Village of Orland Park 14700 S. Ravinia Ave., 2nd Floor Orland Park, IL 60462 Attn.: Procurement Dept.

Dear Selection Committee,

SAFEbuilt Illinois, LLC (SAFEbuilt) is pleased to present our proposal in response to the Village of Orland Park (the Village) Request for Proposals for "Professional Plan Review, Inspection and Support Services on an As-Needed Basis". Accurate and timely building department services are critical to helping support the Village's development. SAFEbuilt provides efficient and effective solutions. Our proven methods deliver high customer satisfaction at a reasonable cost.

Since 1992, SAFEbuilt began providing exceptional Community Development services to local governments. We are currently the national leader performing value-added professional, technical, and consulting services in 30 states for the efficient delivery of third-party solutions.

We strongly believe that to provide the Village with quality services, it is essential to choose a partner with demonstrated abilities. SAFEbuilt is a local partner with the capacity to customize services to meet your needs. Your service will derive from our local office in Grayslake, IL. Currently, SAFEbuilt has more than **50 full-time employees** and have partnered with **59 communities in the State of Illinois**. We also have over 100 full-time employees in surrounding states to assist with time-sensitive or short-notice requests should the Village's needs ever increase or for peak-season.

Our previous body of work showcases our technical expertise to perform these services in a timely, well-qualified and resourceful manner. We have attached examples of our work, each similar to the size, scope and complexity of this contract. We will implement your program seamlessly, delivering the solutions your community needs in a manner that elected officials, Village staff, stakeholders and citizens desire and most importantly, deserve. We recognize that different communities have different needs and objectives. Our efforts will address these specific goals and challenges to help you sustain a thriving community.

We are excited for the opportunity to partner with the Village. Thank you for taking the time to assess our proposal. If you have any question, please feel free to contact Steve Nero, our Senior Director for Business Development at 312.339.0436 or alternatively at snero@safebuilt.com who will be your main point of contact for this project.

Best Regards,

Tom Wilkas
Chief Financial Officer
SAFEbuilt Illinois, LLC

Tab A — Firm's Qualifications

SAFEbuilt was founded in 1992 for the sole purpose of providing exceptional Building Department Services to local governments. Today, we are one of the leading providers of Community Development Services in the country, partnering with nearly 1,500 communities including over 50 neighboring municipalities for the efficient delivery of privatized solutions.

Our areas of service have expanded over the past 29 years to include:

- Arborist and Landscape Design
- Automation Software
- Building, Mechanical, Electrical and Plumbing Inspections
- Certified Building Official Services
- Code Enforcement
- Electronic Plan Review
- Fire Inspections and Plan Review
- Full Service and Supplemental Building Department Operations

- Housing Authority Inspections
- Permit Technician Services
- Planning and Zoning Services
- Property Maintenance Inspections
- Rental Housing Inspections
- Residential, Commercial and Industrial Plan Review
- Roof Inspections

We are the first choice of municipalities nationwide to provide customized solutions that serve their communities. Our approach to each contract is treated as a partnership that fosters open communication between SAFEbuilt and the municipalities that we serve. Our Team is 100% committed to maintaining regular contact with the Village staff via phone, virtually, or in-person to address questions that may arise during the Inspection and Plan Review Services.

The SAFEbuilt Advantage

Our solid reputation as an industry leader demonstrates our knowledge, flexibility and cost efficiencies, giving us the reliability your company needs in a team. Our people love what they do and eagerly contribute solutions and recommendations that are proven, time-tested and specific to your needs, providing the following fundamental elements:

