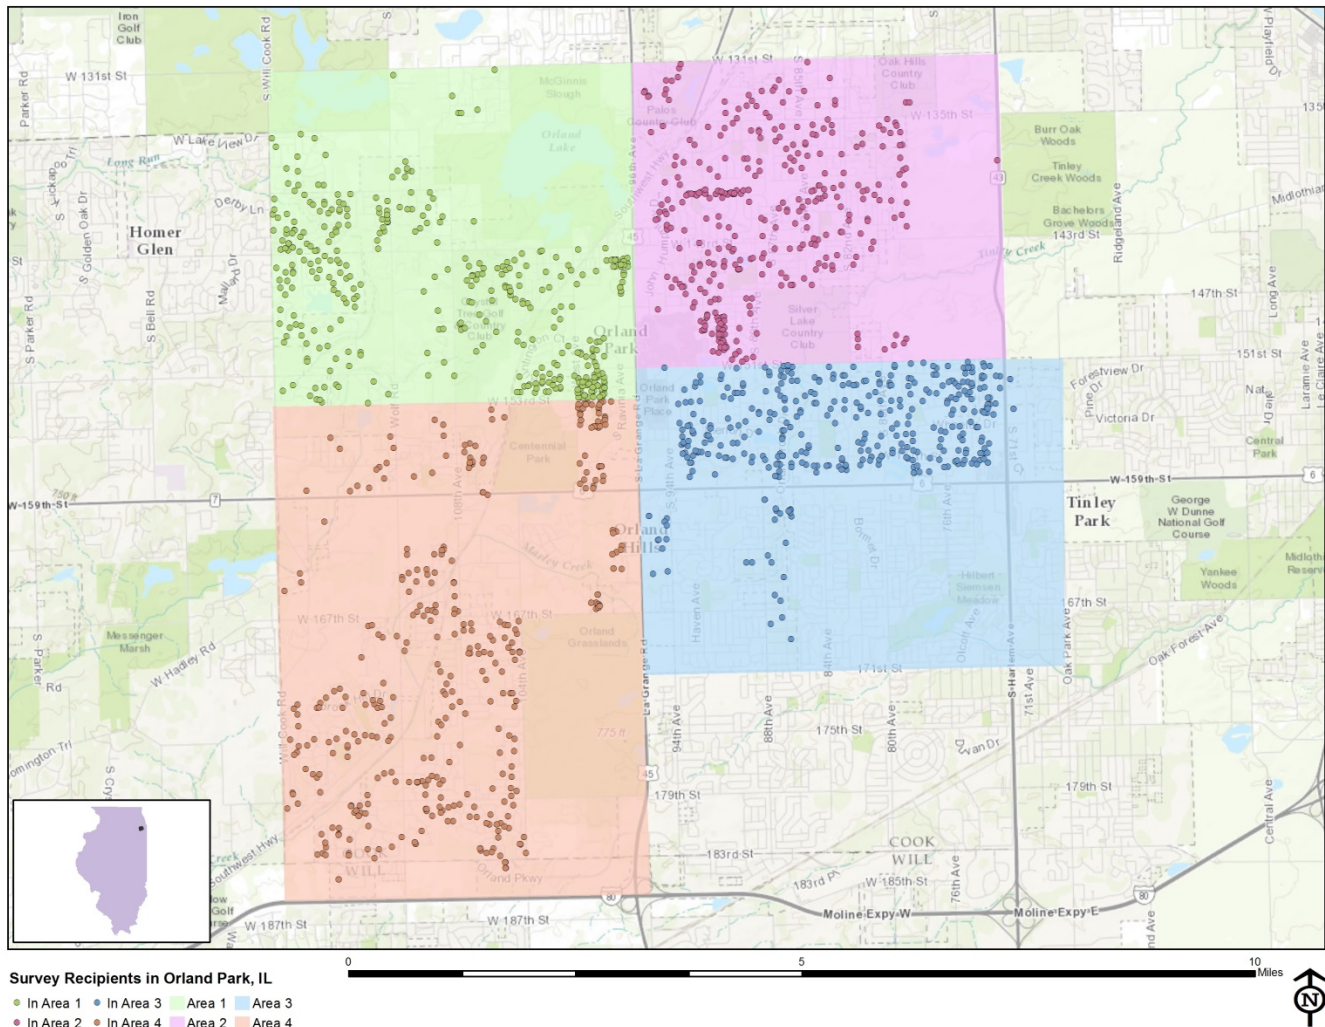

Survey Sampling

"Sampling" refers to the method by which households were chosen to receive the survey. All households within the Village of Orland Park were eligible to participate in the survey. A list of all households within the zip codes serving Orland Park was purchased based on updated listings from the United States Postal Service. Since some of the zip codes that serve the Village of Orland Park households may also serve addresses that lie outside of the community, the exact geographic location of each housing unit was compared to community boundaries using the most current municipal boundary file (updated on a quarterly basis) and addresses located outside of the Village of Orland Park boundaries were removed from consideration. Each address identified as being within Village boundaries was further identified as being within one of the four Village quadrants.

To choose the 1,600 survey recipients, a systematic sampling method was applied to the list of households previously screened for geographic location. Systematic sampling is a procedure whereby a complete list of all possible households is culled, selecting every *Nth* one, giving each eligible household a known probability of selection, until the appropriate number of households is selected. Multi-family housing units were over sampled as residents of this type of housing typically respond at lower rates to surveys than do those in single-family housing units. Figure 1 displays a map of the households selected to receive the survey. In general, because of the random sampling techniques used, the displayed sampling density will closely mirror the overall housing unit density (which may be different from the population density). While the theory of probability assumes no bias in selection, there may be some minor variations in practice (meaning, an area with only 15% of the housing units might be sampled at an actual rate that is slightly above or below that).

An individual within each household was selected using the birthday method. The birthday method selects a person within the household by asking the "person whose birthday has most recently passed" to complete the questionnaire. The underlying assumption in this method is that day of birth has no relationship to the way people respond to surveys. This instruction was contained in the cover letter accompanying the questionnaire.

Survey Administration and Response

Selected households received three mailings, one week apart, beginning on January 26, 2016. The first mailing was a prenotification postcard announcing the upcoming survey. The next mailing contained a letter from the Mayor inviting the household to participate, a questionnaire and a postage-paid return envelope. The final mailing contained a reminder letter, another survey and a postage-paid return envelope. The second cover letter asked those who had not completed the survey to do so and those who had already done so to refrain from turning in another survey. Completed surveys were collected over the following six weeks.

About 2% of the 1,600 surveys mailed were returned because the housing unit was vacant or the postal service was unable to deliver the survey as addressed. Of the remaining 1,562 households that received the survey, 514 completed the survey, providing an overall response rate of 33%. Of the 514 completed surveys, 29 were completed online. Additionally, responses were tracked by quadrant; response rates by quadrant ranged from 31% to 36%.

Table 81: Survey Response Rates by Quadrant

	Number mailed	Undeliverable	Eligible	Returned	Response rate
Area 1 NW Quadrant	400	9	391	122	31%
Area 2 NE Quadrant	400	7	393	122	31%
Area 3 SE Quadrant	400	6	394	130	33%
Area 4 SW Quadrant	400	16	384	140	36%
Overall	1,600	38	1,562	514	33%

Confidence Intervals

It is customary to describe the precision of estimates made from surveys by a “level of confidence” and accompanying “confidence interval” (or margin of error). A traditional level of confidence, and the one used here, is 95%. The 95% confidence interval can be any size and quantifies the sampling error or imprecision of the survey results because some residents’ opinions are relied on to estimate all residents’ opinions.¹

The margin of error for the Village of Orland Park survey is no greater than plus or minus four percentage points around any given percent reported for the entire sample (514 completed surveys).

For subgroups of responses, the margin of error increases because the sample size for the subgroup is smaller. For subgroups of approximately 100 respondents, the margin of error is plus or minus 10 percentage points.

Survey Processing (Data Entry)

Upon receipt, completed surveys were assigned a unique identification number. Additionally, each survey was reviewed and “cleaned” as necessary. For example, a question may have asked a respondent to pick two items out of a list of five, but the respondent checked three; in this case, NRC would use protocols to randomly choose two of the three selected items for inclusion in the dataset.

All surveys then were entered twice into an electronic dataset; any discrepancies were resolved in comparison to the original survey form. Range checks as well as other forms of quality control were also performed.

Survey Data Weighting

The demographic characteristics of the survey sample were compared to those found in the 2010 Census and American Community Survey estimates for adults in the Village of Orland Park. The primary objective of weighting survey data is to make the survey sample reflective of the larger population of the community. The characteristics used for weighting were housing tenure, housing unit type, race and ethnicity, sex and age and quadrant. The results of the weighting scheme are presented in the following table.

¹ A 95% confidence interval indicates that for every 100 random samples of this many residents, 95 of the confidence intervals created will include the “true” population response. This theory is applied in practice to mean that the “true” perspective of the target population lies within the confidence interval created for a single survey. For example, if 75% of residents rate a service as “excellent” or “good,” then the 4% margin of error (for the 95% confidence interval) indicates that the range of likely responses for the entire community is between 71% and 79%. This source of uncertainty is called sampling error. In addition to sampling error, other sources of error may affect any survey, including the non-response of residents with opinions different from survey responders. Though standardized on The NCS, on other surveys, differences in question wording, order, translation and data entry, as examples, can lead to somewhat varying results.

Survey Data Analysis and Reporting

The survey dataset was analyzed using the Statistical Package for the Social Sciences (SPSS). For the most part, the percentages presented in the reports represent the “percent positive.” The percent positive is the combination of the top two most positive response options (i.e., “excellent” and “good,” “very safe” and “somewhat safe,” “essential” and “very important,” etc.), or, in the case of resident behaviors/participation, the percent positive represents the proportion of respondents indicating “yes” or participating in an activity at least once a month.

On many of the questions in the survey respondents may answer “don’t know.” The proportion of respondents giving this reply is shown in the full set of responses included in Appendix A. However, these responses have been removed from the analyses presented in the reports. In other words, the tables and graphs display the responses from respondents who had an opinion about a specific item.

Dear Village of Orland Park Resident:

Please help us shape the future of Orland Park! You have been selected at random to participate in the 2016 Orland Park Citizen Survey.

Please take a few minutes to fill out the enclosed survey. Your participation in this survey is very important – especially since your household is one of only a small number of households being surveyed. Your feedback will help Orland Park make decisions that affect our Village.

A few things to remember:

- **Your responses are completely anonymous.**
- In order to hear from a diverse group of residents, the adult 18 years or older in your household who most recently had a birthday should complete this survey.
- **You may return the survey by mail in the enclosed postage-paid envelope, or you can complete the survey online at:**

www.n-r-c.com/survey/orlandpark2016.htm

If you have any questions about the survey please call 708-403-6188 or 708-403-6277.

Thank you for your time and participation!

Sincerely,

Daniel J. McLaughlin

Summary

The National Citizen Survey™ (The NCS™) is a collaborative effort between National Research Center, Inc. (NRC) and the International City/County Management Association (ICMA). The survey and its administration are standardized to assure high quality research methods and directly comparable results across The NCS communities. The NCS captures residents' opinions within the three pillars of a community (Community Characteristics, Governance and Participation) across eight central facets of community (Safety, Mobility, Natural Environment, Built Environment, Economy, Recreation and Wellness, Education and Enrichment and Community Engagement). This report discusses trends over time, comparing the 2016 ratings for the Village of Orland Park to its previous survey results in 2012 and 2014. Additional reports and technical appendices are available under separate cover.

Trend data for Orland Park represent important comparison data and should be examined for improvements or declines. Deviations from stable trends over time, especially, represent opportunities for understanding how local policies, programs or public information may have affected residents' opinions.

Meaningful differences between survey years have been noted within the following tables as being "higher" or "lower" if the differences are greater than five percentage points between the 2014 and 2016 surveys, otherwise the comparison between 2014 and 2016 are noted as being "similar." Additionally, benchmark comparisons for all survey years are presented for reference. Changes in the benchmark comparison over time can be impacted by various trends, including varying survey cycles for the individual communities that comprise the benchmarks, regional and national economic or other events, as well as emerging survey methodologies.

Overall, ratings in Orland Park for 2016 generally remained stable. Of the 132 items for which comparisons were available, 120 items were rated similarly in 2014 and 2016, 5 items showed a decrease in ratings and 7 showed an increase in ratings. Notable trends over time included the following:

- Within Community Characteristics most items remained stable; however ratings for ease of travel by public transportation and public places where people want to spend time decreased while ratings for child care/preschool increased from 2014 to 2016.
- Most of the facets in Governance remained stable from 2014 to 2016. Five aspects received higher ratings in 2016 compared to 2014 (animal control, snow removal, sidewalk maintenance, recreation programs and the overall direction of the Village). Ratings for street repair were lower in 2016 than in 2014.
- As in the other pillars, most aspect of Participation were stable from 2014 to 2016. More residents reported that they had NOT observed a code violation, and fewer residents had stocked supplies for an emergency or had a positive economic outlook in 2016 compared to 2014.

REQUEST FOR ACTION REPORT

File Number:	2016-0283
Orig. Department:	Parks & Building Maintenance Department
File Name:	Centennial Park Aquatic Center Chemical Controllers

BACKGROUND:

On March 21, 2016 the Village issued bid #16-015 for the permitting, purchase, installation and training on (3) Prominent DCM 501 series controllers complete with pH, ORP, Free Chlorine, Temp Sensors, with flow cell, flow switch and communications module HTML, micro web server with DHCP or user definable IP address.

The only bid was opened on April 7, 2016. Aqua Pure Enterprises, Inc. of Romeoville, IL was the lone bidder at a cost of \$16,710.15. Aqua Pure is a current vendor for the aquatic center and has supplied many items to us over the last several years.

On April, 18, 2016, this item was reviewed by the Parks & Recreation Committee, recommended for approval, and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Funds for the purchase have been budgeted for fiscal year 2016 in the amount of \$24,000 in account 283-4005-460180. Some of the remaining funds will be utilized to purchase tablet(s) for the automated control of the units through our Information Technology department.

REQUESTED ACTION:

I move to approve Aqua Pure Enterprises for permitting, purchase, installation and training on (3) Prominent DCM 501 series controllers for Centennial Park Aquatic Center at a cost not to exceed \$16,710.15.

REQUEST FOR ACTION REPORT

File Number: **2016-0288**
Orig. Department: **Parks & Building Maintenance Department**
File Name: **Controlled Burn and Stewardship of John Humphrey Woods**

BACKGROUND:

In 2011 the Village established its Basin and Best Practices Management Plan report. The report contains bids and evaluations on Village ponds and areas that require stewardship to ensure the proper functionality and aesthetics of said areas. Since the compilation of the report, the Village has worked with contractors to perform the required services. The selected companies were chosen based on proposal pricing and expertise in the area of ecological restoration. Pizzo & Associates, Ltd is one of the companies that were awarded basin and restoration work. Pizzo has proven to be extremely knowledgeable in this area of work and have provided exemplary service to the Village on the high profile pond and natural area projects.

A quote was requested from Pizzo & Associates, Ltd. for the Stewardship of John Humphrey Woods. The work includes the control of invasive, woody and herbaceous flora through cultural methods, physical removal or the application of appropriate herbicides. The native plants will take advantage of the competitive release created by mowing, the timely application of herbicide or physical removal of the non-native plants. We will target the invasive trees and brush such as Red Mulberry, Callery Pear, Reed Canary Grass, Buckthorn, Honeysuckle, and Brambles. Control methods will be basal bark application, frilling, girdling and direct application of herbicide. Target species will be treated and left as habitat. Invasive species control over a two month period for the cost of \$7,016.00.

A quote was requested from Pizzo & Associates, Ltd. for the prescribed burn of John Humphrey Woods in the amount of \$6550.00. The burn that was scheduled for last year was unable to be performed due to weather conditions. The vendor still has current permits for the Village's burn work. The prescribed burn would include implementation of a controlled burn in natural areas. Pizzo will use fire as a tool to clear debris, recycle nutrients and stimulate native plant and animal species. The fire crew is comprised of S130/S190 trained crew leaders knowledgeable in the fuel types present. The fire crew will create needed firebreaks and place noticeable signage prior to the burn. Seeds will be harvested prior to the burn to allow for post burn dispersal. The areas to be burned will contain unburned refuge for animal species. The burn is planned to be completed this coming fall. Due to the unpredictability of the weather, it may be necessary to postpone the burn to the next burn season. It is possible that local conditions could cause the burn unit to burn poorly when all conditions are within parameters. The Parks Department Staff will notify neighbors and coordinate with the Recreation Department to avoid disrupting the preschool function of the Franklin Loebe Center.

On April 18, 2016, this item was reviewed by the Parks & Recreation Committee, recommended for approval, and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

Funding for the stewardship in the amount of \$7,016.00 is available in the Parks Grounds account 283-4003-443500.

Funding for the prescribed burn in the amount of \$6,550.00 is available in the Parks Grounds account 283-4003-443500.

REQUESTED ACTION:

I move to approve the proposal from Pizzo & Associates, Ltd. for the spring stewardship at John Humphrey Woods at a cost not to exceed \$7,016.00;

And

Approve the proposal from Pizzo & Associates, Ltd. for the fall prescribed burn at John Humphrey Woods at a cost not to exceed \$ 6,550.00.

The Owner/Agent shall notify neighbors when applicable.

II. GENERAL INFORMATION

- A. Owner / Agent to provide a "Plat of Survey" for definitive location of project boundaries.
- B. Areas to be managed will be designated as per survey.
- C. Pizzo will provide minimum insurance coverage of \$1,000,000.00 for each of the following: General Liability, Umbrella and Prescription Fire. Please see Certificate of Insurance for details.
- D. Pizzo will keep a log of restoration activities performed during the contract period.
- E. Chemicals used will have the lowest environmental impact for the task at hand. Organic or cultural practices will be used whenever practical.
- F. Debris created during the day's work shall be placed into burn piles on site to be included in the prescribed burn.
- G. Landscape plantings in proximity of the burn unit(s) can suffer damage and shall not be covered by any warranty or insurance policy. The Owner/Agent/any association member shall hold Pizzo & Associates, Ltd. harmless for damages as a result of the prescribed burn in their natural area(s).
- H. Watering of trees, shrubs and perennials can be done as an additional item and will be performed as an addendum to this agreement at an additional charge.

III. COMPENSATION

The Owner/Agent will pay Pizzo for the aforementioned services, billed at the following rates:

Prescribed Fire – \$6,550.00 per burn, when performed.

IV. AGREEMENT

The term of this contract shall be 03/29/16 through 05/15/18.

ACCEPTANCE – I/We represent and warrant that I/we have authority to enter into this Contract. We accept the aforementioned and further accept the PIZZO & ASSOCIATES, LTD. STANDARD TERMS AND CONDITIONS, attached and hereby made part of this contract. We do hereby authorize Pizzo & Associates, Ltd. to perform the work as stated.

REQUEST FOR ACTION REPORT

File Number: **2015-0066**
Orig. Department: **Development Services Department**
File Name: **Winterset Estates Subdivision - Ordinance**

BACKGROUND:

On May 4, 2015 the Village Board approved a rezoning, subdivision, site plan, and variances for the Winterset Estates Subdivision located at 10595 W. 167th Street, which allows for the development of a seven lot single family residential subdivision and is subject to conditions as stated in the ordinance.

This is now before the Village Board for consideration of the ordinance.

BUDGET IMPACT:

REQUESTED ACTION:

I move to pass Ordinance Number _____, entitled: ORDINANCE REZONING CERTAIN REAL ESTATE FROM E-1 ESTATE RESIDENTIAL DISTRICT TO R-3 RESIDENTIAL AND GRANTING VARIANCES (WINTERSET ESTATES - 10595 W. 167TH STREET)

ORDINANCE REZONING CERTAIN REAL ESTATE FROM E-1 ESTATE RESIDENTIAL DISTRICT TO R-3 RESIDENTIAL AND GRANTING VARIANCES (WINTERSET ESTATES – 10595 W. 167TH STREET)

WHEREAS, a petition for rezoning of and granting variances for certain real estate, as set forth below, has been filed with the Village Clerk of this Village and said petition has been referred to the Plan Commission of this Village and has been processed in accordance with the Land Development Code (the "Code") of the Village of Orland Park as amended; and

WHEREAS, said Plan Commission of this Village held a public hearing on March 24, 2015, on whether the requested rezoning and variances should be granted, at which time all persons present were afforded an opportunity to be heard; and

WHEREAS, public notice in the form required by law, was given of the March 24, 2015, public hearing by publication not more than 30 days nor less than 15 days prior to said meeting in the Orland Park Prairie, a newspaper published in and of general circulation in this Village; and

WHEREAS, the Plan Commission of this Village has filed its report of findings and recommendations with this President and Board of Trustees, and this Board of Trustees have duly considered said report and findings and recommendations;

NOW THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Orland Park, Cook and Will Counties, Illinois, as follows:

SECTION 1

The report and findings and recommendations of the Plan Commission of this Village regarding the proposed rezoning and special uses are herein incorporated by reference as the findings of this President and Board of Trustees, as completely as if fully recited herein at length. All exhibits submitted at the aforesaid public hearing are also hereby incorporated by reference as fully as if attached hereto. This President and Board of Trustees further finds that the proposed rezoning, special use and variances are in the public good and in the best interests of the Village and its residents and is consistent with and fosters the purposes and spirit of the Orland Park Land Development Code as set forth in Section 1-102 thereof. Said rezoning and variances are also in accordance with the provisions of the Comprehensive Land Use Plan of the Village.

SECTION 2

The Orland Park Land Development Code, as amended, be further amended by reclassifying and rezoning the following described real estate (the "Subject Property"):

The North Half of the West Quarter of the Northeast Quarter of the Northeast Quarter of Section 29, Township 36 North, Range 12 East of the Third Principal Meridian, in Cook County, Illinois.

PIN NO. 27-29-201-009-0000

from E-1 Estate Residential District to R-3 Single-Family Residential District under the Code, as amended.

SECTION 3

In addition to the findings set forth in Section 1 hereof, this Board of Trustees further finds, in relation to the proposed variances as follows:

A. The Subject Property contains approximately 5.0 acres and is located within the Village of Orland Park in Cook County, Illinois, at 10595 W. 167th Street. The Subject Property is of the type contemplated in Section 6-204(B) of the Code and is being developed in accordance with a site plan best suited for the Subject Property. The plan is to develop the Subject Property for seven (7) single-family lots and one (1) storm water detention pond outlot (which includes a small park area) under the R-3 Residential Zoning classification, with variances as set forth in SECTION 4, below. The site provides for adequate buffering of the proposed uses from surrounding land uses.

B. The proposed use of the Subject Property is consistent with the purposes, goals, objectives and standards of the Comprehensive Plan, any adopted overlay plan and the Land Development Code. The Comprehensive Plan designates this property as Single-Family Residential (R-3) in the Grasslands Planning District.

C. The proposed development will be consistent with the character of the immediate vicinity of the Subject Property. To the south, east and west is single-family residential and to the north is Panduit Corporation (manufacturing).

D. The proposed use of the Subject Property creates no adverse effects, including visual impacts, on adjacent properties. The proposed development will not adversely affect the value of adjacent property.

E. The Petitioner has demonstrated that public facilities and services, including but not limited to roadways, park facilities, police and fire protection, hospital and medical services, drainage systems, refuse disposal, water and sewers, and schools will be capable of serving the development at an adequate level of service. Adequate measures have been or will be taken to provide ingress and egress so designed to minimize traffic congestion in the public streets. The entrances and exits will comply with all applicable requirements, and internal traffic is adequately provided for.

