- 3.0 Prescribed burns are targeted for execution between fall and spring of the following year. Actual schedule will be dependent upon permitting and appropriate field conditions.
- 4.0 Prescribed burns do not guarantee the protection and survivorship of any landscape material located within or immediately adjacent to the burn area.
- 5.0 Invoicing will be issued for prescribed burn preparation at the time the permit is issued. If the burn is delayed beyond the expiration of the permit, additional charges will apply to complete a second iteration of the permit documents and reapply for the permit.
- 6.0 Burns are anticipated to be completed in a single mobilization. If a burn is terminated prior to completion for any reason, the burn will be invoiced as a prorated portion of the total cost based on acreage completed and the mobilization of equipment and personnel. The fee for completing the burn will be evaluated and additional costs will be presented to the client for approval.
- 7.0 Site monitoring will be performed during late summer/early fall to evaluate vegetation establishment, species diversity, weed pressure, and other items that may affect the overall performance of the native vegetation.
- 8.0 Herbicides will be applied for control of invasive weed species and will occur between April and September of each year.
- 9.0 Chemical and mechanical weed control activities will be conducted to control nuisance herbaceous and woody vegetation.
- 10.0 Woody removals will be chipped and hauled off-site. Stumps will be treated with herbicide. No stump
- 11.0 This proposal will be executed in accordance with the attached terms and conditions.

ACCEPTED: The above prices, specifications and conditions are satisfactory and Purchaser: _____ Signature: _____ Printed Name: _____ Date: _____	CONFIRMED: V3 Companies Authorized Signature:  Printed Name: Michael Famiglietti, P.E. Vice President