- Focus on Cost-Saving Approaches and Methods Because we serve many municipalities and agencies, we are constantly improving and adapting to provide our clients with the most cost-effective services and keep our clients' budgets on track.
- Tailored, Responsive Services Our team is skilled at assessing time commitments, developing an accurate work plan and applying dedicated, professional personnel. We quickly fine-tune staffing levels to match changes in activity always maintaining the highest level of customer service.
- Swift Turnarounds and Expedited Services With extensive experience in community development and improvement services, our staff excels at providing prompt turnarounds. We match or beat required turnaround deadlines.
- Effective Coordination with other Agencies and Departments Collaboration and cooperation with other departments and agencies are key elements of how we approach our projects. Effective communication solutions are made available to the needs of each community we serve.
- A Wealth of Code Knowledge and Building Industry Experience We maintain staff fully licensed and certified at the highest level of industry standards. To keep our personnel on the industry's cutting edge, many serve as popular educational instructors and lecturers, as well as sit on leading boards and committees for organizations developing and implementing important code regulations.
- Leading-Edge Technology with Cost-Saving Solutions SAFEbuilt's permitting software, CommunityCore Solutions, delivers a suite of digital options for jurisdictions prompt digital plan reviews, including electronic versions of plan comments, and easy-to-use online web application/portal for submittal, tracking and approval of digital plans. Our team is fully versed in using MUNIS and other major applications and can easily transition.
- Environmentally Friendly Practices Our corporate policy on sustainability supports a healthy environment, reduces our carbon footprint, and promotes environmental stewardship through environmentally preferable purchasing and other sustainability actions. Our digital plan review system encourages the bypass of paper use, and all possible documents at SAFEbuilt are printed double-sided on recycled, post-consumer content paper.

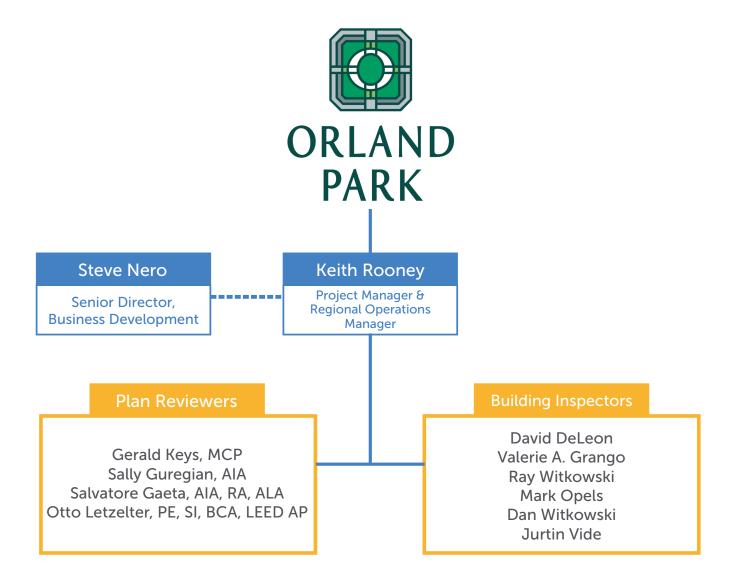

Our Core Values

Our team brings virtually all skills and experiences needed to meet our clients' development management needs. As your partner, we dedicate ourselves to help your community maintain safety and livability. We commit to remaining dedicated to a client-centered philosophy that is based on our core values, as seen below.

Organizational Chart

Tab B — Services

SAFEbuilt will be able to provide services for the following disciplines:

We have developed a national network of talented professionals who are certified and licensed to attend all the requirements of your Rental Unit Inspections program and beyond. Our staff consists of a team of tried-and-true industry professionals who provide your community with consistent and responsive customer service every day.

Our experienced teams are leaders not only in our partner communities' efforts to promote safe, prosperous and inclusive neighborhoods but they are also recognized as thought leaders throughout the industry, including Building Department Management, Code Enforcement & Development, Planning & Zoning, Software Automation and Training.

Our proposed staff are qualified and familiar with IPMC (International Property Management Code) and local ordinances.

SAFEbuilt invest heavily in the training, certification and licensure of our personnel. Our leadership has put a program in place whereby employees have access to comprehensive training, continuing education and coaching. We do that by supporting our staff with paid training. Each SAFEbuilt inspector has gone

through the applicable ICC training and certification. All our inspectors attend the CICC Educational Institute annually in March.

Our commitment to our employees wellbeing, continuing education and competitive compensation enables us to keep our staff retention levels at optimum levels.