F. Petitioner has made adequate legal provision, through park land donation to the Village and home owner covenants, to guarantee the provision and preservation of all open spaces designated on the site plan and other improvements associated with the development.

G. The proposed use will not adversely affect a known archaeological, historical or cultural resource.

H. The proposed development shall comply with all additional standards imposed on it by all other applicable requirements of the ordinances of the Village and the Annexation Agreement authorized and approved by this Village President and Board of Trustees dated July 6, 2015 (the "Annexation Agreement").

SECTION 4

Variances are hereby granted for a single-family residential development of the Subject Property described in Section 2 hereof, subject to and conditioned upon the following:

A. The Subject Property shall be developed substantially in accordance with the Final Site Plan appended hereto and incorporated herein as EXHIBIT B entitled "WINTERSET ESTATES" prepared by SPACECO, INC., Job No. 8317, dated March 20, 2015, last revised April 29, 2015, subject to the following:

1. Petitioner must contribute a recapture fee to the Village in accordance with the Hunter Point Recapture Agreement dated May 12, 2003 for the previously constructed water booster station that will be utilized by this development. The recapture fee due the Village pursuant to the Hunter Point Recapture Agreement is \$65,500.00. This amount will be paid as each of the seven (7) building permits are issued, i.e., \$9,357.14 per lot. This recapture fee will be deposited in the Village's Water Reconstruction Fund.

2. Utilize the existing driveway off of 167th Street as a temporary construction access, until such time Lot 4 is granted a building permit.

3. Submit a Final Landscape Plan, meeting all Village Codes, for separate review and approval, within 60 days of final engineering approval, including the following items:

a. At the time of Final Landscape Plan, Petitioner shall work with residents of new and existing lots to locate mitigated trees to buffer rear lots of adjacent homes.

b. Provide tree mitigation, per Code requirements, preferably on site if a health spacing can be achieved, otherwise a contribution must be paid in accordance with the Land Development Code into the tree mitigation bank. Tree mitigation requirements will be finalized at the time of Final Landscape Plan and after final engineering of lots.

c. Plant the pond in a natural style with a native edge.

d. Include parkway trees along all sidewalks, including 167th Street, spaced 40' on center.

4. Meet all final engineering and building code related items.

5. Signage approval is not part of this Ordinance and should be submitted for separate review to and approval by the Building Division.

B. In addition to the above development approvals, the following variances are hereby granted:

1. Reduce the minimum lot depth on the shared boundary between lots 2 and 3 from a required 125' to approximately 110'.
2. Reduce the minimum lot depth on the shared boundary between lots 5 and 6 from a required 125' to approximately 113'.
3. Reduce cul-de-sac from a required 120' diameter to approximately 110'.
4. Reduce street turning radius from a required 175' radius to approximately 65'.
5. Reduce pond setback from a required 25' minimum to approximately 10'.
6. Increase pond slope from a required 4:1 maximum to approximately 3:1.
7. Reduce maintenance strip from a required 15' minimum to approximately 8'.

SECTION 5

The Petitioner (Permittee) hereunder shall at all times comply with the terms and conditions of this Ordinance, and the said July 6, 2015, Annexation Agreement herein granted.

SECTION 6

The zoning map of the Village of Orland Park, Cook and Will Counties, Illinois, be amended so as to be in conformance with the rezoning as aforesaid.

SECTION 7

That this Ordinance shall be in full force and effect from and after its adoption and approval as required by law.

**Subject: Executive Summary Sky Zone Indoor Trampoline Parking Data
Collection**

Dear Mr. Platt:

Introduction

RK ENGINEERING GROUP, INC. (RK) is pleased to submit this Executive Summary of the observed parking data collected for the SKY ZONE FRANCHISE GROUP, LLC (Sky Zone). Due to the unique land use, RK has collected observed parking demand data at a total of three (3) locations in order to determine a parking rate for indoor trampoline uses. The parking rate can be applied to future locations in order to determine the adequacy of parking and satisfy public agency requirements.

The parking demand rate is calculated by dividing the observed peak parking demand by the gross square feet of the building.

Study Parameters and Findings

On Friday, June 10 2011 and Saturday, June 11, 2011, RK collected parking demand data at the following locations:

1. Sky High Sports, Sacramento: 11327 Folsom Blvd. #160, Rancho Cordova, CA 95742 (Approx. 40,000 sq. ft.)
 - a. COUNTS: Friday – Saturday at 30 min intervals 9:30 AM -12:30 PM
Peak Friday Parking Rate: 0.67 parking spaces per thousand square feet of gross floor area.
Peak Saturday Parking Rate: 1.5 parking spaces per thousand square feet of gross floor area.

2. Sky High Sports, Orange County: 2970 Airway Ave, Costa Mesa, CA 92626 (Approx. 42,053 sq. ft.)
 - a. Friday 10:30 AM -10:00 PM at 30 minute intervals
 - b. Saturday 10:30 AM -10:00 PM at 30 minute intervals
Peak Friday Parking Rate: 2.3 parking spaces per thousand square feet of gross floor area.

Peak Saturday Parking Rate: 2.94 parking spaces per thousand square feet of gross floor area.

3. Sky Zone, Sacramento: 1091 Tinker Rd. Rocklin, CA 95765
(Approx. 20,000 sq. ft)

- a. Friday 9:30 AM - 9:30 PM at 30 minute intervals
- b. Saturday 9:30 AM - 10:30 PM at 30 minute intervals

Peak Friday Parking Rate: 1.6 parking spaces per thousand square feet of gross floor area.

Peak Saturday Parking Rate: 1.5 parking spaces per thousand square feet of gross floor area.

Two (2) of the indoor trampoline buildings shared parking with other uses, and as a consequence, special care was taken to ensure that only vehicles parked specifically to visit the indoor trampoline uses were counted.

Conclusions

Based on the observed parking analysis, the weighted average peak parking rate for all three (3) locations for Friday, June 10, 2011 is 1.51 parking spaces per thousand square feet of gross floor area for all uses. The weighted average peak parking rate for all three (3) locations for Saturday, June 11, 2011 is 2.08 parking spaces per thousand square feet of gross floor area.

The peak parking demand on Saturday, June 11, 2011 represented the highest demand rate. Therefore, based on the observed parking analysis a parking rate of 2.94 parking spaces per thousand square feet of gross floor area should be utilized in order to determine parking demand rates at future locations. This rate represents the highest observed parking demand for all uses.

In order to be conservative, a 10% increase may be applied to the parking rate as is standard practice in determining peak demand parking rates. This will be determined when future locations become available.

The observed parking data count sheets for all three locations are located in Appendix A.

RK is pleased to provide these summarized findings for SKY ZONE FRANCHISE GROUP, LLC. If you have any questions regarding this executive summary, or would like further review, please do not hesitate to call us at (949) 474-0809.

Respectfully submitted,
RK ENGINEERING GROUP, INC.

ORDINANCE GRANTING A VARIANCE - (66 ORLAND SQUARE DRIVE PARKING)

..B

WHEREAS, a petition seeking a variance for certain real estate, as set forth below, has been filed with the Village and has been referred to the Plan Commission of this Village and has been processed in accordance with the Orland Park Land Development Code, as amended; and

WHEREAS, the Plan Commission of this Village held a public hearing on January 26, 2016, on whether the requested variance should be granted, at which time all persons present were afforded an opportunity to be heard; and

WHEREAS, public notice, in the form required by law, was given of said public hearing by publication not more than 30 days nor less than 15 days prior to said hearing in The Orland Park Prairie, a newspaper of general circulation and a newspaper published in this Village; and

WHEREAS, the Plan Commission has filed with this President and Board of Trustees its report of findings and recommendation that the requested variance be granted, and this Board of Trustees has duly considered said report, findings and recommendation.

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the Village of Orland Park, Cook and Will Counties, Illinois, as follows:

SECTION 1

The report, findings and recommendation of the Plan Commission of this Village are herein incorporated by reference as the findings of this Board of Trustees, as completely as if fully recited herein at length. Also, all exhibits submitted at the public hearing are hereby incorporated by reference as fully as if attached hereto. This Board of Trustees further finds that the proposed variance is in the public good and in the best interests of the Village and its residents and is consistent with and fosters the purposes and spirit of the Land Development Code of the Village of Orland Park as set forth in Section 1-102 thereof.

SECTION 2

In addition to the findings set forth in Section 1 hereof, this Board of Trustees further finds in relation to the proposed variance as follows:

- a. The Subject Property is located at 66 Orland Square Drive in the Village, consists of approximately 7.76 acres and contains a 166,000 square foot building with accompanying parking lot. The Subject Property is zoned COR Mixed Use under the Village's Land Development Code (the "Code").
- b. The Petitioner is seeking a variance to reduce the parking requirement from 579 spaces to 314 spaces.

c. The Subject Property cannot yield a reasonable return if permitted to be used only under the conditions allowed by the Code. The Subject Property has been unable to lease the available spaces to tenants due to the parking requirements. The types of users solicited or that have shown interest in leasing space all require more parking per code than what is available on site. The majority of the building has been vacant for the past 13 years. With this variance, the entire building, with the exception of an approximately 7,000 square foot space, can be re-occupied.

d. The proposed reduction of the amount of required parking spaces from 579 to 314 is supported by information suggesting that the tenant and prospective tenants can operate at a significantly lower amount of parking than is required by the current Code. The Village staff has collected parking count data, which shows that the tenant, Carson's Furniture, is only occupying approximately 9% of the required parking spaces and can operate with only approximately 25 parking spaces. Prospective tenants, which include Charter Fitness, Skyzone and Jak's Warehouse, have also provided information indicating that their peak usage of the parking area alternates among users, allowing for provided parking to accommodate each use. Skyzone has provided an engineering study indicating that previous locations were able to operate at peak times using 42% less parking than is required by the Code, and Jak's Warehouse has provided documentation indicating that it has operated a larger facility for the last 3 years with 30% less parking than is required by the Code. Although Petitioner has not secured a formal shared parking agreement, there are 2,444 parking spaces directly adjacent to the Subject Property.

e. The requested variance is the minimum the Petitioner can do to alleviate the requirements of the Code and ensure compliance with the prospective users in the building. The Petitioner has maximized the amount of parking on the site and engaged in talks to secure a formal shared parking agreement. Within the past year, the Petitioner has increased the parking area on the site by nearly 50% and has sacrificed the use of several loading docks and drive in doors in an effort to create more parking for tenants and patrons. In order to occupy the building as it sits today without demolishing any portion or leaving any portion vacant, the Petitioner must pursue this variance request.

f. No one spoke in opposition to Petitioner's requested variances.

g. The plight of the owner is due to the unique circumstance of the configuration of the site and surrounding conditions. Petitioner cannot meet the current parking requirements given the current site layout. There is a large detention pond to the south of the building that restricts the Petitioner's ability to create more parking onsite.

h. The hardship is caused by the layout of the site and application of the Code and has not resulted from any act of the Petitioner or another person presently having an interest in the property.

i. The variance, if granted, will not alter the essential character of the locality. The area is zoned COR Mixed Use. The area to the north is zoned COR Mixed Use and includes multi-family residential uses. The area to the south is zoned COR Mixed Use and includes commercial uses. The area to the east is zoned R-4 Residential and includes single family attached residential uses. The area to the west is zoned COR Mixed Use and includes commercial uses. The proposed

redevelopment adds to the retail nature of the area and complements the surrounding area. The proposed renovations into a retail and entertainment complex ties into the types of business on the ring road to the mall.

j. The denial of the requested variance would be a hardship to the Petitioner. Without the variances, the Petitioner would not be able to lease the available spaces to tenants that have shown interest in the site, and the Subject Property will continue to remain substantially vacant.

k. The conditions of the property are unique to the property and not generally applicable to other properties. The proposed use of the property is unique to the property.

l. The granting of the variance will not be detrimental to the public welfare or injurious to other property or improvements in the neighborhood. The variance will not have a negative impact on the public welfare or neighborhood. The redevelopment of the property fits with the Village's Comprehensive Plan in the Village, and the design of the building and tenants under consideration all fit as suitable and desirable users in the zoning district.

m. The proposed variances will not impair an adequate supply of light and air to adjacent property, or substantially increase congestion in the public streets, or increase the danger of fire or endanger the public safety or impair property values within the neighborhood. In contrast, it will facilitate revitalization of the Subject Property by bringing in new business and patrons. The Petitioner also plans to add lights, landscaping and other public benefits to increase the desirability and safety on the property.

n. The aforesaid circumstances or conditions are such that the strict application of the parking requirements and the Petitioner's inability to meet those standards greatly limits its ability to stabilize the property and lease out the entire property. If the variance is not approved, approximately 40,000 square feet of the existing building must remain vacant indefinitely. A denial of the variance would restrict the Petitioner from leasing the property to the prospective tenants and would limit the scope of future tenants who may be interested in leasing space on the site. This hardship was not self-imposed. The variance would enhance the desirability of the property by attracting better business to the site. Improving this property is in the best interests of the Village.

SECTION 3

Subject to the conditions below, a variance for the Subject Property described below, reducing the amount of required parking from 579 spaces to 314 spaces, is hereby granted. The Subject Property is legally described as:

PARCEL 1:

The variance is subject to the following conditions:

A. The Subject Property shall be developed substantially in accordance with the preliminary site plan titled 66 Orland Square Drive Landlord Renovation, dated December 28, 2015, subject to the following conditions:

1. That Petitioner verify the existing shared parking agreement between the Subject Property and Orland Square Mall. If the current agreement is not applicable, the Petitioner shall continue to pursue a shared parking agreement with adjacent property owner, Orland Square Mall;
2. That Petitioner meet any and all building code related items;
3. That Petitioner work with Orland Square Mall to install crosswalks across Orland Square Drive from the Subject Property to Orland Square Mall.

SECTION 4

The Village Clerk is hereby ordered and directed to publish this Ordinance in pamphlet form, said pamphlet to be deposited in the office of the Village Clerk for general distribution, and this Ordinance shall be in full force and effect from and after its passage, approval and publication as required by law.

REQUEST FOR ACTION REPORT

File Number: **2016-0292**
 Orig. Department: **Development Services Department**
 File Name: **16555 108th Avenue Class 6B Resolution**

BACKGROUND:

This request is for the Board to consider a resolution in support of a new Class 6B status for the property located at 16555 108th Ave (PIN: 27-20-402-019-0000) in Orland Park. The Class 6B designation is being applied for by Stan Latek, on behalf of the owner Fudala Hodings LLC.

The applicant is seeking the Class 6B incentive based on the abandoned property provision of the Cook County Real Property Assessment Classification Ordinance. To qualify for the incentive under this provision, the applicant must verify that the property has been purchased for value and has been vacant for 24 continuous months. The petitioner provided the sale contract and an affidavit verifying the 24 continuous months of vacancy. The incentive term is for a period of 10 years (16% of market value) and then begins to rise in years 11 & 12 (23% and 30% respectively). In the absence of this incentive, real estate would normally be assessed at 36% of its market value.

The petitioner requires the tax incentive to provide reoccupancy to the building. If granted the owner plans to open an engineering office at this location.

DEVELOPMENT SERVICES PLANNING AND ENGINEERING COMMITTEE
 On April 18, 2016 this item was reviewed by the Development Services Planning and Engineering Committee, recommended for approval and referred to the Village Board of Trustees for consideration.

SECTION B (ABANDONED PROPERTY WITH NO SPECIAL CIRCUMSTANCE)

If the proposed development consists of the reoccupation of abandoned property, purchased for value, complete (1) and (2) below:

1. Was the subject property vacant and unused for at least 24 continuous months prior to the purchase for value?

YES NO

When and by whom was the subject property last occupied prior to the purchase for value?

ORLAND MEDICAL REALTY LLC
MALIK B. ALI MANAGER

Attach copies of the following documents:

- (a) Sworn statements from person having personal knowledge attesting to the fact and the duration of vacancy and abandonment
- (b) Information (*such as statements of utility companies*) which demonstrate that the property was vacant and unused and indicate duration of such vacancy

2. Application must be made to the Assessor prior to occupation:

Estimated date of reoccupation: MAY 1 2016
Date of Purchase: MAY 1, 2016
Name of purchaser: FUDALA HOLDINGS (DARIUSZ)
Name of seller: MALIK B. ALI FUDALA

LOCAL APPROVAL

A certified copy of a resolution or ordinance from the municipality in which the real estate is located (or the County Board, if the real estate is located in an unincorporated area) should accompany this Application. The ordinance or resolution must expressly state that the municipality supports and consents to this Class 6B Application and that it finds Class 6B necessary for development to occur on the subject property. If a resolution is unavailable at the time the application is filed, a letter from the municipality or the County Board, as the case may be, stating that a resolution or ordinance supporting the incentive has been requested may be filed with this application instead. If the applicant is seeking to apply based on the reoccupation of abandoned property and will be seeking a finding of "special circumstances" from the municipality, in addition to obtaining a letter from the municipality confirming that a resolution or ordinance supporting the incentive has been requested, the applicant must file a letter from the County Board confirming that a resolution validating a municipal finding of special circumstances has been requested. If, at a later date, the municipality or the County Board denies the applicant's request for a resolution or ordinance, the applicant will be deemed ineligible for the Class 6B incentive, whether or not construction has begun. In all circumstances, the resolution must be submitted by the time the applicant files an "Incentive Appeal".

I, the undersigned, certify that I have read this Application and that the statements set forth in this Application and in the attachments hereto are true and correct, except as those matters stated to be on information and belief and as to such matters the undersigned certifies that he/she believes the same to be true.

PURCHASE AND SALE AGREEMENT

THIS PURCHASE AND SALE AGREEMENT (hereinafter referred to as this "Agreement") is made as of the Effective Date (as hereinafter defined) by and between ORLAND MEDICAL REALTY, LLC, an Illinois limited liability company (hereinafter referred to as "Seller") and FUDALA HOLDINGS LLC, an Illinois limited liability company, or their nominee (hereinafter referred to as "Purchaser").

RECITALS

WHEREAS, the Seller owns fee simple title to certain improved real property commonly referred to as 16555 South 108th Avenue, Orland Park, Illinois, and legally described in Exhibit A which is attached hereto and incorporated herein by reference (hereinafter referred to as the "Land"), together with certain related intangible property.

WHEREAS, the Purchaser desires to purchase from Seller the Property (as hereinafter defined) and Seller desires to sell the Property to Purchaser, in accordance with the terms and conditions hereinafter set forth.

NOW, THEREFORE, in consideration of the mutual promises herein contained and the respective undertakings of the parties hereinafter set forth, Seller and Purchaser hereby agree as follows:

1. **Purchase and Sale.** Subject to the terms and conditions of this Agreement, Seller agrees to sell to Purchaser and Purchaser agrees to purchase from Seller all of the following described property (collectively, the "Property"):
 - (a) The Land, together with all easements, rights-of-way and appurtenances pertaining to the Land, if any;
 - (b) The building and improvements located on the Land (collectively the "Improvements" or sometimes referred to as the "Building");
 - (c) All fixtures, signs, apparatus, heating systems, attached plumbing, electrical and other building systems including but not limited to lighting fixtures and alarm systems, and all other personal property, if any, owned by Seller and which are located on the Land and/or in the Improvements and used in connection with the operation and ownership of the Improvements, excluding all furniture (the "Personal Property");
 - (d) Any intangible property (the "Intangible Property") owned or held by Seller solely in connection with Land or the Improvements including, but not limited to all transferable licenses and warranties covering the Land, the Improvements or any part thereof;

2. **Purchase Price.** The purchase price (the "Purchase Price") for the Property shall be Eight Hundred Thousand Dollars and No/100 (\$800,000.00), which shall be payable as follows:
- (a) **Earnest Money.** Within three (3) business days after the Effective Date Purchaser shall deposit, as earnest money, the sum of Twenty Thousand and No/100 Dollars (\$20,000.00) (the "Earnest Money") into an escrow with the Title Insurance Company (the "Title Company" or "Escrowee"). The Earnest Money shall be either applied to the Purchase Price at the Closing (as hereinafter defined), returned to Purchaser or paid to Seller, all as hereinafter provided for in this Agreement. The Earnest Money shall be held by the Escrowee in escrow (the "Earnest Money Escrow") for the mutual benefit of the parties hereto and at Purchaser's option, may be invested in an interest bearing account or a similar investment satisfactory to Purchaser. All interest earned on the Earnest Money shall be delivered to the party entitled to receive the Earnest Money; provided, however, that at the Closing the Earnest Money (exclusive of interest earned thereon) shall be applied against the Purchase Price and the interest earned thereon shall be delivered to Purchaser.
 - (b) **Cash Balance.** The balance of the Purchase Price, plus or minus the prorations and credits hereinafter provided for, shall be paid by Purchaser by federal wire transfer funds, together with such additional funds for Purchaser's share of closing costs as may be required pursuant to this Agreement.
3. **Closing.** The closing of the transaction contemplated by this Agreement (the "Closing"; the date of such closing being herein referred to as the "Closing Date") shall be held at an office of the Escrowee, mutually acceptable to the Seller and Purchaser, within 15 days after the expiration of the Due Diligence Inspection Period, the Purchaser Election Period, or Class 6b Approval (each as defined below), whichever is later. The transaction contemplated by this Agreement shall be closed by means of a Deed and Money "New York Style" Escrow (the "Closing Escrow") to be opened with the Escrowee on or before the Closing Date, with such special provisions inserted in the Closing Escrow as may be required to conform to this Agreement; provided, however, in the event of a conflict between the terms of this Agreement and the Closing Escrow, the terms of this Agreement shall control.
4. **Deliveries at Closing.**
- (a) At Closing, Seller shall deliver to the Escrowee or Purchaser directly, as Seller may elect, the following documents:

DF. [Signature]

- (i) A Special Warranty Deed conveying to Purchaser the Land and Improvements, subject to the Permitted Exceptions (as hereinafter defined) (the "Deed");
 - (ii) An affidavit of title in customary form covering the date of closing and showing title in Seller subject only to the Permitted Exceptions
 - (iii) A Bill of Sale conveying to Purchaser the Personal Property;
 - (iv) A Certificate of Non-Foreign Status of Seller as required by Section 1445 of the Internal Revenue Code;
 - (v) Any reasonable and customary documentation required by the Title Company (as hereinafter defined) in order for the Title Company to issue the Title Policy (as hereinafter defined);
 - (vi) Such proof of Seller's authority and authorization to enter into this transaction as may be required by the Title Company; and
 - (vii) An ALTA Statement and GAP Undertaking, as required by the Title Company.
- (b) At Closing, Purchaser shall deliver to the Escrowee, or Seller directly, as Purchaser may elect, the following:
- (i) The balance of the Purchase Price in accordance with Paragraph 2(b) above, plus Purchaser's share of closing costs;
 - (ii) Such proof of Purchaser's authority and authorization to enter into this transaction as may be required by the Title Company;
 - (iii) Any reasonable and customary documentation required by the Title Company in order for the Title Company to issue the Title Policy; and
- (c) At Closing, Purchaser and Seller shall jointly deliver the following documents to the Escrowee:
- (i) To the extent required, state, county and municipal transfer tax declarations;
 - (ii) Three (3) originals of a settlement statement prepared by the Title Company in a manner which reflects the terms and conditions, as

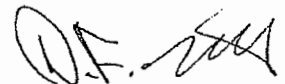

applicable, of this Agreement and otherwise in a form reasonably acceptable to Purchaser and Seller (the "Closing Statement"); and

- (iii) A joint direction to the Escrowee to transfer the Earnest Money into the Closing Escrow.
5. **Allocation of Closing Costs and Expenses.** Seller shall pay for the cost of the Title Policy, including extended coverage, but excluding any endorsements required or requested by Purchaser (all of which will be at Purchaser's sole cost and expense); the cost to record any instruments necessary to clear Seller's title; one-half of the cost of the Earnest Money Escrow; one-half of the cost of the Closing Escrow and one-half of the cost of the "New York Style" closing fee. Purchaser shall pay for the cost of any recording fees with respect to the Deed, one-half of the cost of the Earnest Money Escrow, one-half of the cost of the Closing Escrow, one-half the cost of the "New York Style" closing fee, the cost of any lender's money escrow and the cost of any endorsements required by the Purchaser other than extended coverage. State and county transfer taxes applicable to this transaction shall be paid by Seller. Any municipal transfer tax shall be paid by the party designated in the applicable municipal ordinance.
6. **Prorations.** The following prorations, except as specifically provided herein to the contrary, shall be made as of the Closing Date and shall be applied to reduce or increase the balance of the Purchase Price, as applicable:
- (a) **Taxes.** 2015 general real estate taxes for the Property shall be prorated as of the closing date on the basis of 105% of the last available full year's tax bill.
 - (b) **Utilities and Operating Expenses.** Gas, water, electricity, heat, fuel, sewer and other utilities and operating expenses relating to the Property shall be prorated through the date preceding the Closing Date. To the extent final readings cannot be obtained it shall be assumed that utility charges were uniformly incurred during the billing period in which the Closing occurs.
 - (c) **Miscellaneous.** If there are any items other than those set forth in subsections (a) through (d) above, the credit or proration of which are necessary to fairly allocate the benefits and burdens of ownership of the Property, such items shall be prorated at the Closing. All prorations shall be final. This provision and the obligations hereunder shall survive the Closing.

