## Staff Report to the Plan Commission

02/20/24 14340 108<sup>th</sup> Ave Rezoning

Prepared: 02/12/24

### TITLE & SUMMARY

---

**Project:** 2023-1009 – 14340 108th Avenue – Rezoning

**Petitioner:** Warren Tessari

**Purpose:** The petitioner is seeking approval of a rezoning in accordance with the provisions set forth in the Land Development Code Section 5-108.

**Location:** 14340 108<sup>th</sup> Avenue, Orland Park, IL 60464

**P.I.N.:** 27-08-100-064-0000

### SUMMARY & BACKGROUND

---

The petitioner seeks approval of a zoning map amendment (“rezoning”) of a 2.3-acre parcel located at 14340 108<sup>th</sup> Avenue. The petitioner intends to rezone the subject site from BIZ General Business District to R-2 Residential District. There is a sizable wetland and floodplain on the site that will limit the future development of a single family residential home; however, development plans are not being reviewed as part of this petition.

#### Comprehensive Plan

The Village of Orland Park places a high value on open spaces, parks, and recreational opportunities, recognizing them as essential contributors to the well-being of our community. The Comprehensive Plan emphasizes the Orland Grove Planning District as primarily residential with housing sizes ranging from moderately-sized homes to very large mansions. The rezoning of the parcel located at 14340 108<sup>th</sup> Avenue will continue to enhance and preserve largely low-density residential land use.

## DETAILED PLANNING DISCUSSION

---

The petitioner seeks approval of a zoning map amendment from BIZ General Business District to R-2 Residential District for the parcel located at 14340 108<sup>th</sup> Avenue.

### Land Use Intensity

The lot area is approximately 105,082 SF (2.41 acres), including a conservation easement along the west and south property boundaries, and a lot width of 270'. Per Section 6-203.D, the minimum required lot size is 15,000 SF and minimum required lot width is 100'.

### Wetlands / Waterbodies

To ensure maximum protection of nontidal wetlands, the Village discourages development activities in nontidal wetlands and those activities at adjacent upland sites that may adversely affect nontidal wetlands, and encourages restoration of already degraded or destroyed systems. All wetlands are subject to Section 6-413 of the Land Development Code (LDC).

## ENGINEERING PLAN

---

Preliminary engineering has been recommended for approval for this project. Development on this lot is within Zone A floodplain, per FEMA FIRM 17031C0594J. Compensatory storage calculations must be provided meeting LDC Section 6-409. Storm Sewers and Storm Water Retention.

## LANDSCAPING PLAN

---

Preliminary wetland and landscaping has been recommended for approval for this project. Development of a single family detached dwelling requires a landscape plan and a tree preservation and mitigation plan. In addition, the development must comply with Landscape Parkway requirements.

## STAFF RECOMMENDED ACTION

---

Regarding Case Number 2023-1009, also known as 14340 108<sup>th</sup> Avenue - Rezoning, Staff recommends to accept and make findings of fact as discussed at this Plan Commission meeting and within the Staff Report dated February 12, 2024;