Educational Approach To High Customer Service

We understand that building department processes and procedures can be confusing, as well as frustrating to property owners, developers, contractors, and others—no matter if it is their first or 100th time building in your community. For this reason, our staff takes a proactive and personalized approach in our service delivery, whereby

GUARANTEED RESULTS

- ✓ Close projects on time/ahead of schedule
- ✓ Increase customer satisfaction
- ✓ Realize operations revenues faster

we educate each client that engages with your building department. Meaning each client receives a step-bystep explanation of the process, transparent communication, identification of timelines and costs, checklists of requirements needed for approvals, and advice and consultation to streamline approvals.

Technology

SAFEbuilt uses technology to improve customer service, increase efficiency, provide consistency, and offer a better user experience. Our teams are also familiar with and use review tools such as e-PlanSoft, Adobe, PlanGrid and others.

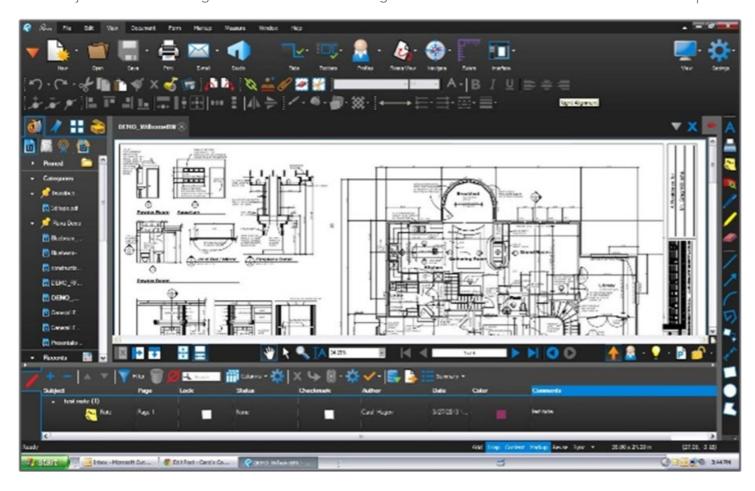

All our inspectors are fully proficient in using Smartgov and have used in many municipalities throughout the United States. Nevertheless, we can also offer to the Village of Orland Park, our own SAFEbuilt's proprietary online community development software tool, which manages permitting, plan reviews and approvals, and inspection services. The system, which integrates with other government software systems, is designed to streamline and automate inspection processes, ensure compliance, manage workflows, generate activity reporting and provide transparency to the Village staff.

We offer CommunityCore software as an option to the Village, as stated before, we are fully trained and prepared to use your existing system.

Our CommunityCore software transforms the way your Village conducts rental inspections. Applicants can submit electronically and track the progress of each step, in real time, from applicant submittal through certificate of compliance. This offers the Village and its residents clear insight as well as detailed information on the status of each permit creating a sense of engagement and partnership between the local authority and its community.

Our team also uses Bluebeam Revu to review plans electronically, and all our Plan Reviewers are proficient with its use. Bluebeam Revu is used by 94% of top U.S. contractors, which helps us partner with the Village of Orland Park and still 'speak the same language' as the design firm. We can initiate a "Studio" session from anywhere in the world to join us and the Village to see what we are seeing and have a live discussion about the submitted plans.

Ensuring Continuity Of Service

SAFEbuilt repurposed one of our proven options to respond to the service obstacles created by the COVID-19 global pandemic. At SAFEbuilt, we will always do our utmost best to ensure that nothing stop us from providing the Village of Orland Park with exceptional service.

A Proactive Approach to Work During COVID-19

As the world continues to combat the coronavirus (COVID-19) outbreak, the way we do business is changing and adapting. In response, SAFEbuilt leadership continues to work hard to keep our employees, customers, and the communities we serve safe while ensuring business continuity. To slow the spread and impact of COVID-19, SAFEbuilt implemented several safety protocols for personal interface, and we have identified many alternative approaches to deliver services remotely.

SAFEbuilt customers can take advantage of our remote capabilities during this unprecedented time to help minimize service disruptions as we possibly enter the second wave of this pandemic.

SAFE**built**.