D.F. [Signature]

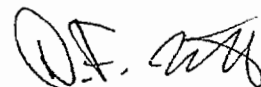

7. **Title Insurance.**

- (a) **Title Commitment.** No later than ten (10) days after the Effective Date, Seller shall deliver to Purchaser a commitment (the "Commitment") for an ALTA Owner's Policy of Title Insurance issued by the Title Company showing title to the Land vested in Seller, subject only to: (i) general taxes not yet due and payable, (ii) matters created by, through or under Purchaser; (iii) existing easements of record; and (iv) matters approved or waived by Purchaser pursuant to Paragraph 7(b) below (hereinafter collectively referred to as the "Permitted Exceptions") and the standard printed exceptions and general exceptions contained in the Commitment.
- (b) **Title Approval.** Purchaser shall have the right during the Due Diligence Inspection Period to deliver to Seller a notice ("Title Objection Notice") of the objections that Purchaser may have to anything contained in or set forth in or disclosed by the Survey or the Commitment ("Unpermitted Exceptions"). Any exception to which Purchaser does not object shall be considered a "Permitted Exception". Seller may, within ten (10) days after receipt of the Title Objection Notice (the "Seller Response Period"), elect to eliminate or satisfy the Unpermitted Exceptions to the satisfaction of Purchaser. If Seller fails to respond in writing during the Seller Response Period, Seller will be deemed to have elected not to correct the Unpermitted Exceptions. If Seller is unable or elects (or is deemed to elect) not to correct any Unpermitted Exceptions, then Purchaser shall have the right within ten (10) days after the expiration of the Seller Response Period (or prior to the Due Diligence Completion Date, if later)("Purchaser Election Period"), at its election, but as its sole and exclusive remedy, to either (a) waive such Unpermitted Exceptions and accept title to the Property subject to such Unpermitted Exceptions (in which event such exceptions shall be deemed "Permitted Exceptions"), or (b) terminate this Agreement. In the event that on or before the end of the said Purchaser Election Period, Purchaser has not elected to terminate this Agreement, then Purchaser shall be deemed to have elected to waive all of such Unpermitted Exceptions. In the event Purchaser elects to terminate this Agreement, and is not in default, the Escrowee shall be authorized to immediately deliver to Purchaser the Earnest Money and neither party hereto shall have any further obligation or liability under this Agreement, except as otherwise provided to the contrary in this Agreement. Notwithstanding the above, Seller may use the proceeds payable at Closing to discharge any monetary liens of a definite or ascertainable amount affecting the Property.
- (c) **Title Policy.** As of the Closing Date, Seller shall cause the Title Company to issue to Purchaser its ALTA owner's policy of title insurance or

irrevocable commitment to issue same with extended coverage (the "Title Policy") covering the Property in the amount of the Purchase Price, subject only to the Permitted Exceptions.

8. **Plat of Survey.** Seller at its sole cost shall obtain a plat of survey of the Property (the "Survey") dated after the Effective Date and prepared by a surveyor licensed in Illinois, and so certified by such surveyor as having been prepared, in accordance with the Minimum Standard Detail Requirements for ALTA/ACSM land title surveys jointly established and adopted by ALTA and ACSM, which Survey shall be certified to Seller, Purchaser, Purchaser's Lender, the Title Company. Any survey discrepancies or defects objected to by Purchaser shall be included in the Title Objection Notice and deemed Unpermitted Exceptions. The rights and obligations of the parties as to those survey discrepancies or defects shall be the same as with all other Unpermitted Exceptions as noted in Paragraph 7(b).
9. **Purchaser's Contingencies.**
 - (a) **Information and Documentation.** Seller shall make available to Purchaser within ten (10) business days after the Effective Date for Purchaser's review the following information pertaining to the Property to the extent same is in Seller's possession: existing surveys; title insurance policies; environmental reports; current real estate tax bills, and any applicable contracts, leases, permits and licenses affecting the Property (collectively the "Due Diligence Documents"). Purchaser hereby acknowledges that the Due Diligence Documents are provided "AS IS," without representation or warranty of any kind, including as to the accuracy of the information and conclusions contained therein.
 - (b) **Due Diligence Inspection Period.** Purchaser shall have a period (the "Due Diligence Inspection Period") commencing on the Effective Date through and including the calendar day which is thirty (30) days thereafter (the "Due Diligence Completion Date") within which to determine the feasibility of acquiring the Property. If, for any reason whatsoever, in Purchaser's sole discretion, or for no reason, Purchaser is not satisfied with the feasibility of acquiring the Property, Purchaser shall have the right to terminate this Agreement by written notice to Seller no later than 5:00 p.m. C.S.T. on the Due Diligence Completion Date. In the event Purchaser fails to timely notify Seller of Purchaser's decision to terminate this Agreement on or before the Due Diligence Completion Date, Purchaser shall be deemed to have elected to acquire the Property pursuant to the terms of this Agreement. Upon any termination of this Agreement by Purchaser pursuant to this Paragraph 9(b), the Earnest Money shall be returned to Purchaser and all rights and obligations of the parties

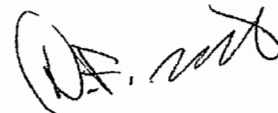

hereunder shall cease, except as otherwise provided to the contrary in this Agreement.

(c) **Class 6b Approval.** The purchase of the Property is subject to the Purchaser obtaining a resolution or ordinance from the Village Orland Park in support of Class 6b tax status for the Property. However, Purchaser shall be required to submit such documentation as the Village may require for the Class 6b application prior to the expiration of the Due Diligence Inspection Period. In the event such resolution or ordinance is not obtained within thirty (30) days after the expiration of the Due Diligence Inspection Period ("Class 6b Approval Period"), Purchaser shall have the right to terminate this Agreement by written notice to Seller no later than 5:00 p.m. C.S.T. on the last day of the Class 6b Approval Period. In the event Purchaser fails to timely notify Seller of Purchaser's decision to terminate this Agreement on or before the end of Class 6b Approval Period, Purchaser shall be deemed to have elected to acquire the Property pursuant to the terms of this Agreement. Upon any termination of this Agreement by Purchaser pursuant to this Paragraph 9(c), the Earnest Money shall be returned to Purchaser and all rights and obligations of the parties hereunder shall cease, except as otherwise provided to the contrary in this Agreement.

10. **Inspection.** During the Due Diligence Inspection Period, Purchaser shall have the right and opportunity to physically inspect the Property during normal business hours and upon at least one (1) business day prior notice and, at the election of Seller, accompanied by a representative of Seller, subject to the following:

- (a) Purchaser's inspections shall not cause any injury to the Property;
- (b) Purchaser, at its sole cost and expense, shall promptly repair any damage to the Property caused by Purchaser's inspections;
- (c) Purchaser shall indemnify, defend and hold Seller harmless from and against any and all loss, cost, injury, damage, liability or expense, including, without limitation, reasonable attorneys' fees and court costs, and liability of any kind arising out of or in connection with Purchaser's activities on the Property, including, without limitation, the acts and omissions of Purchaser's agents, employees, architects, engineers and other personnel;
- (d) Prior to entering the Property, Purchaser shall provide evidence to Seller through certificates of insurance naming Seller as named additional insured that Purchaser or Purchaser's agent or contractor conducting the

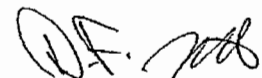

inspection is maintaining comprehensive general public liability insurance (including automobile and contractual liability endorsements) against claims for personal injury or death and property damage occasioned by accidents occurring upon, in or about the Property, all in such amounts and with such coverages as shall be reasonably satisfactory to Seller.

- (e) Notwithstanding anything to the contrary contained in this Agreement, the terms, provisions, conditions and indemnifications of this Paragraph 10 shall survive Closing and the delivery of the Deed or the termination of this Agreement.

11. **Representations, Warranties and Covenants.**

- (a) **Representations and Warranties of Seller.** In order to induce Purchaser to enter into this Agreement, Seller represents and warrants to Purchaser as follows:
 - (i) This Agreement has been, and all the documents to be delivered by Seller to Purchaser at Closing will be, duly authorized, executed and delivered by Seller, are or will be legal, valid and binding obligations of Seller, will be sufficient at Closing to convey good and marketable title to Purchaser, are or will be at Closing enforceable in accordance with their respective terms, and do not and will not at Closing violate any provisions of any agreement to which Seller is a party or by which the Property is bound.
 - (ii) Seller has received no notice of any violations of any health, safety, pollution, environmental, zoning or other laws, ordinances, rules or regulations with respect to the Property.
- (b) **Representations and Warranties of Purchaser.** In order to induce Seller to enter into this Agreement, Purchaser represents and warrants to Seller as follows:
 - (i) **Purchaser's Authority.** Purchaser has the legal power, right and authority to enter into this Agreement, to consummate the transactions contemplated hereby and to execute and deliver all documents and instruments to be delivered by Purchaser hereunder.
 - (ii) **Requisite Action.** All requisite action has been taken or obtained by Purchaser in connection with the entering into this Agreement and the consummation of the transactions contemplated hereby, or shall have been taken prior to the Closing Date.

12. **Casualty or Condemnation Prior to Closing.**

(a) **Casualty.** If, prior to the Closing Date, a material part (as defined in this Paragraph 12(a)) of the Property is destroyed or damaged by fire or other casualty, Seller will promptly notify Purchaser of such fact, and either Purchaser or Seller will have the right to terminate this Agreement by giving notice to the other not later than ten (10) days after notice from Seller to Purchaser. For the purposes hereof, a "material part" of the Property will mean a part of the Property which, as determined by a general contractor mutually acceptable to Seller and Purchaser, will cost in excess of twenty percent (20%) of the Purchase Price to repair. If neither Seller or Purchaser elect to terminate this Agreement as aforesaid, or if there is damage to or destruction of less than a material part of the Property by fire or other casualty, there will be no abatement of the Purchase Price, and (i) Seller will assign to Purchaser (without recourse) at the Closing the rights of Seller to the proceeds, if any, under Seller's insurance policies covering the Property with respect to such damage or destruction, which Purchaser will be entitled to receive and keep, and (ii) the amount of any deductible will be credited to Purchaser at Closing.

(b) **Eminent Domain/Condemnation.** In the event that any time after the Effective Date, proceedings are instituted for the appropriation of any part of the Property by the power of eminent domain or condemnation, Seller agrees to immediately notify Purchaser of such action. Purchaser shall receive a credit against the purchase price in the amount of any awards or other proceeds actually received by Seller prior to the closing for such taking, and at the closing, any award actually received by Seller in excess of the purchase price shall be paid to Purchaser; and at the closing, Seller shall also assign to Purchaser all of Seller's right, title and interest in and to any future awards by reason of such taking.

13. **Brokers.** The parties mutually warrant and represent to the other that no brokers other than John Basile of Colliers International, on behalf of Seller, and Stan Latek of Prospect Equities, on behalf of Purchaser (hereinafter referred to as the "Brokers") were involved in the subject transaction. Seller shall solely responsible for the commissions and fees due Brokers consistent with the listing agreement entered into with Colliers International.

14. **Default.**

(a) **Purchaser's Remedies upon Seller's Default.** If Closing fails to occur because of Seller's default, then Purchaser may, at its option, terminate the Agreement and receive a full and immediate return of all Earnest Money,

W.F. [Signature]

together with all interest thereon or Purchaser may seek specific performance of this Agreement and pursue any and all rights at law or equity.

(b) **Seller's Remedies upon Purchaser's Default.** In the event the Closing fails to occur because of Purchaser's default, the Earnest Money shall be paid to Seller, together with all interest thereon, and Purchaser may pursue any and all rights at law or equity, including specific performance.

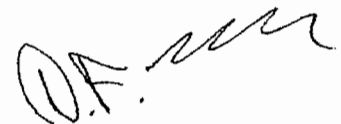

15. **Possession; Condition of Property.** Subject to any right of third parties under the Leases, Seller shall deliver possession of the Property to Purchaser on the Closing Date in substantially same condition as on the Due Diligence Completion Date, reasonable wear and tear excepted. If Seller removes any equipment, machinery, fixtures or other items which are not part of the Property to be conveyed hereunder ("Removed Items") from the Improvements, Seller will reasonably repair any damage caused by the installation, operation or removal of such Removed Items.
16. **Assignment.** Purchaser may assign its rights and obligations under this Agreement by giving Seller written notice thereof not less than five (5) days prior to Closing, but such Assignment will not release Purchaser from its obligations hereunder
17. **Notices.** Any notice required or permitted to be given by this Agreement shall be given or made in writing, and shall be served (i) personally by messenger or courier services, (ii) by facsimile or email transmission, with a copy of the notice and proof of the transmission sent by regular first class mail if requested by the receiving party, or (iii) by overnight delivery as follows:

18. Miscellaneous.

- (a) Entire Agreement. This Agreement contains the entire agreement between the parties respecting the matters herein set forth and supersedes all prior agreements between the parties hereto respecting such matters, if any, there being no other oral or written promises, conditions, representations, understandings, warranties or terms of any kind as conditions or inducements to the execution hereof and none have been relied upon by either party.
- (b) Time is of the Essence. Time is of the essence of this Agreement.
- (c) Headings. Paragraph headings shall not be used in construing this Agreement.
- (d) No Waiver. Except as herein expressly provided, no waiver by a party of any breach of this Agreement by the other party shall be deemed to be a waiver of any other breach by such other party (whether preceding or succeeding and whether or not of the same or similar nature), and no acceptance of payment or performance by a party after any breach by the other party shall be deemed to be a waiver of any breach of this Agreement or of any representation or warranty hereunder by such other

party whether or not the first party knows of such breach at the time it accepts such payment or performance. No failure or delay by a party to exercise any right it may have by reason of the default of the other party shall operate as a waiver of default or as a modification of this Agreement or shall prevent the exercise of any right by the first party while the other party continues to be so in default.

- (e) Sole Discretion. Except as otherwise expressly provided herein, any approval or consent provided to be given by a party hereunder may be given or withheld in the absolute discretion of such party.
- (f) Governing Law. This Agreement shall be construed and enforced in accordance with the laws of the State of Illinois.
- (g) Amendment or Modification. No agreement, amendment, modification, understanding or waiver of or with respect to this Agreement or any term, provision, covenant or condition hereof, nor any approval or consent given under or with respect to this Agreement, shall be effective for any purpose unless contained in a writing signed by the party against which such agreement, amendment, modification, understanding, waiver, approval or consent is asserted.
- (h) Time Computation. If the final day of any period or any date of performance under this Agreement falls on a Saturday, Sunday or legal holiday, then the final day of the period or the date of such performance shall be extended to the next business day.

REQUEST FOR ACTION REPORT

File Number:	2016-0105
Orig. Department:	Development Services Department
File Name:	Orland Park History Museum - Special Use Permit, Rezoning, Plat of Subdivision - Ordinance

BACKGROUND:

On April 18, 2016 the Village Board of Trustees approved 7 - 0 a special use permit for the Orland Park History Museum, located at 14415 Beacon Avenue and for the rezoning and plat consolidation of properties located at 14415 Beacon Avenue, 14427 Beacon Avenue, 9740 Ravinia Court, 9750 Ravinia Court and 9761 Ravinia Lane. The Special Use Permit, Rezoning, Plat of Subdivision allow for the establishment of the museum in the OOH Old Orland Historic District and help to reorganize the zoning and platting of neighboring Village-owned parcels.

This is now before the Village Board for consideration of the ordinance.

BUDGET IMPACT:

REQUESTED ACTION:

I move to pass Ordinance Number_____, entitled: ORDINANCE REZONING CERTAIN REAL ESTATE AND GRANTING A SPECIAL USE PERMIT FOR THE ORLAND PARK HISTORY MUSEUM

..T

ORDINANCE REZONING CERTAIN REAL ESTATE AND GRANTING A SPECIAL USE PERMIT FOR THE ORLAND PARK HISTORY MUSEUM

..B

WHEREAS, an application seeking rezoning and a special use permit to locate the Orland Park History Museum at the Old Village Hall and to rezone and consolidate the parcels on and adjoining the proposed museum location has been filed with the Village Clerk of this Village and has been referred to the Plan Commission of this Village and has been processed in accordance with the Land Development Code of the Village of Orland Park as amended; and

WHEREAS, said Plan Commission of this Village held a public hearing on March 22, 2016, on whether the requested rezoning and special use permit should be granted, at which time all persons present were afforded an opportunity to be heard; and

WHEREAS, a public notice in the form required by law was given of said public hearing by publication not more than 30 days nor less than 15 days prior to said hearing in the Orland Park Prairie, a newspaper of general circulation in this Village; and

WHEREAS, the Plan Commission of this Village has filed its report of findings and recommendations that the requested rezoning and special use be granted with this President and Board of Trustees, and this Board of Trustees have duly considered said report and findings and recommendations;

NOW THEREFORE, Be It Ordained by the President and Board of Trustees of the Village of Orland Park, Cook and Will Counties, Illinois, as follows:

SECTION 1

The Plan Commission of this Village has made its report of findings and recommendations regarding the proposed rezoning and special use. The findings of the Plan Commission are herein incorporated by reference as the findings of this President and Board of Trustees, as completely as if fully recited herein at length. All exhibits submitted at the aforesaid public hearings are also hereby incorporated by reference as fully as if attached hereto. This President and Board of Trustees further finds that the proposed rezoning and special use is in the public good and in the best interests of the Village and its residents and is consistent with and fosters the purposes and spirit of the Orland Park Land Development Code as set forth in Section 1-102 thereof. Said rezoning and special use is also in accordance with the provisions of the Comprehensive Land Use Plan of the Village.

SECTION 2

In addition to the findings set forth in Section 1 hereof, this Board of Trustees further finds, in relation to the proposed special use permit to locate the Orland Park History Museum at the Old Village Hall, as follows:

(a) The proposed museum location is 14415 Beacon Avenue, the Old Village Hall Building, which is zoned OOH Old Orland Historic District. A special use permit is required for all museums in all areas of the District. The museum will share the building with the Village's Building Maintenance Division, with approximately two-thirds of the building occupied by the Museum (4,800 sf), and one-third by the Building Maintenance Division (2,200 sf). The Museum will occupy the north and south wings of the building, with the Building Maintenance Division in the middle section.

(b) The proposed development is consistent with the purposes, goals, objectives and standards of the Comprehensive Plan, any adopted overlay plan and the Land Development Code. The Comprehensive Plan designates this area as Neighborhood Mixed Use in the Downtown Planning District. The museum will preserve the character of the neighborhood and will help improve and strengthen the historic district by partnering with residents and businesses located within the District. The museum will draw Orland Park residents and other visitors to this historic asset and will create an opportunity for Orland Park residents to participate in community life through events, programs, interactive classes, workshops and a variety of other activities. The museum will educate the public on the local identity and unique aspects of Orland Park and create a focal point within the Village to celebrate the community's history and distinct character. The proposed development shall comply with all additional standards imposed on it by all other applicable requirements of the ordinances and regulations of the Village.

(c) The proposed development will be consistent with the character of the immediate vicinity of the subject property, which is presently zoned OOH Old Orland Historic District – Single Family Residential to the north, OOH Old Orland Historic District – Governmental Use to the south, OL Open Lands District – Frontier Park; VCD Village Center District to the east, and OOH Old Orland Historic District - Museum to the west, where government and museum uses are located. The special use will also be consistent with the community character of the immediate vicinity of the subject property because the surrounding uses include the Humphrey House Museum operated by the Orland Historical Society to the west.

(d) The museum will not change or alter the exterior of the existing building, nor will it affect or impact the properties adjacent to the building. According to the 2008 Residential Area Intensive Survey (RAI), the Old Village Hall building is in good condition with high integrity. There is currently ample parking for the building, and the proposed sign will be consistent with the design of other signs already located within the district. Therefore, it will maintain the historic character of the neighborhood surrounding the museum. The museum will likely have a positive impact on the value of Historic District properties and on sales tax revenues. The museum will enhance the attractiveness and special character of the area by offering more recreational opportunities and providing a place for positive interaction among community members.

(e) The Petitioner has demonstrated that public facilities and services, including but not limited to roadways, park facilities, police and fire protection, hospital and medical services, drainage systems, refuse disposal, water and sewers and schools will be capable of serving the special use at an adequate level of service. The existing building currently houses the Orland Park Building Maintenance Division, and the museum will share the property with this Division. The Orland Park Police Department and Orland Park Fire Protection District have full access to the building

in case of an emergency, the water and sewer services will remain the same, and refuse disposal services will remain the same, and there is adequate parking with entrance and egress. The building is also ADA accessible. The museum will benefit schools and park facilities located in and around Orland Park that wish to bring students/groups to the location.

(f) Petitioner has made adequate legal provision to guarantee the provision and development of any open space and other improvements associated with the proposed development. The museum is willing to cooperate with the Orland Park Development Services Department, the Orland Park Maintenance Department, and Orland Park Village Hall in the case of any open space or other improvements with this building and grounds.

(g) The development will not adversely affect a known archaeological, historical or cultural resource. The museum is not expanding the building and so the character of the original structure will remain the same.

SECTION 3

The Board of Trustees further finds, in relation to the proposed rezoning and consolidation of the parcels on and adjoining the proposed museum location, as follows:

(a) The proposed rezoning would change the zoning of two Village-owned parcels, located at 9761 Ravinia Lane (27-09-213-027-000) and 9740 Ravinia Court (27-09-213-044-000), from VCD Village Center District to OL Open Lands District. The two parcels currently serve as parking lots, and are non-conforming uses. This rezoning would allow the two parcels to match the zoning of the adjacent Pioneer Park and allow these parcels to be consolidated with 9750 Ravinia Court (27-09-213-024-000). The proposed Plat of Consolidation would consolidate 9761 Ravinia Lane, 9740 Ravinia Court and 9750 Ravinia Court into one parcel with a parcel address of 9750 Ravinia Court. This consolidation would create a contiguous park/parking lot. Additionally, the proposed Plat of Consolidation reflects the consolidation of 14415 Beacon Avenue (27-90-208-025-000) and 14427 Beacon Avenue (27-09-208-047-0000) into one parcel with a parcel address of 14415 Beacon Avenue. Consolidation of these two parcels would eliminate a non-compliant land use situation and expand the area of the parcel on which the Orland Park History Museum is located.

(b) The rezoning will complement the existing uses and zoning of nearby property. By changing the two Village-owned parcels, located at 9761 Ravinia Lane and 9740 Ravinia Court, from VCD Village Center District to OL Open Lands District, the parcels will have the same zoning designation as Frontier Park, which will allow the parcels to be consolidated with the parcel located at 9750 Ravinia Court. Currently these two parcels are non-conforming uses. The consolidation of these three parcels will create a contiguous park/parking lot. Additionally, the consolidation of 14415 Beacon Avenue and 14427 Beacon Avenue into one parcel will eliminate a non-compliant land use situation and expand the area of the parcel on which the Orland Park History Museum is located.

(c) The rezoning will not diminish property values. In contrast, the rezoning will benefit the public and promote general welfare by aiding in the development of the Orland Park History

Museum and by creating a more cohesive Land Development Code. The consolidation of 9761 Ravinia Lane, 9740 Ravinia Court, and 9750 Ravinia Court as well as 14415 Beacon Avenue and 14427 Beacon Avenue would eliminate non-conforming or non-compliant uses and create more contiguous lots.

(d) The rezoning is quite suitable because 9761 Ravinia Lane and 9740 Ravinia Court are currently non-conforming uses. By rezoning these parcels to match the adjacent parcel located at 9750 Ravinia Court, these three parcels can consolidate into one parcel. This will make the Land Development Code more organized and cohesive. Additionally, consolidating 14415 Beacon Avenue and 14427 Beacon Avenue will eliminate non-conforming or non-compliant uses, create a more contiguous lot, and expand the parcel on which the Orland Park History Museum seeks to locate.

(e) The parcels located at 9761 Ravinia Lane and 9740 Ravinia Court are not vacant but serve as a parking lot. They were rezoned in 2006 when the VCD Village Center District was amended. Additionally, the 14427 Beacon Avenue parcel has a detached garage with no principal structure.

(f) The Petitioner has provided evidence of the community need for the proposed use by demonstrating the projects compatibility and conformity to the Village's Comprehensive Plan, Land Development Code and polices for the area.

SECTION 4

A special use permit for the establishment of a museum at 14415 Beacon Avenue is hereby granted, subject to the conditions below, and issued to the Village of Orland Park, for the following described property:

REQUEST FOR ACTION REPORT

File Number:	2016-0295
Orig. Department:	Development Services Department
File Name:	2016 Consulting and Exclusive Commercial Real Estate Listing Agreement with HSA Commercial, Inc.

BACKGROUND:

The Village of Orland Park has been working with HSA (Tim Blum and Associates) on the marketing and development of deal structures for the Main Street Development Project. HSA has worked closely with Village staff and has served as a useful extension of Village resources throughout the process, with no Village funds expended to-date. HSA will be paid a commission for the University of Chicago Medicine Project, when the Certificate of Occupancy is issued later this year. This is consistent with the terms of the contract.

Village staff is recommending renewal of the existing Real Estate Listing Agreement for 2016.

On April 18, 2016, this item was reviewed by the Development Services Planning & Engineering Committee, recommended for approval and referred to the Village Board of Trustees for consideration.

BUDGET IMPACT:

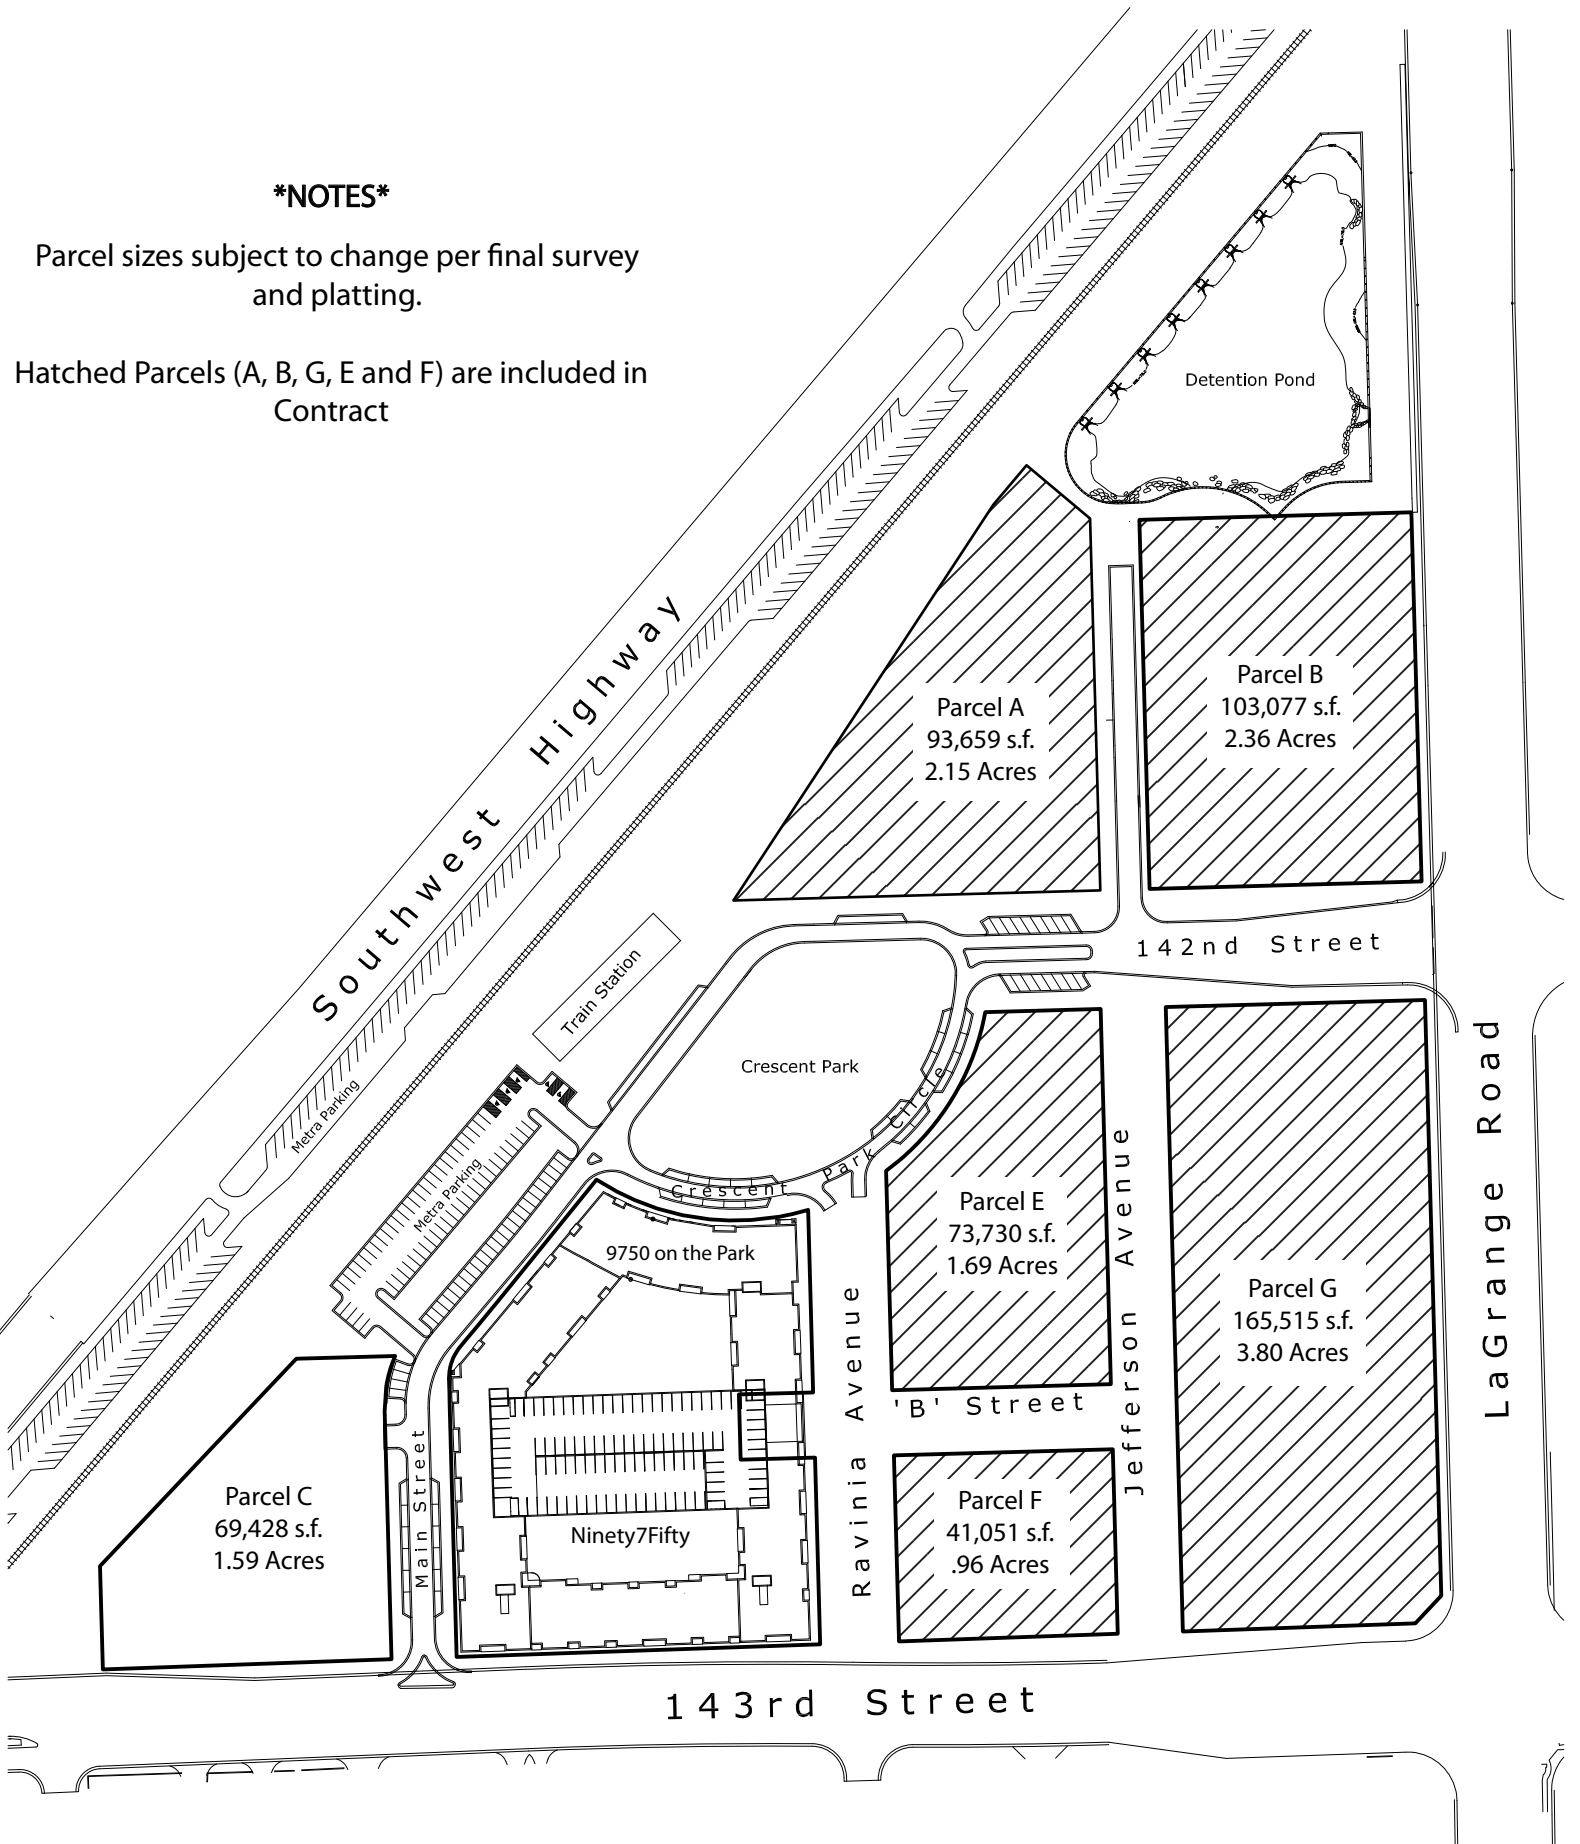

REQUESTED ACTION:

I move to approve the 2016 Consulting and Exclusive Commercial Real Estate Listing Agreement with HSA Commercial Real Estate, as attached.

NOTES

Parcel sizes subject to change per final survey and platting.

Hatched Parcels (A, B, G, E and F) are included in Contract

**2016 CONSULTING AND EXCLUSIVE COMMERCIAL
REAL ESTATE LISTING AGREEMENT**

This Consulting and Exclusive Commercial Real Estate Listing Agreement (“Agreement”) is made and entered into this _____ day of _____, 2016, by and between the VILLAGE OF ORLAND PARK, an Illinois home rule municipal corporation, whose address is 14700 S. Ravinia Avenue, Orland Park, Illinois 60462 (“Village”) and HSA COMMERCIAL, INC., an Illinois corporation, doing business as HSA COMMERCIAL REAL ESTATE, whose address is 233 S. Wacker Drive, Suite 350, Chicago, Illinois 60606 (“HSA”).

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties hereby agree as follows:

1. Exclusive Listing Agreement. The Village hereby grants to HSA the exclusive right and privilege as the agent of the Village to show and offer for sale or lease the following described property lying and being situated in the Village of Orland Park, County of Cook:

[Here describe METRA TRIANGLE commercial area.]

and being known as having a common address of the NW Corner of LaGrange and 143rd Street, excluding the 9750 Crescent Circle property, Orland Park, Illinois, together with all fixtures, landscaping, improvements and appurtenances, all being hereinafter collectively referred to as the “Property.”

2. Exclusion of Prospective Purchaser. This Agreement shall not apply to any sale or lease of the Property, or any part thereof, by the Village to a retail food/grocery business with whom the Village has been negotiating.

3. Term. This Agreement will become effective on the date set forth above and will continue in effect for one (1) year from said date unless sooner terminated by written notice by

either party given not less than thirty (30) calendar days prior to the effective date of termination set forth in the notice.

4. HSA's Duties to Village. HSA's sole duties to the Village (in addition to consulting and advisory services to be performed by HSA for the Village as hereinafter described) shall be to: (a) use HSA's best efforts to procure buyer(s) and/or tenant(s) for all or any part of the Property, ready, willing and able to purchase or lease the Property or any part of the Property upon such terms as are acceptable to the Village; (b) to assist to the extent requested by the Village in negotiating the terms of any sale/purchase contract or lease; and (c) comply with all applicable laws in performing its duties.

5. Village's Duties. Village represents that the Village: (a) presently has good and marketable fee simple title to the Property and has full authority to enter into this Agreement; (b) will cooperate with HSA to sell or lease the Property, or any part thereof, to prospective buyers and tenants; (c) will make the Property available for showing at reasonable times as requested by HSA; and (d) will provide HSA with accurate information regarding the Property, including information concerning all adverse material facts pertaining to the physical condition of the Property.

6. Marketing/Advertisements. HSA shall advertise the Property for sale or lease in all appropriate media and may photograph and/or videotape the Property, using the photographs and/or videotapes in connection with HSA's marketing efforts. In this capacity, HSA shall:

- (a) develop and propose a marketing program and strategy to be submitted to the Village for approval;
- (b) prepare a list of businesses to be targeted as potential buyers or lessees;
- (c) conduct a marketing campaign using personal contacts as well as electronic media;
- (d) provide representatives of HSA to tour the Property and the Village with prospective buyers/lessees;

- (e) work closely and cooperatively with Village representatives and the Village's architect and other consultants in providing site planning and development concepts and proposals;
- (f) provide its expertise to identify and recommend Village-wide economic development initiatives and opportunities;
- (g) procure buyers/lessees in cooperation with other real estate brokers and their affiliated licensees and to list the Property in a multiple listing service or similar service;
- (h) distribute listing and sales/lease information; and
- (i) provide to the Village regular verbal updates (at least monthly) and regular written reports (at least quarterly) as to HSA's marketing efforts and the identities of those potential buyers or lessees with whom HSA has been in contact regarding the Property. It is understood and agreed however, that marketing documentation, written materials, electronic communications, advertisements and signs shall first be revised and approved by the Village.

7. Additional Advisory Services. In addition to those professional services to be provided to the Village by HSA with respect to the Property as described above, HSA shall assist the Village with evaluating and advising on economic and development opportunities and recommendations for the entire Village downtown and Village-wide areas which, in HSA's opinion, will involve the structure of sale/lease or other programs to encourage redevelopment and reinvestment throughout the Village.

8. Commission on Sale(s). Village shall pay to HSA, upon closing, a real estate sales commission of SIX PERCENT (6%) of the sales price of the Property or any part thereof. In the event that a cooperating broker procures a buyer of the Property or any part thereof, HSA may share the commission with such cooperating broker provided the total commission payable by the Village shall not exceed SIX PERCENT (6%) of the sales price. The Village's commission obligations set forth herein shall survive the termination of this Agreement with respect to any fully executed sales contract pending at the time of such termination.

9. Commission on Lease(s). The Village shall pay to HSA, upon execution of a lease and occupancy by the lessee, a commission of:

(a) THREE PERCENT (3%) of the total aggregate base rent for the initial term (capped at 20 years and excluding option years), payable upon tenant opening for business:
and

(b) Provided a cooperating broker is utilized by the tenant, the commission will increase by a factor of 1.5 and will be shared between the brokers.

10. Discretionary Bonus. Predicated upon the performance of HSA and upon such other matters as the Village in its sole discretion may determine, but shall in no event be obligated to, elect to grant to Broker a bonus commission of such type and in such amount as the Village in its sole discretion may determine.

11. HSA Developer Option. HSA may, at its option, elect to act in the capacity of a developer of some or all of the Property. Approval by the Village of any development proposal submitted by HSA would be solely at the Village's discretion as owner of the Property.

(a) Right of first proposal. HSA may submit a written proposal to the Village for development of a portion or all of the Property contemplated in the METRA TRIANGLE commercial area.

(b) Competing proposals. Should HSA elect to submit a proposal pursuant to 11(a) of this Agreement, the Village shall publicly solicit additional proposals for said parcel/s to be submitted to the Village for public consideration.

(c) Variance from original proposal. Should the Village determine in its discretion that the HSA proposal best serves the Village's interests, and Village staff proceeds to finalize a development agreement, no variance from the original proposed terms may exceed two and one half percent (2.5%) from the original proposal, singly or in the aggregate, of the (i) purchase price, (ii) developer fees, or (iii) total interest costs contemplated. A variance exceeding 2.5% would render the original HSA proposal null and void.

(d) nothing in this section constitutes a guarantee of selection of HSA as the developer for parcels. Approval by the Village of any development proposal is solely at the Village's discretion as owner of the property.

Upon written notice to the Village from HSA that HSA desires to act in the capacity of a developer and to submit to the Village a development plan for a portion or all of the Property, this Agreement, except for Section 11 hereof, shall thereupon terminate without further action of either party.

12. Other Provisions.

(a) Entire Agreement. This Agreement constitutes the sole and entire agreement between the parties hereto, and no modification of this Agreement shall be binding unless signed by all parties. No representation, promise or inducement not included in this Agreement shall be binding upon any party hereto.

(b) Time of the Essence. Time is of the essence of this Agreement.

(c) Binding Effect. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their successors. This Agreement may not, however, be assigned by either party without the express written consent of the other party.

(d) No Partnership or Joint Venture. HSA is an independent contractor and nothing herein shall be deemed to have created a partnership or joint venture between the parties.

(e) Delivery of Documents, Etc. Upon termination of this Agreement by lapse of time or otherwise, HSA shall promptly deliver to the Village originals or true and correct copies of all HSA's files, written information, contact lists, photographs, videos, brochures and other materials related to HSA's sales and leasing efforts pursuant to this Agreement.

(f) Notices. Except as otherwise provided herein, all notices, including demands, offers, counteroffers, acceptances, and amendments (hereinafter collectively referred to as "Notices") required or permitted hereunder shall be in writing and delivered to the party at the address set forth on the first page hereof (or such other address as the party may provide in

writing) either: (1) in person; (2) by an overnight delivery service, prepaid; (3) by facsimile transmission (FAX) (provided that an original of the Notice shall be promptly sent thereafter if so requested by the party receiving the same; or (4) by the U.S. Postal Service, postage prepaid, registered or certified, return receipted requested. Notwithstanding the above, notice by FAX shall be deemed to have been given as of the date and time it is transmitted if the sending FAX produces a written confirmation with the date, time and telephone number to which the Notice was sent.

REQUEST FOR ACTION REPORT

File Number: **2016-0007**
Orig. Department: **Development Services Department**
File Name: **Heartis Senior Living - Landscape Plan**

BACKGROUND:

This is a request for approval of a landscape plan for the proposed Heartis Senior Living, to be located at the NW 3 acre parcel of 7420 W. 159th Street. The Village Board approved the Site Plan on March 21, 2016 with the following conditions:

1. Submit a Final Landscape Plan, meeting all Village Codes, for separate review and approval, within 60 days of final engineering.

Per Code requirements, the petitioner submitted a landscape plan that has been reviewed and approved by the Village's Landscape Architect consulting firm.

BUDGET IMPACT:

REQUESTED ACTION:

I move to accept as findings of fact the findings of fact as set forth in this staff report dated April 27, 2016.

and

I move to approve the landscape plan titled, 'Heartis Orland Park - Senior Living', prepared by Manhard Consulting, dated April 19, 2016, sheets L1 through L3.

Review Comments

Bufferyards

On this site, two bufferyards exist, north and west. Due to the PUD development, the bufferyard requirements for the south and east bufferyards are not applicable.

North Bufferyard

The land use adjacent to the north bufferyard is residential. The required bufferyard between the planned Commercial/Institutional facility and the residential area is a Type 3 bufferyard. Assuming a length of 330 feet, width of 10 feet, the plant material requirements and proposed landscape is described as follows:

Plant Type	Required Quantity	Quantity Proposed	Difference
North Yard			
Canopy Trees	13	17	+4
Evergreen/Ornamental Trees	0	0	--
Shrubs	53	71	+18

**PLANNERS
ECOLOGISTS
LANDSCAPE
ARCHITECTS**

Comments & Recommendations – The petitioner has met the required planting requirements per Type 3 bufferyards and required planting bed width (7'). In addition, per the Development Services meeting minutes dated February 15, 2016, the fence requirement will be waived due to the solid masonry back of wall of the multi-garage detached buildings adjacent to the site

West Bufferyard

The land use adjacent to the west bufferyard is retail. The required bufferyard between the planned Commercial/Institutional facility and the retail business is bufferyard Type 1. Assuming a length of 313 feet, width of 10 feet the plant material requirements and proposed landscape is described as follows:

Plant Type	Required Quantity	Quantity Proposed	Difference
West Yard			
Canopy Trees	5	6	+1
Evergreen/Ornamental Trees	2	3	+1
Shrubs	26	47	+21

Comments & Recommendations – The petitioner has met the required planting requirements per Type 1 bufferyards, required planting bed width (7) and Plant Diversity Requirements as shown in Table 6-305.E.5.b (A).

Plant Material Size

Per the memorandum letter, the petitioner has revised the plans to include 6' ornamental trees in compliance with Section 6-305.E.5.a (A).

Foundation Plantings

In compliance with Section 6-305.D.5.a.2.ii , the petitioner has provided a minimum 7-foot-wide landscape area fronting 50 percent of the sides of the proposed building not fronting a public street. The petitioner has provided adequate foundation plantings that consist of a mixture of deciduous shrubs, evergreen shrubs and groundcover that provide seasonal color, texture and interest.

Parking Lot/Landscape Islands

The ordinance requires one landscaped island for every ten parking spaces, resulting in 7 required islands for this site. Each island is required to have one canopy tree and a minimum of 60% of the parking island planting shall consist of shrubs, ornamental grasses, perennials and groundcovers with a mature height of not greater than 30" above top of curb. The petitioner has not provided the adequate parking islands and plant material. The site

plan cannot be modified at this time' however, the petitioner should revise the parking island plantings to meet the ordinance. The petitioner has revised the landscape plan accordingly.

Tree Preservation

Tree removal and mitigation was part of the overall PUD approval in December 2015.

Screening of Trash Enclosures/Utilities

The petitioner has indicated the location of one trash enclosure on the landscape plan. The petitioner has provided appropriate screening with the combination of deciduous and evergreen shrubs for the trash enclosure.

Detention/Retention.

The PUD's detention pond was part of the overall PUD approval in December 2015.

Wetlands

The wetland removed met MWRD's new Watershed Management Ordinance and was part of the overall PUD approval in December 2015.

Recommendation

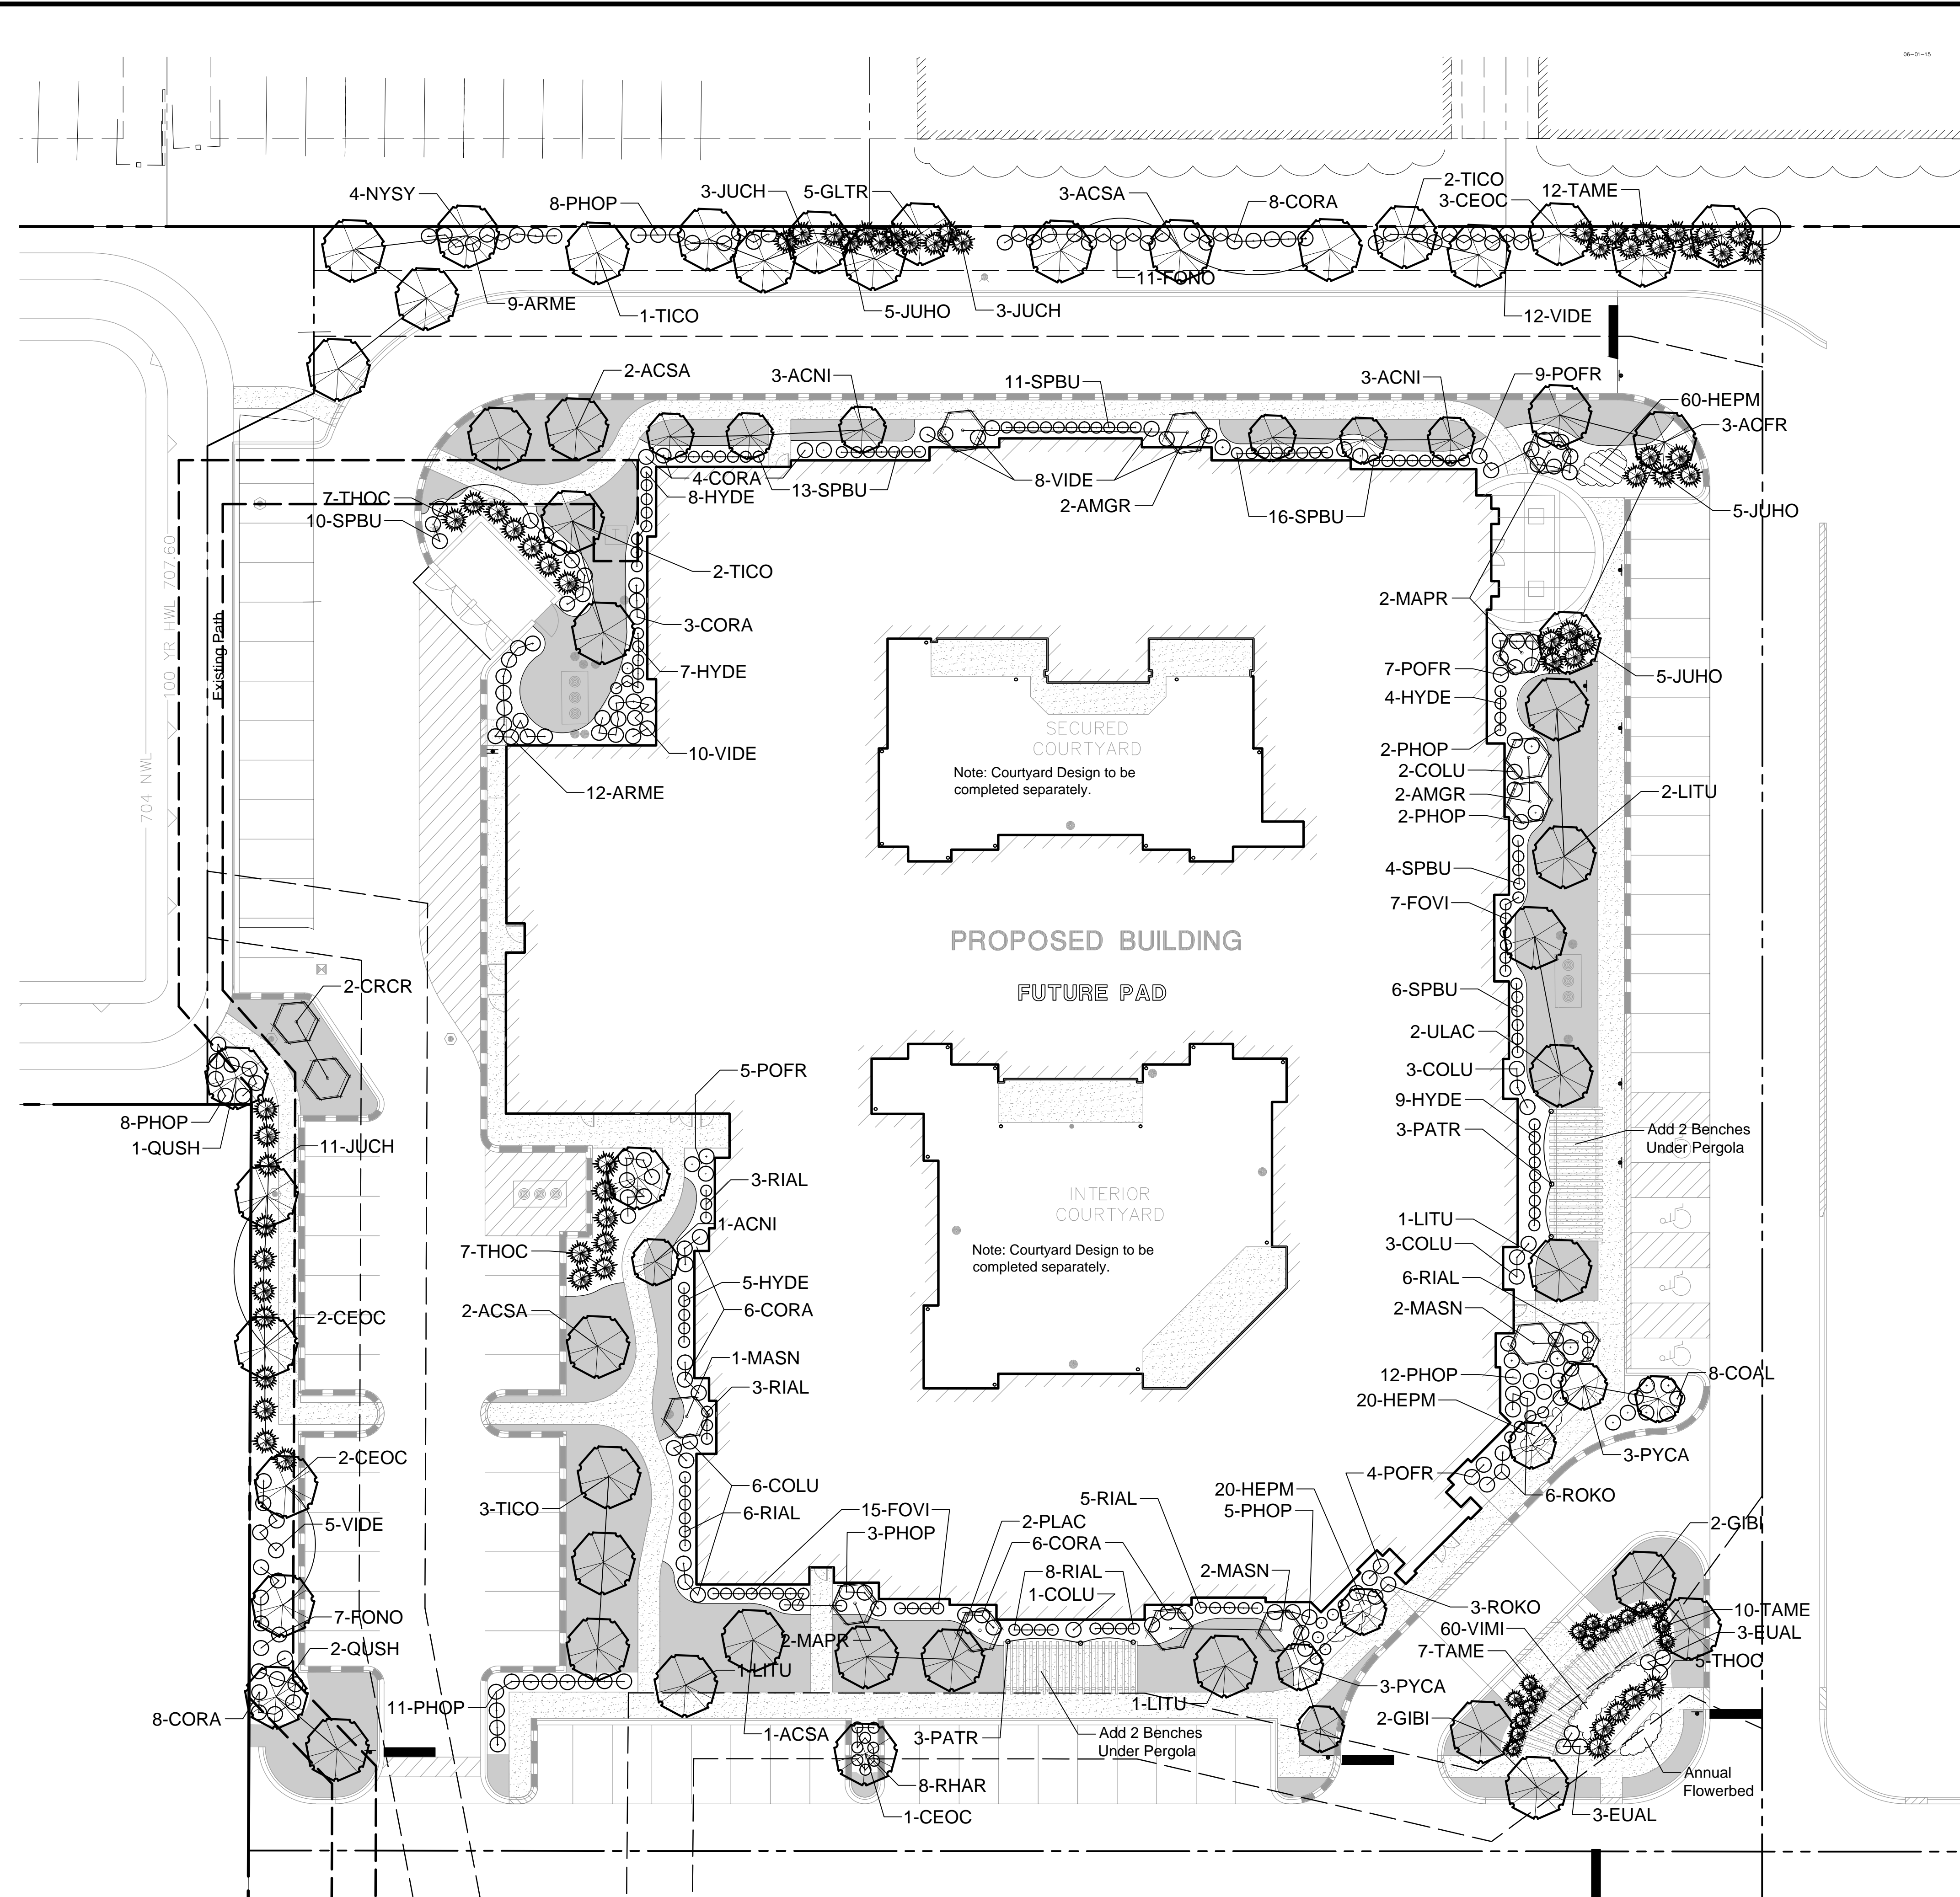

Based on the aforementioned memos and plans, we recommend accepting the Landscape Plans as submitted for Heartis Senior Living, prepared by Manhard Consulting dated 04.19.16.

Please submit the following to Loy Lee at the Village of Orland Park. Your project will then be placed on the next Village Board meeting for Consent Agenda Approval.

SPECIFICATIONS

- Field Verification** The Contractor shall verify all existing conditions and dimensions in the field prior to bidding and report any discrepancies to the Owner or his representative.
- Protection of Existing Site and Existing Site Features** The Contractor shall provide at his/her own expense, protection against trespassing and damage to seeded areas, planted areas and other construction areas until the preliminary acceptance. The Contractor shall provide barricades, temporary fencing, signs, written warning or policing as may be required to protect such areas. The Contractor shall not be responsible for any damage caused by the Owner after such warning has been issued. It shall be the Contractor's responsibility to locate and protect all existing above and below ground utilities when performing the work. The Contractor shall be responsible for the protection of crowns, trunks and roots of existing trees, shrubs, lawns, paved areas and other landscaped areas that are to remain. Existing trees which may be subject to construction damage shall be boxed, fenced or otherwise protected before any work is started. Boxing or other protection will be removed at the end of construction. Do not locate heavy equipment or stockpiles within the drip-line of existing plants or on lawns. Any damage to utilities, structures, plantings or lawn which results from the Contractor's work shall be repaired in kind at the Contractor's expense immediately with as little inconvenience to the Owner as possible. All areas shown on the plan as sod, the General Contractor will provide the Landscape Contractor with an excavated area 2' below the curb elevation and proposed grade. It is the Landscape Contractor's responsibility to verify with the General Contractor that the subgrade preparation has been completed. The Landscape Contractor shall coordinate his/her work with all other trades on site. Any planting areas disturbed as a result of general construction activity shall be immediately repaired/replaced by the Landscape Contractor at no additional expense to the Owner.
- Planting Techniques** All planting techniques and methods shall be consistent with the latest edition of "Horticulture Standards of Nurserymen, Inc.", and as detailed on these drawings. All deciduous plant material shall be thin pruned to remove 1/3 interior branches, dead branches and broken branches. Pruning shall complement plants natural form. Absolutely NO tip pruning is allowed, except hedges. Any plant that is tip pruned is subject to rejection by the Landscape Architect. Evergreen trees and shrubs shall be pruned of dead and broken branches and as directed by the Landscape Architect. All pruning work shall be done with hand pruners only. Stake/guy all trees as necessary immediately after installation and prior to acceptance. When high winds or other conditions occur, the Landscape Contractor shall take whatever precautions he/she deems necessary to protect the survival and appearance of the plants. These steps shall be taken at no additional expense to the Owner.
- Inspection of Plant Material** All plant materials shall be subject to inspection and approval. The Landscape Architect/Owners Representative reserves the right to reject any plants which fail to meet this inspection. All rejected material shall be removed from the site by the Contractor. Height of evergreen trees are measured from the top of ball to the first lateral branch closest to the top. Height and/or width of other plants so specified are measured by the mass of the plant not the very tip of the branches.
- Plant Substitution** Substitution from the specified list will be accepted only when evidence in writing is submitted to the Landscape Architect, showing that the plant specified is not available. Requests for approval of substitute plant material shall include common and botanical names and size of substitute material. Only those substitutions of at least equivalent size and having essential characteristics similar to the originally specified material will be approved. Acceptance or rejection of substitute plant materials will be issued in writing by the Landscape Architect.
- Planting Soil** Planting soil shall be replaced in all disturbed areas at a minimum depth of six inches. The planting soil shall be amended by the contractor at the time of placement. The amended topsoil shall consist of three parts topsoil, one part compost, one part sand and five pounds of bone meal per cubic yard.
- Mulch** All disturbed areas including shrub beds and individual trees shall be mulched with a minimum of 4" finely shredded bark mulch to be approved by the Landscape Architect/Owners Representative. Perennial, ground cover and annual flower beds shall be mulched with 2" of finely ground compost.
- Pre-emergent Herbicide** All shrub beds, individual tree rings and ground cover beds shall be treated with a pre-emergent herbicide prior to the mulch being installed. These areas shall be weed free prior to herbicide application.
- Sodding Sod** shall be Kentucky Bluegrass and is required in all areas as noted on the landscape plan. Sod should be grown from at least four varieties of quality seed. Sodded slopes 3:1 or greater shall be staked to prevent erosion and washout. Sod is to be laid within 8 hours of the delivery time to the site. Watering shall continue until all sod areas are thoroughly knit to the ground.
- Seeding** All lawn areas on landscape plan specified to be seeded shall be treated as specified below:
 - A. Topsoil** Shall be spread over all areas to be seeded to a minimum depth of 6" when compacted.
 - B. Seed Mixture and Application Rate**

Kentucky Bluegrass (4 varieties)	60%
Perennial Ryegrass	20%
Redtop or Creeping Red Fescue	20%

Apply at the rate of 5.5 lbs. per 1,000 sq. ft.
 - C. Fertilization** The contractor shall acquire site specific soil analysis from a reputable firm, amend soil, and fertilize all area per the findings of the analysis. The contractor shall supply the Landscape Architect with all findings, analysis, and recommendations. Apply fertilizers and conditioners at the rate specified per soil test findings. At least 40% of the fertilizer nitrogen shall be of an organic origin.
 - D. Watering** Seeded areas shall be watered to insure proper germination. Once seeds have germinated, watering may be decreased but the seedlings must never be allowed to dry out completely. Frequent watering should be continued for approximately four (4) weeks after germination or until grass has become sufficiently established to warrant watering on an "as needed" basis. All plant material watering will be the responsibility of the contractor until acceptance by the owner and the Landscape Architect/Owners Representative.
 - E. Establishment Turf** may be established on a variety of slope conditions. It shall be the contractor's responsibility to determine and implement whatever procedures he/she deems necessary to establish the turf as part of his/her work. Seeded areas will be accepted when all areas show a uniform stand of the specified grass in healthy condition and at least 60 days have elapsed since the completion of this work. A uniform stand is defined as areas where the grass is growing thickly without bare spots larger than 12" x 12". The Contractor shall submit with his bid a description of the methods and procedures he/she intends to use.
- Preliminary Acceptance** All plantings shall be maintained by the Contractor for a period of 60 days after preliminary acceptance by the Owner. Maintenance shall include, but is not limited to, mowing and edging turf, pulling weeds, watering turf and plant material, and annual flower maintenance.
- Final Acceptance** Final acceptance will be granted by the Landscape Architect/Owners Representative upon receipt of written request by the contractor, combined with an acceptable final review of the installation by the Landscape Architect/Owners Representative. All plant material (excluding annual flowers), shall be guaranteed for two years after the end of the 60 day maintenance period. The end of the maintenance period is marked by the final acceptance of the Contractor's work by the Owner, and the Landscape Architect/Owners Representative. All plants that are not vigorous, healthy and in good condition shall be replaced by the Landscape Contractor at no additional expense to the Owner. These replacement plants shall meet all specified qualities of the original plant materials and carry the same guarantee from the time of replacement.
- Site Cleanup** The Contractor shall protect the property of the Owner and the work of other Contractors. The Contractor shall also be directly responsible for all damage caused by his/her activities at no additional expense to the owner and for the daily removal of all trash and debris from the work area to the satisfaction of the Landscape Architect/Owners Representative.

REQUEST FOR ACTION REPORT

File Number: **2016-0132**
Orig. Department: **Development Services Department**
File Name: **Plata Consolidation - Plat of Subdivision**

BACKGROUND:

QUICKFACTS

Project

Plata Consolidation - 2016-0132

Petitioner

Marcin Plata, Property Owner

Purpose

To consolidate two lots located in the R-2 Residential District in the Laguna Woods subdivision into a single lot.

Requested Actions: Subdivision

Project Attributes

Address: 7820 W. 139th Street (same for both properties)

P.I.N.(s): 27-01-106-009 (Lot 2) and 27-01-106-010 (Lot 1)

Size: 20,000 sf (Lot 2) and 20,098 sf (Lot 1) (Consolidated Total = 40,098 sf)

Comprehensive Plan Planning District: Silver Lakes North Planning District

Comprehensive Land Designation: Single Family Residential

Existing Zoning: R-2 Residential Zoning

Existing Land Use: Single Family Home

Proposed Land Use: Single Family Home

Surrounding Land Use:

North: R-2 Residential District - Single Family Home

South: NOP Not Orland Park - ComEd Easement

East: NOP Not Orland Park - Forest Preserve (Turtlehead Lake)

West: R-2 Residential District - Single Family Home

Preliminary Engineering: N/A.

OVERVIEW AND BACKGROUND

The petitioner is proposing to consolidate two (2) adjacent lots, both of which are owned by the petitioner. Once consolidated, the petitioner plans to construct a new 665 square foot detached

garage and driveway to the east of the principle building, a two-story brick and frame residence. Approval of this or any other structure is not a part of this petition.

PROJECT DESCRIPTION & CONTEXT

The petitioner proposes to consolidate two lots into a single lot. The subject property is currently two separate parcels.

The recommendation motion includes the following conditions:

- 1) Submit a Plat of Subdivision to the Village for recording.
- 2) Meet all building code related items.

Overall, the project conforms to the Village's Comprehensive Plan, Land Development Codes and policies for this area.

Plan Commission Motion

On March 22, 2016, the Plan Commission, by a vote of 6-0, moved to recommend to the Village to approve the consolidation of the parcels owned by Marcin Plata, as fully referenced below.

Plan Commission Discussion

On March 22, 2016, a public hearing was held before the Plan Commission, the only discussion outside of the Commissioners' conversation was a clarification made by Marcin Plata, the petitioner and land owner. Mr. Plata clarified that while his occupation is that of a contractor, he would in no way be using a proposed garage, (unrelated to this review) for the purpose of running a home business. The issue was quickly laid to rest and the Commissioners expressed their approval of the consolidation. The motion was then put to a vote, and passed unanimously 6-0.

Development Services and Planning Committee Motion

On April 18th, 2016, this item was recieved by the Development Services Planning and Engineering Committee, recommended for approval, and referred to the Village Board of Trustees for consideration.

This case is now before the Village Board of Trustees for consideration.

BUDGET IMPACT:

REQUESTED ACTION:

I move to approve the consolidation of the two parcels located at 7820 West 139th Street to the Village Board as recommended at the March 22, 2016 Plan Commission meeting and as fully referenced below.

(THIS SECTION FOR REFERENCE ONLY (NOT NECESSARILY TO BE READ))

I move to recommend to the Village Board of Trustees to approve the lot consolidation of the two (2) parcels addressed 7820 West 139th Street subject to the following condition:

1. Submit a Record Plat of Subdivision to the Village for recording.

**ANNEXATION AGREEMENT
(ADDITION TO GRASSLANDS – 11249 WEST 167TH STREET)**

INTRODUCTION.

1. This Agreement entered into this _____ day of _____, 2016, by and among the VILLAGE OF ORLAND PARK, an Illinois Municipal Corporation (hereinafter referred to as the "Village"), MARQUETTE BANK, not personally but as Trustee under Trust Agreement dated August 31, 1995, and known as Trust Number 13518 (hereinafter referred to as "Owner"), and MARTH CONSTRUCTION COMPANY, an Illinois corporation (hereinafter referred to as "Developer").

2. The Subject Property of this Agreement is hereinafter referred to as the "Subject Property" is legally described as follows:

THE EAST 570.78 FEET OF THE EAST HALF OF THE NORTHEAST QUARTER OF SECTION 30, TOWNSHIP 36 NORTH, RANGE 12 EAST OF THE THIRD PRINCIPAL MERIDIAN (EXCEPT THAT PART LYING SOUTH OF THE NORTHERN LINE OF LOTS 88 AND 91 IN THE GRASSLANDS SUBDIVISION, AS MONUMENTED AND OCCUPIED ACCORDING TO THE PLAT THEREOF RECORDED FEBRUARY 20, 1996 AS DOCUMENT NUMBER 96129697, AND ALSO EXCEPTING THEREFROM THE NORTH 50 FEET OF THE EAST 110 FEET CONVEYED TO THE STATE OF ILLINOIS BY DOCUMENT NUMBER 89447048) IN COOK COUNTY, ILLINOIS.

Property Tax Identification Number for the Subject Property is 27-30-201-007 and -019

3. The Subject Property consists of approximately 7.35 acres and is located at 11249 West 167th Street and 16740 S. Wolf Road in unincorporated Orland Township, Cook County, Illinois.

4. The Subject Property is to be developed by the Developer for an eight (8) lot residential subdivision to accommodate sixteen (16) duplex units and one (1) outlot for stormwater detention under the R-4 Residential District classification of the Land Development Code of the Village of Orland Park (the "Code").

5. The Village of Orland Park is a Home Rule Unit pursuant to the provisions of the Illinois Constitution, Article VII, Section 6, and the terms, conditions and acts of the Village under this Agreement are entered into and performed pursuant to the Home Rule powers of the Village and the statutes in such cases made and provided.

RECITALS:

1. The parties hereto desire that the Subject Property be annexed to the Village, subject to the terms and conditions as hereinafter set forth and that the Subject Property be zoned and developed in the manner as set forth in this Agreement under the R-4 Residential District provisions of the Code, with variances to reduce the pond setback and maintenance strip widths, reduce the required cul-de-sac diameter and reduce the required wetland setback.

2. The Owner has petitioned the Village for annexation to the Village of the Subject Property and for amendments to the Code classifying the Subject Property as more fully hereinafter set forth.

3. The parties hereto have fully complied with all relevant statutes of the State of Illinois and ordinances of the Village with respect to annexation including the filing of a petition by Owner requesting annexation of the Subject Property and zoning of the Subject Property to enable use of the property as herein provided.

4. The Village has caused the issuance of proper notice and the conduct of all hearings by all necessary governmental entities to effectuate such annexation, rezoning as herein provided, including all hearings as are necessary to effectuate the plan of development herein set forth.

5. All reports by all relevant governmental entities have been submitted enabling appropriate action by the Village Board of Trustees to achieve the following:

(a) Adoption and execution of this Agreement by ordinance;

(b) Enactment of annexation ordinances annexing the Subject Property as described above to the Village;

(c) Adoption of such ordinances as are necessary to effectuate the terms and provisions of this Agreement including the classification of the entire Subject Property for purposes of zoning pursuant to the terms and conditions of this Agreement;

(d) The adoption of such other ordinances, resolutions and actions as may be necessary to fulfill and implement this Agreement pursuant to the terms and conditions herein contained.

6. The Subject Property is neither within a library district nor a soil conservation district and no roads adjacent to or on the Subject Property are under the jurisdiction of a township. The Village does not provide fire protection services to the Subject Property. Accordingly, no notice is or was required to be given to any such agencies or entities.

7. The parties hereto have determined that it is in the best interests of the Village and the Owner, and in furtherance of the public health, safety, comfort, morals and welfare of the community to execute and implement this Agreement and that such implementation of this Agreement and development of the Subject Property pursuant to its terms and conditions will constitute an improvement of the tax base of the Village, be in implementation of the Comprehensive Plan of the Village and will constitute a preservation of environmental values.

8. Owner and Developer covenant and agree that they will execute all necessary directions and issue all necessary instructions and take all other action necessary to perform their obligations hereunder.

9. The Village, Owner and Developer wish to enter into a binding agreement with respect to annexation, zoning, plat approval, construction and maintenance of the Public Improvements (hereinafter defined), and other related matters, pursuant to the authority and provisions of the Illinois Municipal Code 65 ILCS Section 11-15.1-1 et seq. and Section 7-1 et seq. and in accordance with all other applicable statutes of the State of Illinois and the terms and conditions contained in this Agreement.

10. Applications, consistent with the terms and conditions of this Agreement, for zoning approvals, were filed with the Village Clerk of the Village, forwarded to the Corporate Authorities and referred to the Planning and Zoning Commission of the Village (the "Plan Commission").

11. The Corporate Authorities of Village, after due and careful consideration have concluded that the annexation of the Subject Property to the Village on the terms and conditions herein set forth would provide the storm water drainage and detention facilities to improve the storm water conditions affecting the Subject Property and other properties surrounding the Subject Property, improve the control of vehicular traffic on adjacent public streets and roads within the Village, enable the Village to control the development of the area, and otherwise promote the proper growth and general welfare while serving the best interests of the Village.

12. The Development Services Department of the Village reviewed the materials submitted by Developer with its application and found that the application and collateral submissions were complete in all respects as required by the Village ordinances and procedures.

13. The Plan Commission and the Corporate Authorities have determined that the proposed development of the Subject Property, substantially in accordance with the Village Comprehensive Plan complies in all material respects to the Code and together with materials supplied to the Village and this Agreement constitute an acceptable Development Land Use Plan.

14. The Corporate Authorities have received and considered the report and recommendations of the Plan Commission and the Village staff.

15. It is the desire of the Village, Developer and the Owner that the future development of the Subject Property proceed as soon as practicable.

16. The Village, on its behalf, and the Owner and Developer, on their behalf, have hereby agreed to perform their obligations as provided in this Agreement in reliance on the provisions, representations, warranties, indemnifications and covenants made one to the other as provided in this Agreement.

17. Pursuant to due notice and advertisement in the manner provided by law the Plan Commission has held such public hearing(s) as are prescribed by law and after due consideration and public participation has made findings of fact, determinations and recommendations with respect to Developer's application and such other provisions of this Agreement and matters as were within its purview.

18. The Corporate Authorities of the Village after due deliberation have, by ordinance, duly passed and approved the entering into this Agreement and have directed the President and Clerk of the Village to execute this Agreement.

SECTION ONE: ANNEXATION.

The Owner has filed an adequate, accurate and complete petition for annexation to the Village of the Subject Property legally described above pursuant to and in compliance with applicable statutes in such cases made and provided. The Village has by execution of this Agreement manifested its intention to annex the Subject Property pursuant to the terms and conditions of this Agreement.

Subject to the provisions of Chapter 65, Act 5, Article 7, of the Illinois Compiled Statutes, and such other statutory provisions as may be relevant and the Home Rule powers of the Village, the Village shall by proper ordinance, cause approval and execution of this Agreement and after adoption and execution of this Agreement shall cause the Subject Property to be annexed to the Village. Also the Village, upon annexation of the Subject Property, shall thereafter adopt all ordinances respecting the zoning and use of the entire Subject Property as herein provided. A plat of annexation of the Subject Property to be annexed is attached hereto as EXHIBIT A. The new boundary of the Village resulting from such annexation shall extend to the far side of any adjacent highway and shall include all of every highway within the area so annexed.

Upon the execution of this Agreement, Owner and Developer shall do all things necessary and proper to carry out the terms, conditions and provisions of this Agreement, applicable to them respectively, and effectuate the annexation of the above-described Subject Property to the Village, and to aid and assist the Village in also so doing.

The Village shall take all actions necessary to carry out and perform the terms and conditions of this Agreement and to effectuate the annexation of the Subject Property to the Village.

SECTION TWO: ZONING, PLAN APPROVAL AND DESIGN STANDARDS.

A. The Village, upon annexation and necessary hearings before the relevant governmental bodies having taken place pursuant to statute and ordinances in such cases made and provided and pursuant to requisite notice having been given, shall by proper ordinance after execution of this Agreement and annexation of the Subject Property to the Village, cause the Subject Property described above to be classified as R-4 Residential District of the Code, as more fully set forth in the ordinance rezoning said property and variances (modifications) as follows:

- a. Reduce required detention pond setback from 25 feet to as little as 0 feet;
- b. Reduce required flat maintenance strip from 15 feet to as little as 0 feet;
- c. Reduce required cul-de-sac diameter from 120 feet to 110 feet; and
- d. Reduce required 50 foot wetland setback.

Developer agrees that permission for the construction of those public improvements, which require approval from the Metropolitan Water Reclamation District of Greater Chicago or any other governmental agency, must be obtained. Developer agrees to maintain and keep in good repair the public improvements that are to be constructed until accepted by the Village.

The parties hereto agree to cooperate in obtaining, expediting and submitting such necessary documents as may be required for the approval thereto from the Metropolitan Water Reclamation District of Greater Chicago, or any other governmental agency. Developer agrees to construct any improvements required by the aforesaid permit at Developer's sole expense.

B. The Subject Property shall be developed by Developer substantially in accordance with the Site Plan appended hereto and incorporated herein as EXHIBIT B entitled "SITE PLAN/ PRELIMINARY PLAT ADDITION TO GRASSLANDS ORLAND PARK" prepared by DESIGNTEK ENGINEERING, INC., Project No. 15-0018, dated August 3, 2015, revised December 18, 2015, subject to the following:

1. Dedicate Lot 9 (as shown on EXHIBIT B), which is the detention pond and Marley Creek area to the Village.

2. Submit a Final Landscape Plan, meeting all Village Codes, for separate review and approval, within 60 days of final engineering approval including the following items:

- a. Provide a tree survey for all trees exceeding 4" in trunk diameter in accordance with the Code;
- b. Provide tree mitigation, in accordance with Code requirements, preferably on site if a healthy spacing can be achieved, otherwise a contribution must be paid in

accordance with the Code into the tree mitigation bank. Tree mitigation requirements will be finalized at the time of Final Landscape Plan and after final engineering of lots;

- c. Landscape all portions of the expanded detention pond disturbed by Developer's work, including the Village-owned portion of the expanded pond, and include a smooth transition from the old pond landscaping to the new pond landscaping, which is to include a natural style with a native edge;
 - d. Include evaluation of wetland plant material and the incorporation of recommended improvements;
 - e. Include parkway trees along all right of ways spaced 40' on center, including 167th Street, but excepting Wolf Road to be maintained pursuant to SECTION SIX E. hereof; and
 - f. Provide 4'-5' height ornamental metal fence and Type C 15' landscape buffer along all lots abutting 167th Street and Steeplechase Parkway, arranging plant material to accommodate site drainage, to be maintained pursuant to SECTION SIX E. hereof.
3. Meet all final engineering and building code related requirements and approvals.
 4. Developer must dedicate or cause to be dedicated additional road right-of-way to meet engineering requirements as determined by the Village, and including the following:
 - a. Dedication of fifty (50') feet to Cook County for 167th Street; and
 - b. Dedication of sixty (60') feet to the State of Illinois (Illinois Department of Transportation) for Wolf Road.
 5. Retaining walls must not exceed three (3) feet in height unless designed and tiered in accordance with Village Code requirements.
 6. Site Plan elements, including lot dimensions, building envelopes and locations, setbacks, coverage, etc., are conceptual only as shown on EXHIBIT B, and must meet all Code, Engineering and Village Building Division requirements at time of permit applications.
 7. A subdivision sign, if desired, must be submitted for separate review by the Building Division of the Development Services Department. Any subdivision sign must be owned and maintained by the homeowners of the subdivision pursuant to SECTION SIX E. hereof.

C. The Subject Property shall additionally be developed in accordance with the elevations entitled "MARTH CONSTRUCTION DUPLEX HOMES" prepared by IJM Architects, page A-1.0 and page A-1.1 Job No. 2015-0138, dated August 3, 2015, revision submitted January 11, 2016; and also color elevations entitled "MARTH CONSTRUCTION

DUPLEX HOMES” by IJM Architects, page A-1.0 Elevation 1, Elevation 2 and Elevation 3, dated August 3, 2015, revision submitted January 11, 2016, subject to meeting all engineering and Building Department requirements.

D. The Subject Property shall be granted variances (modifications) as set forth in SECTION TWO A. above.

E. Existing septic systems contained on the Subject Property shall be removed by Developer and any wells on the same shall be capped in accordance with the requirements of the Illinois Environmental Protection Agency and/or the Illinois Department of Transportation and the Cook County Department of Public Health.

F. Developer shall install or cause to be installed for the residential unit and at its own expense Roundway and Buffalo Box combinations. The Owner agrees to pay for the actual cost and inspection fee for the installation of a water meter of the type required by the Village, and appurtenances. All of the facilities herein described shall be located as determined by the Village.

G. The Village shall convey to Developer merchantable fee simple title, upon payment by Developer to the Village the sum of \$2,780.00, the parcel of real estate of approximately .06 acres currently owned by the Village and located between proposed Lot 1 of the development and Steeplechase Parkway right-of-way. Said parcel is to be consolidated with said Lot 1.

SECTION THREE: CONTRIBUTIONS.

Upon the issuance of each building permit, Developer shall make the following contributions as required by Village ordinance, which are payable to the Village on behalf of the following:

<u>Per residential unit</u>	<u>Single Family</u>
Orland Park Board of Library Trustees	\$ 125.00

Park and Recreation Cash in Lieu of Land	\$2,066.00****
Cul-de-sac fee (for each lot fronting in whole or in part on the cul-de-sac)	\$1,000.00

*This is an average of 2 and 3 bedrooms. The actual contribution is \$417.00 for a 2-bedroom residence, \$848.00 for a 3-bedroom residence and \$1,445.00 for a 4-bedroom residence.

**This is an average of 2 and 3 bedrooms. The actual contribution is \$135.00 for a 2-bedroom residence, \$210.00 for a 3-bedroom residence and \$615.00 for a 4-bedroom residence.

***This is an average of 2 and 3 bedrooms. The actual contribution is \$1,254.00 for a 2-bedroom residence, \$1,507.00 for a 3-bedroom residence and \$1,981.00 for a 4-bedroom residence.

****This is an average of 2 and 3 bedrooms. The actual contribution is \$1,876.00 for a 2-bedroom residence, \$2,255.00 for a 3-bedroom residence and \$2,965.00 for a 4-bedroom residence.

Notwithstanding anything to the contrary herein-contained, any balance of the above contributions remaining unpaid for lots on which building permits have not been issued shall be due and payable upon the issuance of the last building permit for residential construction, or seven (7) years (which date may, upon proper application, be extended by the Village if the development has not been substantially completed) from the date hereof, whichever occurs first.

Said sums of money shall be a lien on the Subject Property until paid, and Developer acquiesces and agrees to the payment of said sums being a lien on the Subject Property subordinate to any acquisition loan or construction development loan of any developer of the Subject Property from the date hereof. In the event of a default in the payment of said sums, or any part thereof, the Village shall have the right to foreclose the lien aforesaid in the same manner as provided for with respect to a mortgage foreclosure. The issuance of a building permit shall serve to terminate and extinguish said lien rights of the Village as to that part of the Subject Property included in the permit issued by the Village. Nothing herein contained shall limit the right of Developer to prepay the permit amount set forth above for the release of lien with respect to any lot or lots. Upon request after the Developer has paid the per permit amount set forth above for any particular lot, the Village will issue a letter indicating such payment has been made and the lien on the lot in question is waived.

Village shall solely determine how said sums so paid shall be allocated and disbursed.

Sums of money required to be paid hereunder shall be obligations of the Developer and successors in title, and no conveyance of the Subject Property shall relieve Developer or any subsequent owner of said obligation. In the event of a default in payment, in addition to the remedy of foreclosure of the lien aforementioned, Village shall have all other rights and remedies against Developer or any subsequent owner for the collection of monies.

SECTION FOUR: WATER SUPPLY.

Developer shall have the right to construct and install at its expense all necessary on-site water mains to service the Subject Property. All water mains shall be constructed and installed in accordance with the Code and final engineering plans approved by the Village. The Village agrees to permit connection of the aforementioned water mains to the water facilities of the Village and to furnish water service on the same basis as said services are furnished to other parts of the Village. The connection, expansion and user fees relating to water installation and services shall be that charge generally applicable in the Village for similar installations and services at the time that the fee or charge is due. Developer shall be responsible for all

maintenance of the installed water mains and appurtenances until formal acceptance thereof is provided by the Village.

SECTION FIVE: SANITARY AND STORM SEWERS, INCLUDING STORMWATER DETENTION.

Developer shall be required to construct and install at its expense all necessary sanitary sewers to service the Subject Property in accordance with the Code and final engineering plans approved by the Village. The Village agrees to permit connection of the aforementioned sanitary sewers to the sanitary sewer facilities of the Village and to furnish sewer service on the same basis as said services are furnished to other parts of the Village. Developer agrees that no surface water is to be discharged into the sanitary sewerage collection system and will make adequate provision that this will not occur. The Developer shall be responsible for all maintenance of the installed sanitary sewer and appurtenances until formal acceptance thereof is provided by the Village.

Storm Water runoff emanating from the Subject Property shall be retained in accordance with a central retention/detention system for the Subject Property to be constructed and installed by the Developer as finally approved by the Village. Such system shall include all storm water management facilities, including both on-site and off-site storm sewers, if needed, in accordance with final engineering plans approved by the Village. The design criteria, construction and maintenance of the storm sewers and retention facilities shall be in accordance with all standards of the Village in force on the date of final plat approval for each phase, and also all standards of the Metropolitan Water Reclamation District of Greater Chicago in effect at the time of final plat approval for each phase, and shall be completed by the Developer at its expense. The Developer shall be responsible for all maintenance of the installed detention pond, storm sewer and appurtenances until formal acceptance thereof is provided by the Village.

The required storm water retention facilities for the development must be completed and, immediately thereafter, proposed Lot 9 (detention pond and Marley Creek area) must be dedicated to and accepted by the Village in accordance with SECTION SEVENTEEN of this Agreement, before any occupancy permits shall be issued.

All public improvements, which shall be completed within 2 years after approval of the Plat of Subdivision, or upon completion of seventy-five percent (75%) of the homes to be constructed, whichever date is later, shall be inspected by the Village upon completion and if they are found to be in compliance with the requirements of the Code and in accordance with the final engineering plans they shall thereupon, without unreasonable delay, be accepted by the Village.

SECTION SIX: CONSTRUCTION OF STREETS; SIDEWALKS; STREET LIGHTS; MISCELLANEOUS.

A. Streets.

Owner shall dedicate or cause to be dedicated additional road right-of-way to meet engineering requirements and approvals (as determined by the Village in accordance with Village approved plans) and shall construct all public streets in accordance with the terms of this Agreement, the Code and final engineering plans approved by the Village. The Developer shall provide access to the site. Developer shall be responsible for keeping all adjacent streets free from construction debris and for repair of damages to the streets caused by Developer's construction traffic. All deliveries of construction supplies or materials shall be restricted to certain streets or temporary haul roads designated by the Village. Final pavement and acceptance by the Village will not be allowed until completion of at least seventy-five percent (75%) of the homes to be constructed.

Also, Developer shall be required to keep all public streets located on the Subject Property as well as adjoining streets free from mud and debris generated by construction activity on the Subject Property. Such streets must be cleaned at least once a week, and more often if required by Village in its sole judgment. For each day that the streets are not cleaned as required hereunder during construction, and provided notice is given to Developer in accordance with SECTION 30 hereof, Developer shall be subject to a fine as provided in the Land Development Code. If any such fine is not promptly paid, the Village shall have the right to stop any and all further construction until paid.

B. Sidewalks.

Developer shall be required to construct sidewalks all in accordance with the terms of this Agreement, the Code and final engineering plans approved by the Village. Public sidewalks shall be designed and constructed to meet the Illinois Accessibility Code for maximum slope of grade. Developer shall contribute to the Village the sum of \$_____ in lieu of installing sidewalks along 167th Street and Wolf Road. These funds will be utilized by the Village for future sidewalk improvements when Wolf Road is widened.

C. Street Lights.

Developer shall be required to install streetlights in accordance with the Code and final engineering plans approved by the Village.

D. Dedications.

The Village shall accept the dedication of any street right-of-way upon recording of the plat of subdivision for the Subject Property. All public street rights-of-way to be located on the Subject Property shall be at least 60 feet in width.

E. Future Maintenance of Installed Improvements.

Developer shall prepare and record, in form and content, satisfactory to the Village Attorney, perpetual covenants providing for, inter alia, repair and maintenance of the following improvements:

- a. Any privately owned median;
- b. Any subdivision sign;
- c. The parkway and parkway trees along 167th Street;
- d. The ornamental iron fence and landscape buffer along all lots abutting 167th Street and Steeplechase Parkway;
- e. All privately owned stormwater drainage structures and piping; and
- f. Easements for sewer, water and other utilities, including cable television.

Said covenants shall provide for the perpetual maintenance of the above improvements by the owners of the Subject Property and shall provide for the enforcement of said covenants by the Village.

F. Miscellaneous.

The cost of all street trees shall be included in the required letters of credit for each phase of the development of the Subject Property, with the amounts to be computed on the same basis as the amounts to be included in the letter of credit for all other public improvements for the Subject Property. The installation of street trees shall remain the obligation of Developer and such obligation may not be assigned or transferred in any way to a successor in title. The street tree(s) for each residence shall be planted not later than the planting season next following the issuance of the Village occupancy permit for said residence.

In addition, Developer must ensure that there is at least 6 inches of topsoil over those areas of the development disturbed by Developer's work and any portion of the Subject Property to be dedicated or conveyed to the Village must be free of construction debris above or below ground.

SECTION SEVEN: EASEMENTS.

The Developer agrees at the time of approval of the Annexation Agreement to grant to the Village, and/or obtain grants to the Village of, all necessary easements for the extension of sewer, water, street, or other utilities, including cable television, or for other improvements, which may serve not only the Subject Property, but other territories in the general area. Also, Developer shall grant a blanket easement to the Village to have access to and the right to maintain any storm water management facilities located on the Subject Property for storm water management purposes. The Village shall have the right, but not the duty, in its discretion to go in and perform such maintenance work if necessary and to charge the Developer or, if the development of the Subject Property has been completed as contemplated by this Agreement, then the successors in title pursuant to the covenants provided for in SECTION SIX E hereof, for the costs of the same, including the right to record a lien against the Subject Property if such costs are not paid.

All such easements to be granted shall name the Village and/or other appropriate entities designated by the Village as grantee thereunder. It shall be the responsibility of the Developer to obtain all easements, both on site and off site, necessary to serve the Subject Property.

SECTION EIGHT: DEVELOPMENTAL CODES AND ORDINANCES AND GENERAL MATTERS.

The development of the Subject Property annexed, and of each lot respectively encompassed by this Agreement shall be in accordance with the existing building, zoning, subdivision, storm water retention and other developmental codes and ordinances of the Village as they exist on the date each respective permit for development of each lot is issued. Planning and engineering designs and standards, and road construction and dedication of public improvements, shall be in accordance with the then existing ordinances of the Village or in accordance with the statutes and regulations of other governmental agencies having jurisdiction thereof if such standards are more stringent than those of the Village at such time. Notwithstanding the foregoing, the dollar amounts for the contributions set forth in SECTION THREE above shall not be increased during the term of this Agreement; however, all other fees, etc. set forth under the various ordinances of the Village shall be paid by the Developer in the amounts set forth in the Village ordinances at the time each permit is issued.

No occupancy permit shall be issued for any building prior to the completion and approval by the Village Engineer of the required public improvements, except for the final surface course of the streets. The Village will not finally accept any public improvements until after the final surface course of asphalt has been placed on the private drive or easement. Provided, however, the construction and installation of the public improvements to be done by Developer may be commenced at any time after Developer has delivered to Village an irrevocable letter of credit, in a form satisfactory to, and from a bank or other financial institution approved by, the Village in the amount of 125% of the Developer's Engineer's estimate of the cost of construction and installation of all such improvements as approved by the Village Engineer, including all required lighting, streets and street lights, sidewalks, landscaping, street trees, sewer and water lines and storm water management facilities. The Village Engineer may, in his discretion, permit the amount of said letter of credit to be reduced, from time to time, as major public improvements are completed.

Except as provided in SECTION FIFTEEN, all public improvements shall be constructed and installed within two (2) years from the date of approval of the Plat of Subdivision, except for final pavement which will not be allowed until completion of at least seventy-five (75%) of the homes to be constructed; however, if the completion date falls after September 30th, the date shall be the following May 30th. Notwithstanding any other provision of this Agreement, no construction of public improvements shall commence until the plans and specifications for the public improvements have been approved, the agreement for construction of the public improvements as herein provided has been executed, the minimum security has been provided, the requirements of Ordinance No. 2084 have been met, and until documentation, including a copy of the Permit if applicable, or evidence is received by the Village that Developer is not violating a wetland regulation or a regulation relating to waters of the United States and the

Developer has shown the Village a permit for building a roadway on a floodplain. Further, no earthwork shall be done in any area tentatively identified as wetlands until an appropriate permit or permission has been obtained and such permit or permission is shown to the Village. The Plat(s) of Subdivision shall contain such restrictive covenants, drainage covenants and easement provisions as are or were required by the President of the Board of Trustees as a condition to approval of the Plat(s) of Subdivision which may be approved in two or more phases.

Developer, at Developer's own cost, agrees to provide the Village "as built" engineering plans and specifications upon substantial completion of the public improvements or at the request of the Village Engineer but in no event later than the time required by Ordinance No. 2084.

It is agreed that all of the public improvements contemplated herein shall upon acceptance thereof by the Village, become the property of Village and be integrated with the municipal facilities now in existence or hereafter constructed and Village thereafter agrees to maintain said public improvements. Acceptance of said public improvements shall be by resolution of the President and Board of Trustees only after the Village Engineer or Village Engineer Consultant has issued his Certificate of Inspection affirming that the improvements have been constructed in accordance with approved Engineering Plans and Specifications. Developer agrees to convey by appropriate instrument and Village agrees to promptly accept, subject to terms hereof, the public improvements constructed in accordance with the approved Engineering Plans and Specifications.

SECTION NINE: UTILITIES.

All electricity, telephone, cable television and gas lines shall be installed underground, the location of which underground utilities shall be at the Developer's option but not conflicting with any Village or electric, gas or cable utilities.

SECTION TEN: IMPACT REQUIREMENTS.

Developer agrees that any and all contributions, dedications, donations and easements provided for in this Agreement substantially advance legitimate governmental interests of the Village, including, but not limited to, providing its residents, and in particular the future residents of the Subject Property, with access to and use of public utilities, streets, libraries, schools, parks and recreational facilities, police protection, and emergency services. Developer further agrees that the contributions, dedications, donations and easements required by this Agreement are uniquely attributable to, reasonably related to and made necessary by the development of the Subject Property.

SECTION ELEVEN: BINDING EFFECT AND TERM AND COVENANTS RUNNING WITH THE LAND.

This Agreement shall be binding upon and inure to the benefit of the parties hereto, successor owners of record of the Subject Property, assignees, lessees and upon any successor

municipal authorities of said Village and successor municipalities, for a period of seven (7) years from the date of execution hereof and any extended time that may be agreed to by amendment.

The terms and conditions of this Agreement relative to the payment of monies to the various Village recapture funds, contributions to the Village construction and/or dedication of public improvements, granting of easements to the Village, dedication of rights-of-way to the Village and the developmental standards established herein shall constitute covenants which shall run with the land.

Any Party hereto shall have the right at any time, and from time to time, to notify each of the other Parties hereto, of a change of address and/or designee for the purpose of receiving any notices hereunder.

SECTION THIRTEEN: MODEL UNITS.

At any time after the Developer posts the required security for public improvements and as approved by the Village Engineer and Development Services Department, Developer, or its Village approved assignee, shall have the right to construct residential model units, sales offices and other appurtenant facilities, with the number of models to be as approved by the Village, and upon acceptance by the Village of a plan encompassing that portion of the property upon which same are proposed to be constructed. Any model unit must be served by an approved roadway and plumbing facilities in accordance with Village Ordinances.

SECTION FOURTEEN: SIGNS.

After application is made to the Village's Director of Development Services, and all required fees are paid, the Village will permit Developer to erect and maintain one outdoor advertising sign for this proposed development only, with such sign to be not more than 40 square feet, double-faced in size to be no higher than 10 feet from the top of the sign to ground level and may be exteriorly illuminated, and any such sign shall be located on the subject property and may so remain for the duration of Developer's sales program. The location of the sign upon the Subject Property shall be in accordance with the Code and shall have reasonable setbacks from streets and highways as the interest of safety may require. The Village shall have the right to compel removal of, and Developer shall so remove, such sign within 14 days after the last building permit is issued, or within 4 years from the date of this Agreement, whichever occurs later; provided, however, Developer shall in any event remove such sign no later than the time its development and all dwelling units are completely sold and provided further that such sign may remain in a dedicated (but not improved) right-of-way for 4 years from the date of this Agreement if the last building permit has not been issued.

SECTION FIFTEEN: PROVISIONAL OCCUPANCY PERMITS.

The Village, in accordance with the requirements of Title 5, Chapter 1, of the Orland Park Municipal Code, will grant provisional permits for individual residences between

November 1st and May 15 if weather prevents the Developer from completing the following work for any such residence (it being understood that if other work remains to be done, no occupancy permit, provisional or otherwise, will be issued):

- (a) The asphalt or concrete has not been poured for the driveway, provided that the stone base has been installed.
- (b) Final grading.
- (c) Painting of the exterior.
- (d) Installation of the gutters and downspouts.
- (e) Sidewalks.
- (f) Landscaping.

As a condition of the issuance of any such provisional occupancy permit, the Developer shall provide the Village with a timetable (acceptable to the Village) for completion of the outstanding work, which timetable shall be deemed a part of the occupancy permit.

SECTION SIXTEEN: PERMITS AND LETTER OF CREDIT.

The Developer shall not be entitled to obtain any building permits, nor any sign permits, and shall not be entitled to construct any model units, signs, sales and/or rental offices or any other appurtenant facilities unless and until the proper letter of credit has been made to the Village in accordance with the Code. The letter of credit shall specifically include an amount to cover the cost of street trees and sidewalks as required by the Code and this Agreement.

Developer agrees that any dirt stock piles resulting from the development of the Subject Property shall be located in places as designated and approved by the Village, and for reasonable time periods not to exceed the earlier of either five years or the date on which twelve (12) of the homes to be built on the Subject Property have been substantially completed, unless an extension is agreed to by the Village. In addition, the Village, after providing Developer with 10 days advance written notice, shall have the right to draw upon the letter of credit provided for in this agreement to relocate or remove any dirt stock pile which results from the development should they not be placed in an approved location or if the pile is causing a storm water drainage problem, or should it not be permitted to remain beyond the time period specified by the Village; provided, however, that the Village will not draw upon the letter of credit if Developer relocates or removes the stock piles as directed by the Village within the 10 day notice period.

SECTION SEVENTEEN: CONVEYANCE, DEDICATION AND DONATION OF REAL ESTATE AND CERTAIN PERSONAL PROPERTY.

Any conveyance, dedication or donation of real estate required of the Developer (hereinafter referred to as Grantor for purposes of this SECTION SEVENTEEN) to the Village

or other governmental authority under this Agreement shall be made in conformance with the following requirements and any other applicable provisions of this Agreement:

A. Fee Simple Title. The conveyance, dedication or donation shall be of a fee simple title by trustee's deed or other appropriate instrument.

B. Merchantable Title. Title to the real estate shall be good and marketable.

C. Form and Contents of Deed. The conveyance, dedication or donation shall be by delivery of a good, sufficient and recordable deed, plat of dedication, or appropriate dedication on a recorded plat of subdivision. The deed, conveyance or dedication may be subject only to:

(1) covenants, restrictions and easements of record, provided the same do not render the real estate materially unsuitable for the purposes for which it is being conveyed, dedicated or donated;

(2) terms of this Agreement;

(3) general taxes for the year in which the deed, conveyance or dedication is delivered or made and for the prior year if the amount of prior year's taxes is not determinable at the time of delivery, conveyance or dedication; and

(4) such other exceptions acceptable to the grantee.

D. Title Insurance. Grantor, shall provide to the Village (hereinafter referred to as Grantee for purposes of this Section), not less than ten (10) days prior to the time for delivery of the deed, conveyance or dedication, a commitment for title insurance from Chicago Title Insurance Company or such other title insurance company acceptable to the Grantee. The commitment for title insurance shall be in usual and customary form subject only to:

(1) the usual and customary standard exceptions contained therein;

(2) taxes for the year in which the deed is delivered and for the prior year if the amount of such prior year's taxes is not determinable at the time of delivery of the deed, conveyance or dedication;

(3) subparagraphs 1 and 2 of paragraph C above; and

(4) such other exceptions as are acceptable to the grantee.

The commitment for title insurance shall be in the amount of the fair market value of the real estate and shall be dated not less than twenty (20) days prior to the time for delivery of the deed, conveyance or dedication. Grantor shall further cause to be issued within thirty (30) days after delivery of the deed, conveyance or dedication a title insurance policy in such amount from the company issuing the commitment for title insurance, subject only to the exceptions stated above.

All title insurance charges shall be borne by Grantor.

E. Taxes, Liens, Assessments, Etc.

General taxes and all other taxes, assessments, liens and charges of whatever nature affecting the real estate shall be paid and removed prior to delivery of the deed, conveyance or dedication. To the extent that any such item cannot be removed prior to delivery of the deed, conveyance or dedication because the amount of the same cannot then be determined, Grantor hereby covenants that it will promptly pay the same upon determination of such amount and that it will indemnify, hold harmless and defend the Village against any loss or expense, including but not limited to attorneys' fees and expenses of litigation, arising as a result of a breach of the foregoing covenant.

F. Delivery of Deed, Conveyance or Dedication.

To the extent not provided in this Agreement, delivery of the deed, conveyance or dedication shall occur at a date, time and place mutually agreeable to Grantor and Village, otherwise at a date, time and place set by Village not less than thirty (30) days after notice thereof is given by Village to Grantor.

G. Environmental Assessment.

Not less than five days prior to any conveyance, dedication or donation of real estate required under this Agreement, any Village ordinance or other requirement, the Grantor, at its sole cost and expense, shall have caused to be prepared and submitted to the Village, a written report of a site assessment and environmental audit, in scope, form and substance, and prepared by an independent, competent and qualified environmental engineer ("Engineer") satisfactory to the Village (the "Environmental Audit"), and dated not more than sixty (60) days prior to the transfer date, showing the Engineer made all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial and customary practice in an effort to minimize liability, which takes into account and satisfies the "innocent landowner" provision set forth at 42 U.S.C. 96901(35), such that consistent with generally accepted engineering practice and procedure, no evidence or indication came to light which would suggest there was a release of substances on the property which could necessitate an environmental response action, and which demonstrates that the property and the facility complies with, and does not deviate from, all applicable federal, state, county, regional and local environmental statutes, laws, ordinances, rules and regulations, including any licenses, permits or certificates required thereunder.

The Environmental Audit shall also demonstrate that the property and the improvements located thereon, if any, do not contain:

- (1) asbestos in any form;
- (2) urea formaldehyde;

- (3) transformers or other equipment that contain fluid containing polychlorinated biphenyls;
- (4) underground storage tanks, or
- (5) any other chemical, material or substance, the exposure to which is prohibited, limited or regulated by any federal, state, county, regional or local authority (the "Authorities") or which poses a hazard to the health and safety of the occupants of the property or the facility, or the occupants of adjacent property.

The Environmental Audit shall also demonstrate that the property and facility are not, and have not been, the subject of any past, existing or threatened investigation, inquiry or proceeding concerning environmental matters by the Authorities, and that no notice or submission concerning environmental matters has been given or should be given with regard to the property and the facility to the Authorities. The Environmental Audit shall demonstrate that the property and facility are not subject to, or covered by, the requirements of the Emergency Planning and Community Right-To-Know Act of 1986, 42 U.S.C. 11001, et seq., and that the property is not now being used and has never been used for any activities involving directly or indirectly the use, treatment, storage or disposal of any hazardous or toxic chemical, material, substance or waste.

The Grantor of the property and facility acknowledges and agrees that the Village shall not be obligated to take title to any land if, in its sole and exclusive judgment (including without limitations, information revealed by the Environmental Audit), that the use or condition of the property, or any part thereof, poses a material health, safety or environmental hazard.

SECTION EIGHTEEN: REIMBURSEMENT OF VILLAGE FOR LEGAL AND OTHER FEES AND EXPENSES.

A. To Effective Date of Agreement.

The Developer, concurrently with annexation and zoning of the property or so much thereof as required, shall reimburse the Village for the following expenses incurred in the preparation and review of this Agreement, and any ordinances, letters of credit, plats, easements or other documents relating to the Subject Property:

- (1) the costs incurred by the Village for engineering services;
- (2) all attorneys' fees incurred by the Village; and
- (3) miscellaneous Village expenses, such as legal publication costs, recording fees and copying expenses.

B. From and After Effective Date of Agreement.

Except as provided in the paragraph immediately following this paragraph, upon demand by Village made by and through its President, Developer from time to time shall promptly reimburse Village, for all enumerated reasonable expenses and costs incurred by Village in the administration of the Agreement, including and limited to engineering fees, attorneys' fees and out of pocket expenses involving various and sundry matters such as, but not limited to, preparation and publication, if any, of all notices, resolutions, ordinances and other documents required hereunder, and the negotiation and preparation of letters of credit and escrow agreements to be entered into as security for the completion of land improvements.

Such costs and expenses incurred by Village in the administration of the Agreement shall be evidenced to the Developer upon its request, by a sworn statement of the Village; and such costs and expenses may be further confirmed by the Developer at its option from additional documents relevant to determining such costs and expenses as designated from time to time by the Developer.

Notwithstanding the immediately preceding paragraph, Developer shall in no event be required to reimburse Village or pay for any expenses or costs of Village as aforesaid more than once, whether such are reimbursed or paid through special assessment proceedings, through fees established by Village ordinances or otherwise.

In the event that any third party or parties institute any legal proceedings against the Owner or Developer and/or the Village, which relate to the terms of this Agreement, then, in that event, the Owner or Developer, as the case may be, on notice from Village shall assume, fully and vigorously, the entire defense of such lawsuit and all expenses of whatever nature relating thereto; provided, however:

1. Neither Owner nor Developer shall not make any settlement or compromise of the lawsuit, or fail to pursue any available avenue of appeal of any adverse judgment, without the approval of the Village.

2. If the Village, in its sole discretion, determines there is, or may probably be, a conflict of interest between Village, Owner or Developer on an issue of importance to the Village having a potentially substantial adverse effect on the Village, then the Village shall have the option of being represented by its own legal counsel. In the event the Village exercises such option, then Developer shall reimburse the Village from time to time on written demand from the President of Village and notice of the amount due for any expenses, including but not limited to court costs, reasonable attorneys' fees and witnesses' fees, and other expenses of litigation, incurred by the Village in connection therewith. The obligation of Developer to reimburse Village under the terms of this subparagraph 2 shall terminate if no such legal proceedings are brought within one (1) year from the date of the annexation of the Subject Property and, further, such obligation of reimbursement shall not apply if such legal proceedings are based upon alleged errors, omissions or unlawful conduct of Village and not the Developer.

In the event the Village institutes legal proceedings against Owner or Developer for violation of this Agreement and secures a judgment in its favor, the court having jurisdiction thereof shall determine and include in its judgment all expenses of such legal proceedings incurred by Village, including but not limited to the court costs and reasonable attorneys' fees, witnesses' fees, etc., incurred by the Village in connection therewith. Owner or Developer may, in its sole discretion, appeal any such judgment rendered in favor of the Village against Owner or Developer.

SECTION NINETEEN: WARRANTIES AND REPRESENTATIONS.

The Owner and Developer represent and warrant to the Village as follows:

1. That the Owner identified on page 1 hereof is the legal titleholder and the owner of record of the Subject Property.
2. That the Developer proposes to develop the Subject Property in the manner contemplated under this Agreement.
3. That other than the Owner and Developer, no other entity or person has any ownership interest in the Subject Property or its development as herein proposed.
4. That Owner has provided the legal description of the Subject Property set forth in this Agreement and the attached Exhibits and that said legal descriptions are accurate and correct.

SECTION TWENTY: CONTINUITY OF OBLIGATIONS.

Notwithstanding any provision of this Agreement to the contrary, including but not limited to the sale and/or conveyance of all or any part of the Subject Property by Developer, Owner shall at all times during the term of this Agreement remain liable to Village for the faithful performance of their respective obligations imposed upon them by this Agreement until such obligations have been fully performed or until Village, at its sole option, has otherwise released them from any or all of such obligations.

SECTION TWENTY-ONE: NO WAIVER OR RELINQUISHMENT OF RIGHT TO ENFORCE AGREEMENT.

Failure of any party to this Agreement to insist upon the strict and prompt performance of the terms covenants, agreements, and conditions herein contained, or any of them, upon any other party imposed, shall not constitute or be construed as a waiver or relinquishment of any party's right thereafter to enforce any such term, covenant, agreement or condition, but the same shall continue in full force and effect.

SECTION TWENTY-TWO: RELEASE OF OWNER UPON CONVEYANCE TO DEVELOPER.

It is understood by the Village that Owner has contracted to sell the Subject Property to Developer. All obligations of Owner and Developer set forth in this Agreement shall be the joint and several obligations of Owner and Developer until such time as the Subject Property has been conveyed to Developer, at which time Owner shall be relieved of all obligations of Developer as set forth in this Agreement.

SECTION TWENTY-THREE: VILLAGE APPROVAL OR DIRECTION.

Where Village approval or direction is required by this Agreement, such approval or direction means the approval or direction of the Corporate Authorities of the Village unless otherwise expressly provided or required by law, and any such approval may be required to be given only after and if all requirements for granting such approval have been met unless such requirements are inconsistent with this Agreement.

SECTION TWENTY-FOUR: SINGULAR AND PLURAL.

Wherever appropriate in this Agreement, the singular shall include the plural, and the plural shall include the singular.

SECTION TWENTY-FIVE: SECTION HEADINGS AND SUBHEADINGS.

All section headings or other headings in this Agreement are for general aid of the reader and shall not limit the plain meaning or application of any of the provisions thereunder whether covered or relevant to such heading or not.

SECTION TWENTY-SIX: RECORDING.

A copy of this Agreement and any amendments thereto shall be recorded by the Village at the expense of the Developer.

SECTION TWENTY-SEVEN: AUTHORIZATION TO EXECUTE.

The President and Clerk of the Village hereby warrant that they have been lawfully authorized by the Village Board of the Village to execute this Agreement. The Owner, Developer and Village shall, upon request, deliver to each other at the respective time such entities cause their authorized agents to affix their signatures hereto copies of all bylaws, resolutions, ordinances, partnership agreements, letters of direction or other documents required to legally evidence the authority to so execute this Agreement on behalf of the respective parties.

SECTION TWENTY-EIGHT: AMENDMENT.

This Agreement sets forth all the promises, inducements, agreements, conditions and understandings between the parties hereto relative to the subject matter thereof, and there are no

promises, agreements, conditions or understandings, either oral or written, express or implied, between them, other than are herein set forth. Except as herein otherwise provided, no subsequent alteration, amendment, change or addition to this Agreement shall be binding upon the parties hereto unless authorized in accordance with law and reduced in writing and signed by them.

SECTION THIRTY-SEVEN: MISCELLANEOUS.

Any and all representations, warranties, indemnifications, covenants, undertakings, and agreements contained herein shall survive the annexation of the Subject Property and shall not be merged or extinguished by the annexation of the Subject Property or any part thereof to the Village.

The Parties hereto agree that this Agreement and/or any Exhibits attached hereto may be amended only by mutual consent of the Parties, by adoption of an ordinance or resolution of the Village approving said amendment, as provided by law, and the execution of said amendment by all of the Parties or their successors in interest.

Except as otherwise expressly provided herein, this Agreement and the attached Exhibits A and B supersede all prior agreements, negotiations and exhibits and is a full integration of the entire agreement between the Parties.

The Parties acknowledge and agree that the individuals who are members of the group constituting the corporate authorities of the Village are entering into this Agreement in their corporate capacities as members of such group and shall have no personal liability in their individual capacities.

This Agreement shall be enforceable by any of the Parties hereto by any appropriate action at law or in equity.

Time is of the essence in the performance of the obligations of the Parties to this Agreement.

The provisions of this Agreement shall supersede all present and future Village ordinances, codes and regulations and any other alleged agreements and contracts that are in conflict herewith as they may apply to the Subject Property or the Owner.

REQUEST FOR ACTION REPORT

File Number: **2016-0325**
Orig. Department: **Public Works Department**
File Name: **Emergency Repairs Elevated Tank #5 - Proposal**

BACKGROUND:

On Monday, January 25, 2016, Police Department staff identified a small amount of water leaking to the bottom of Elevated Tank #5 located at 7200 Wheeler Drive. Further investigation by Utility Division staff identified a small water leak originating from the top of the 12" riser pipe as it penetrates through the bottom of the elevated storage tank. Although emergency repairs are needed prior to the high demand summer months, the tank remains in operation with limited capacity.

In an effort to expedite repairs, the Village contacted Chicago Bridge and Iron Works (CBI) of Plainfield, Illinois and requested a proposal to complete the repairs. CBI constructed Tank #5 in 1971. After delay in receiving CBI's proposal, Utility Division staff solicited other vendors to submit proposals for the work. Two additional tank contractors were contacted: Maguire Iron of Sioux Falls, South Dakota; Pittsburg Tank & Tower Maintenance Co., Inc. of Henderson, Kentucky.

Public Works received three formal proposals from the solicitation. After a review of the contractor proposals, including the examination of cost versus the various recommended methods of repair, it is recommended to engage Pittsburg Tank & Tower Maintenance Co., Inc. of Henderson Kentucky with a proposal amount of \$30,780.00.

During the April 4, 2016 meeting, staff was requested to provide additional information for this item. Per the Committee's request, this item was continued to the April 18, 2016 Board meeting to allow additional time to review the proposal from Pittsburg Tank & Tower. In response to the request for additional information, staff included a signed Affidavit of Compliance for maintenance related work, which ensures that Pittsburg Tank & Tower meets the provisions of the Responsible Bidder Ordinance.

On April 4, 2016, the Public Works Committee moved to continue this item to the April 18, 2016, Board agenda. The Public Works Committee requested additional information on this item, which has been received and is attached.

On April 18, 2016, the Village Board moved to continue this item to the May 2, 2016 Public Works Committee and Board agenda. On May 2, 2016, this item was reviewed and approved by the Public Works Committee and referred to the Board for approval.

BUDGET IMPACT:

Funds to complete this work are available in the Water and Sewer Fund budget line item 031-6002-470500.

REQUESTED ACTION:

I move to approve to accept the proposal from Pittsburg Tank & Tower Maintenance Co., Inc. of Henderson, Kentucky to complete repair services for Elevated Tank #5 for an amount not to exceed \$30,780.00.

AFFIDAVIT OF COMPLIANCE

The undersigned Patrick Heltsley, as Vice President
(Enter Name of Person Making Affidavit) (Enter Title of Person Making Affidavit)

and on behalf of Pittsburg Tank & Tower Maintenance Co., Inc., certifies that:
(Enter Name of Business Organization)

1) BUSINESS ORGANIZATION:

The Proposer is authorized to do business in Illinois: Yes [X] No []

Federal Employer I.D. #: 38-3771477
(or Social Security # if a sole proprietor or individual)

The form of business organization of the Proposer is (check one):

2) ELIGIBILITY TO ENTER INTO PUBLIC CONTRACTS: Yes [X] No []

The Proposer is eligible to enter into public contracts, and is not barred from contracting with any unit of state or local government as a result of a violation of either Section 33E-3, or 33E-4 of the Illinois Criminal Code, or of any similar offense of "Bid-rigging" or "Bid-rotating" of any state or of the United States.

3) SEXUAL HARRASSMENT POLICY: Yes [X] No []

Please be advised that Public Act 87-1257, effective July 1, 1993, 775 ILCS 5/2-105 (A) has been amended to provide that every party to a public contract must have a written sexual harassment policy in place in full compliance with 775 ILCS 5/2-105 (A) (4) and includes, at a minimum, the following information: (I) the illegality of sexual harassment; (II) the definition of sexual harassment under State law; (III) a description of sexual harassment, utilizing examples; (IV) the vendor's internal complaint process including penalties; (V) the legal recourse, investigative and complaint process available through the Department of Human Rights (the "Department") and the Human Rights Commission (the "Commission"); (VI) directions on how to contact the Department and Commission; and (VII) protection against retaliation as provided by Section 6-101 of the Act. (Illinois Human Rights Act). (emphasis added). Pursuant to 775 ILCS 5/1-103 (M) (2002), a "public contract" includes "...every contract to which the State, any of its political subdivisions or any municipal corporation is a party."

4) EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE: Yes [X] No []

During the performance of this Project, Proposer agrees to comply with the "Illinois Human Rights Act", 775 ILCS Title 5 and the Rules and Regulations of the Illinois Department of Human Rights published at 44 Illinois Administrative Code Section 750, et seq. The

Proposer shall: (I) not discriminate against any employee or applicant for employment because of race, color, religion, sex, marital status, national origin or ancestry, age, or physical or mental handicap unrelated to ability, or an unfavorable discharge from military service; (II) examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization; (III) ensure all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, marital status, national origin or ancestry, age, or physical or mental handicap unrelated to ability, or an unfavorable discharge from military service; (IV) send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the Vendor's obligations under the Illinois Human Rights Act and Department's Rules and Regulations for Public Contract; (V) submit reports as required by the Department's Rules and Regulations for Public Contracts, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts; (VI) permit access to all relevant books, records, accounts and work sites by personnel of the contracting agency and Department for purposes of investigation to ascertain compliance with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts; and (VII) include verbatim or by reference the provisions of this Equal Employment Opportunity Clause in every subcontract it awards under which any portion of this Agreement obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as the other provisions of this Agreement, the Proposer will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the Proposer will not utilize any subcontractor declared by the Illinois Human Rights Department to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations. "Subcontract" means any agreement, arrangement or understanding, written or otherwise, between the Proposer and any person under which any portion of the Proposer's obligations under one or more public contracts is performed, undertaken or assumed; the term "subcontract", however, shall not include any agreement, arrangement or understanding in which the parties stand in the relationship of an employer and an employee, or between a Proposer or other organization and its customers. In the event of the Proposer's noncompliance with any provision of this Equal Employment Opportunity Clause, the Illinois Human Right Act, or the Rules and Regulations for Public Contracts of the Department of Human Rights the Proposer may be declared non-responsible and therefore ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and this agreement may be canceled or avoided in whole or in part, and such other sanctions or penalties may be imposed or remedies involved as provided by statute or regulation.

5) PREVAILING WAGE COMPLIANCE: Yes [X] No []

In the manner and to the extent required by law, this contract is subject to the Illinois Prevailing Wage Act and to all laws governing the payment of wages to laborers, workers and mechanics of Contractor or any subcontractor of the Contractor bound to this agreement who is performing services covered by this contract. If awarded the Contract, per 820 ILCS 130 et seq. as amended, Contractor shall pay not less than the prevailing hourly rate of wages, the generally prevailing rate of hourly wages for legal holiday and overtime work, and the prevailing hourly rate for welfare and other benefits as determined by the Illinois Department of Labor or the Village and as set forth in the schedule of prevailing wages for this contract to all laborers, workers and mechanics performing work under this contract (available at <http://www.illinois.gov/idol/Laws-Rules/CONMED/Pages/Rates.aspx>).

The undersigned Contractor further stipulates and certifies that it has maintained a satisfactory record of Prevailing Wage Act compliance with no significant Prevailing Wage Act violations for the past three (3) years. In accordance with Public Act 94-0515, the Contractor will submit to the Village certified payroll records (to include for every worker employed on the project the name, address, telephone number, social security number, job classification, hourly wages paid in each pay period, number of hours worked each day and starting and ending time of work each day) on a monthly basis, along with a statement affirming that such records are true and accurate, that the wages paid to each worker are not less than the required prevailing rate and that the Contractor is aware that knowingly filing false records is a Class B Misdemeanor.

6) TAX CERTIFICATION: Yes [X] No []

Contractor is not delinquent in the payment of any tax administered by the Illinois Department of Revenue, or if it is: (a) it is contesting its liability for the tax or the amount of tax in accordance with procedures established by the appropriate Revenue Act; or (b) it has entered into an agreement with the Department of Revenue for payment of all taxes due and is currently in compliance with that agreement.

7) AUTHORIZATION & SIGNATURE:

I certify that I am authorized to execute this Affidavit of Compliance on behalf of the Contractor set forth on the Proposal, that I have personal knowledge of all the information set forth herein and that all statements, representations, that the Proposal is genuine and not collusive, and information provided in or with this Affidavit are true and accurate. The undersigned, having become familiar with the Project specified, proposes to provide and furnish all of the labor, materials, necessary tools, expendable equipment and all utility and transportation services necessary to perform and complete in a workmanlike manner all of the work required for the Project.

CB&I will perform this scope of work for the lump sum price of \$34,200.00 USD.

CLARIFICATIONS

This proposal is made with the following assumptions:

- We have included for Illinois, prevailing wages with this proposal. Certified payrolls will be available upon request.
- All work shall be performed according to current applicable codes to this type of structure.
- CB&I assumes no modifications have been made to affected work areas and replacement can be made in kind to original contract documents.
- CB&I has excluded any work to blind, empty, flush or drain supply piping and tank.
- CB&I has excluded any painting with this proposal.
- CB&I has excluded any filling, treating or testing of water with this proposal.
- CB&I has assumed that working surfaces and areas will be in safe conditions and ice free.
- CB&I has assumed for one (1) mobilization to site. If additional mobilizations are required each mobilization will be billed at an additional three thousand dollars (\$3,000) each.
- CB&I has assumed that the tank will be drained prior to mobilization, by others.
- CB&I has excluded any replacement of insulation, but will need to remove insulation in isolated areas of repair.

- CB&I assumes that we will have clear access to the inside of the tank, tank expansion joint and riser pipe to perform off loading, installation, and repairs without any special concerns for others that may be working in the area. We have assumed that no lead or asbestos is present on the elevated tank or the surrounding grounds.
- CB&I has assumed The Village of Orland Park is tax exempt and therefore have excluded taxes in this proposal. Village of Orland Park must supply CB&I with a completed exemption certificate.

SCHEDULE

CB&I and Village of Orland Park, IL. will schedule the work at a mutually agreeable time. Procurement and fabrication of the expansion joint, reinforcing pad, and drip ring, will take approximately two to three weeks after acceptance of this proposal. The installation of the expansion joint and repair to riser will take approximately five days.

CONTRACTUAL CONDITIONS

This proposal is valid for 30 days. If you wish for CB&I to perform this work, please have the appropriate individual sign the last page of this letter and return a copy to me. Upon completion of this contract, Purchaser shall pay one hundred percent (100%) of the contract price within fifteen (15) days from the date of CB&I's invoice. Invoices not paid within fifteen (15) days after the date of the invoice will bear interest at the current prime rate plus two percent (2%) except as limited by law in which case the maximum allowable interest rate will be used.

CB&I's General Contractual Conditions (NAC 115) are included as part of this proposal with the understanding that any subsequent order will reference this proposal and these General Contractual Conditions.

Thank you for the opportunity to quote this work. If you should have any questions or require additional information about this proposal, please do not hesitate to call.

Sincerely,

Bill Pegel
CB&I Inc.

REQUEST FOR ACTION REPORT

File Number:	2016-0335
Orig. Department:	Development Services Department
File Name:	Orland Park Triangle Improvements - Streets, Parking Lot and Infrastructure - Proposal Approval

BACKGROUND:

Summary

As part of both the University of Chicago Medical Center (UCMC) project and the forthcoming public parking deck, the Village is responsible for the design and construction of certain improvements within the Downtown Main Street area.

Specifically, the Village is responsible for the following items:

- (1) Jefferson Avenue from 143rd Street to 142nd Street;
- (2) "B" Street between Ravinia Avenue and future Jefferson Avenue;
- (3) The 207-space surface parking lot in front of the UCMC's building; and
- (4) Associated public infrastructure such as public utilities, streetscape, mass grading and landscaping.

Due to the tight timeline associated with delivering these improvements, combined with logistical challenges onsite, on February 15, 2016, the Village Board approved the use of a Limited Invitation Competitive Request for Proposals (RFP) process. Both Leopardo Construction (the general contractor for the UCMC project) and Walsh Construction II, LLC (the design-build contractor for the Village's parking deck) responded to the Village's RFP (#16-014).

The Village received proposals on April 7, 2016. Village staff and our consultants reviewed the submissions and recommends that the proposal from Leopardo Construction be accepted.

Project Specifications:

The RFP included base items, alternatives, unit price bid sheet, and contingencies, which breakdown as follows:

Base Items

UCMC Parking Lot with Landscaping: \$1,050,462.71
Jefferson Avenue (all) and B-Street (partial): \$1,438,629.68
Total: \$2,489,092.39

As part of the contract between UCMC and the Village, the former will contribute \$2,200,000 toward the construction of the parking lot and landscaping with any remaining balance to be applied to the parking deck. Based on the proposal numbers, the UCMC commitment will

adequately cover these improvements.

Alternatives

Alt 1: Streetscape: \$162,937.82
Alt 2: B (remainder): \$122,906.86
Alt 3: Grading: \$235,359.70
Total: \$521,204.38

These alternatives include the public realm landscaping, the full build-out of B-Street, and the mass grading of the area north of the parking deck, including the removal of all surplus soil. Based upon the proposal numbers, Staff recommends accepting each of the Alternatives.

Unit Price Bid Sheet

Irrigation: \$120,000

The Village and the UCMC are currently working together to design a master irrigation system. Since the design is ongoing, the Village requested as part of the RFP a Unit Price Bid Sheet, which assigns a value to each individual component of the system. Our consultant's estimate for the final system is \$120,000.

Contingencies

Special Soil Removal: \$594,000
Total: \$594,000

As part of Alternative 3, the Village estimates that following the grading of the parcel north of the parking deck, roughly 5,000CY of soil will need to be removed from the site. Leopardo provided a base number to haul to a general disposal location, and a higher figure should the material be required to go to a special disposal area. The exact disposal location will be determined via testing during the late-stages of the project. This contingency provides for a worst-case scenario.

A total project contingency is not included in this proposal. If additional funds are required, Staff will return to the Board with a budget amendment request that will include a specific funding source.

Totals

Base Items: \$2,489,092.39
Alternatives: \$521,204.38
Irrigation: \$120,000
Contingency: \$594,000
Total: \$3,724,296.70

Substantial Completion Date

The RFP reflects a substantial completion date of September 30, 2016.

BUDGET IMPACT:

Funds for these services are included in the FY2016 Main Street Triangle TIF Fund budget.

REQUESTED ACTION:

I move to approve accepting the proposal from Leopardo Construction for the “Orland Park Triangle Improvements - Streets, Parking Lot and Infrastructure” project in an amount not to exceed \$3,724,296.70.

File Number: **2016-0337**
Orig. Department: **Development Services Department**
File Name: **Norman's Cleaners - Environmental Land Use Control**

BACKGROUND:

As part of the remediation activities associated with the former Norman's Cleaners, the Illinois Environmental Protection Agency ("IEPA") requires land use limitations that will protect against exposure to contaminated soil or groundwater in perpetuity, or until such time as the IEPA determines that the risk is mitigated. The adoption of an Environmental Land Use Control (ELUC) satisfies this requirement.

Specifically, the ELUC effectively prohibits the use of groundwater for any water usage, and further stipulates that all water must be obtained from a public water supply. The limits of the control area include the remediation site as well as that any land within 47' of the property.

BUDGET IMPACT:

REQUESTED ACTION:

I move to approve an Environmental Land Use Control (ELUC) for the Norman's Cleaners property as outlined above.

Model Environmental Land Use Control

THIS ENVIRONMENTAL LAND USE CONTROL ("ELUC"), is made this ____ day of _____, 2016, by the **Village of Orland Park** ("Property Owner") of the real property located at the common address 9628 West 143rd Street, Orland Park, Illinois 60462.

WHEREAS, 415 ILCS 5/58.17 and 35 Ill.Adm.Code 742 provide for the use of an ELUC as an institutional control in order to impose land use limitations or requirements related to environmental contamination so that persons conducting remediation can obtain a No Further Remediation determination from the Illinois Environmental Protection Agency ("IEPA"). The reason for an ELUC is to ensure protection of human health and the environment. The limitations and requirements contained herein are necessary in order to protect against exposure to contaminated soil or groundwater, or both, that may be present on the property as a result of dry cleaning activities. Under 35 Ill.Adm.Code 742, the use of risk-based, site-specific remediation objectives may require the use of an ELUC on real property, and the ELUC may apply to certain physical features (e.g., engineered barriers, monitoring wells, caps, etc.).

WHEREAS, **Normans Cleaners and Formal Wear** intends to request risk-based, site specific soil and groundwater remediation objectives from IEPA under 35 Ill. Adm. Code 742 to obtain risk-based closure of the site, identified by Bureau of Land 0312310009, utilizing an ELUC.

SECTION ONE: Property Owner does hereby establish an ELUC on the real estate, situated in the County of Cook, State of Illinois, and further described in **Exhibit A** attached hereto and incorporated herein by reference (the "Property").

Attached as **Exhibit B** is a site map that shows the legal boundary of the Property, any physical features to which the ELUC applies, the horizontal and vertical extent of the contaminants of concern above the applicable remediation objectives for soil or groundwater or both, and the nature, location of the source, and direction of movement of the contaminants of concern, as required under 35 Ill. Adm. Code 742.

SECTION TWO: Property Owner represents and warrants it is the current owner of the Property and has the authority to record this ELUC on the chain of title for the Property with the Office of the Recorder or Registrar of Titles in Cook County, Illinois.

SECTION THREE: The Property Owner hereby agrees, for itself and its heirs, grantees, successors, assigns, transferees and any other owner, occupant, lessee, possessor or user of the Property or the holder of any portion thereof or interest therein, that no person shall construct, install, maintain, or operate a well at the Remediation Site. All water supplies and water services for the Remediation Site must be obtained from a public water supply system. The provisions of this institutional control shall be applicable to all water usage (e.g., domestic, industrial/commercial uses and outdoor watering).

SECTION FOUR: This ELUC is binding on the Property Owner, its heirs, grantees, successors, assigns, transferees and any other owner, occupant, lessee, possessor or user of the Property or the holder of any portion thereof or interest therein. This ELUC shall apply in perpetuity against the Property and shall not be released until the IEPA determines there is no longer a need for this ELUC as an institutional control; until the IEPA, upon written request, issues to the site that received the no further remediation determination a new no further remediation determination approving modification or removal of the limitation(s) or requirement(s); the new no further remediation determination is filed on the chain of title of the site subject to the no further remediation determination; and until a release or modification of the land use limitation or requirement is filed on the chain of title for the Property.

SECTION FIVE: Information regarding the remediation performed on the Property may be obtained from the IEPA through a request under the Freedom of Information Act (5 ILCS 140) and rules promulgated thereunder by providing the IEPA with the 10 digit LPC number listed above.

SECTION SIX: The effective date of this ELUC shall be the date that it is officially recorded in the chain of title for the Property to which the ELUC applies.

Jane Jacobs, OC, O.Ont (May 4, 1916 – April 25, 2006) was an American-born Canadian writer and activist with primary interest in communities and urban planning and decay. She is best known for *The Death and Life of Great American Cities* (1961), a powerful critique of the urban renewal policies of the 1950s in the United States. The book has been credited with reaching beyond planning issues to influence the spirit of the times.

Along with her well-known printed works, Jacobs is equally well-known for organizing grassroots efforts to block urban-renewal projects that would have destroyed local neighborhoods. She was instrumental in the eventual cancellation of the Lower Manhattan Expressway, and after moving to Canada in 1968, equally influen ...[more](#)

“A city street equipped to handle strangers, and to make a safety asset, in itself, our of the presence of strangers, as the streets of successful city neighborhoods always do, must have three main qualities:

Like

First, there must be a clear demarcation between what is public space and what is private space. Public and private spaces cannot ooze into each other as they do typically in suburban settings or in projects.

Second, there must be eyes upon the street, eyes belonging to those we might call the natural proprietors of the street. The buildings on a street equipped to handle strangers and to insure the safety of both residents and strangers, must be oriented to the street. They cannot turn their backs or blank sides on it and leave it blind.

And third, the sidewalk must have users on it fairly continuously, both to add to the number of effective eyes on the street and to induce the people in buildings along the street to watch the sidewalks in sufficient numbers. Nobody enjoys sitting on a stoop or looking out a window at an empty street. Almost nobody does such a thing. Large numbers of people entertain themselves, off and on, by watching street activity.”

“Under the seeming disorder of the old city, wherever the old city is working successfully, is a marvelous order for maintaining the safety of the streets and the freedom of the city. It is a complex order. Its essence is intricacy of sidewalk use, bringing with it a constant succession of eyes. This order is all composed of movement and change, and although it is life, not art, we may fancifully call it the art form of the city and liken it to the dance — not to a simple-minded precision dance with everyone kicking up at the same time, twirling in unison and bowing off en masse, but to an intricate ballet in which the individual dancers and ensembles all have distinctive parts which miraculously reinforce each other and compose an orderly whole. The ballet of the good city sidewalk never repeats itself from place to place, and in any once place is always replete with new improvisations.”

“[Public housing projects] are not lacking in natural leaders,' [Ellen Lurie, a social worker in East Harlem] says. 'They contain people with real ability, wonderful people many of them, but the typical sequence is that in the course of organization leaders have found each other, gotten all involved in each others' social lives, and have ended up talking to nobody but each other. They have not found their followers. Everything tends to degenerate into ineffective cliques, as a natural course. There is no normal public life. Just the mechanics of people learning what s going on is so difficult. It all makes the simplest social gain extra hard for these people.”

“As children get older, this incidental outdoor activity--say, while waiting to be called to eat--becomes less bumptious, physically and entails more loitering with others, sizing people up, flirting, talking, pushing, shoving and horseplay. Adolescents are always being criticized for this kind of loitering, but they can hardly grow up without it. The trouble comes when it is done not within society, but as a form of outlaw life.

The requisite for any of these varieties of incidental play is not pretentious equipment of any sort, but rather space at an immediately convenient and interesting place. The play gets crowded out if sidewalks are too narrow relative to the total demands put on them. It is especially crowded out if the sidewalks also lack minor irregularities in building line. An immense amount of both loitering and play goes on in shallow sidewalk niches out of the line of moving pedestrian feet.”

“Being human is itself difficult, and therefore all kinds of settlements (except dream cities) have problems. Big cities have difficulties in abundance, because they have people in abundance.”

“To generate exuberant diversity in a city's streets and districts four conditions are indispensable:

Like

1. The district, and indeed as many of its internal parts as possible, must serve more than one primary function; preferably more than two...

2. Most blocks must be short; that is, streets and opportunities to turn corners must be frequent.

3. The district must mingle buildings that vary in age and condition, including a good proportion of old ones so that they vary in the economic yield they must produce. This mingling must be fairly close-grained.

4. There must be a sufficiently dense concentration of people, for whatever purposes they may be there...”

“The more successfully a city mingles everyday diversity of uses and users in its everyday streets, the more successfully, casually (and economically) its people thereby enliven and support well-located parks that can thus give back grace and delight to their neighborhoods instead of vacuity. ”

“The trouble with paternalists is that they want to make impossibly profound changes, and they choose impossibly superficial means for doing so.”

“His aim was the creation of self sufficient small towns, really very nice towns if you were docile and had no plans of your own and did not mind spending your life with others with no plans of their own. As in all Utopias, the right to have plans of any significance belonged only to the planner in charge.

“Neighborhoods built up all at once change little physically over the years as a rule...[Residents] regret that the neighborhood has changed. Yet the fact is, physically it has changed remarkably little. People's feelings about it, rather, have changed. The neighborhood shows a strange inability to update itself, enliven itself, repair itself, or to be sought after, out of choice, by a new generation. It is dead. Actually it was dead from birth, but nobody noticed this much until the corpse began to smell.”

“Everyone is aware that tremendous numbers of people concentrate in city downtowns and that, if they did not, there would be no downtown to amount to anything--certainly not one with much downtown diversity.”

“Automobiles are often conveniently tagged as the villains responsible for the ills of cities and the disappointments and futilities of city planning. But the destructive effect of automobiles are much less a cause than a symptom of our incompetence at city building.”

“Dull, inert cities, it is true, do contain the seeds of their own destruction and little else. But lively, diverse, intense cities contain the seeds of their own regeneration, with energy enough to carry over for problems and needs outside themselves.”

“No neighbourhood or district, no matter how well established, prestigious or well heeled and no matter how intensely populated for one purpose, can flout the necessity for spreading people through time of day without frustrating its potential for generating diversity.”

“I have been dwelling upon downtowns. This is not because mixtures of primary uses are unneeded elsewhere in cities. On the contrary they are needed, and the success of mixtures downtown (on in the most intensive portions of cities, whatever they are called) is related to the mixture possible in other part of cities.”

“There is a widespread belief that americans hate cities. I think it is probable that Americans hate city failure, but, from the evidence, we certainly do not hate successful and vital city areas. On the contrary, so many people want to make use of such places, so many people want to work in them or live in them or visit in them, that municipal self-destruction ensues. In killing successful diversity combinations with money, we are employing perhaps our nearest equivalent to killing with kindness.”