SAFEbuilt is committed to:

- ✓ Ongoing planning, re-examination, and re-evaluation of our processes to maintain alignment with the latest CDC guidelines
- Maximizing digital collaboration tools
- Staying engaged and connected with our customers virtually
- ✓ Keeping up-to-date with the latest changes in local and national policies and protocols

ENHANCED SAFETY PROTOCOLS —

- Pre-screening customers during scheduling
- Limiting the number of people on-site during an inspection
- Encouraging the use of video calls
- ✓ Purchasing additional PPE for employee use

- INCREASED HEALTH MEASURES -

- ✓ Maintaining proper social distancing
- Wearing facemasks to prevent communal spread
- Cleaning and disinfecting high-touch surfaces, as recommended by the CDC
- ✓ Frequent handwashing and sanitizing

- ENCOURAGE REMOTE INSPECTIONS -

- Uses video technology to transmit live video feed of inspection area
- During virtual inspection the inspector directs the customer to walk through the inspection process to verify code compliance
- Video footage and photos are retained with the inspection documentation
- SAFEbuilt has conducted more than 200 remote inspections through the country

- RECOMMEND REMOTE PLAN REVIEWS -

- ✓ Customers can conveniently submit their plans and monitor status remotely
- ✓ Customer can access the portal anytime and anywhere without office hour restrictions or personal interface
- ✓ Offers faster turnaround time through national access to qualified plan review staff

SAFEbuilt will not allow a global pandemic to disrupt the continuity of operations for our customers. To ensure that we can continue to provide services to the Village during these uncertain times, SAFEbuilt offers a remote plan review as an alternative to in-person services.

Tab C — Experience and References

Throughout the State of Illinois, we serve many communities like yours, providing services ranging from residential and commercial plan review to building inspections and Building Official duties. We look forward to working together with the Village to improve customer services and operational efficiencies.

Currently SAFEbuilt has more than 50 full-time employees in the State of Illinois and over 100 full-time employees in surrounding States to assist with time-sensitive or short-notice requests.

Due to our far reach across many states, we can utilize staff when and where needed, adjusting our service levels based on need. Hiring and retaining qualified staff is the foundation for any successful technical and customer-centric operation. Through our work with similar communities in Washington and our valued staff longevity, you can be assured our team will provide the necessary resources, expertise, and customer-focused attitude throughout the contract.

Our staff will be available by phone and email, and we commit to being available for required in-person meetings the County deems necessary.

Please find herewith our references as well as a list of all our active clients.

Description

For the Village of Morton Grove, we manage all building department services, providing project management, residential and commercial plan review for a wide variety of projects, and code enforcement, as well as building inspection for all trades in accordance with all appropriate standards, including accessibility and energy, under local, State, and Federal law.

- Plans Examiner, SAFEbuilt, LLC | 2/2016 to Present
 - Perform full range of residential and commercial (IRC and IBC governed) Plan Reviews (includes electrical, if qualified). Identify and address areas of plan non-compliance.
 - Identify projects requiring outside technical resources—structural, mechanical, electrical engineering or other special plans examiner skills not present in the office. Manage the process of utilizing these services.
 - Ensure that customer commitments and company goals related to plan review turnaround times and field inspections are consistently met or exceeded.
 - Establish and implement building department and company policies and procedures in conjunction with Building Official.
 - Identify areas for improvement in office operations, customer service level, employee efficiency, and implement changes with approval of the Building Official.
 - Perform periodic site visits to review on-going projects (commercial and residential) to validate reviewed plans against actual projects.
 - Assumes the duties and responsibilities of the Building Official when required.
 - Randomly and periodically calculate permit and plan review fees manually and compare to software generated calculations.
 - Enter inspection and plan reviews results in appropriate software.
 - Attend town board meetings, planning meetings or pre-construction meetings as required or requested.
 - Recommend code modifications and/or additions to customers as necessary to keep codes current.
- Combination Plan Review/Inspector, City of Manassas, VA | 6/2014 to 2/2016
- Code Compliance Manager, Engineering Consulting Services I 9/2011 to 5/2014
- Code Development Specialist, Department of Consumer and Regulatory Affairs D.C. | 10/2007 to 9/2011
- Chief Building Inspector, City of DeKalb, IL | 2/2005 to 10/2007
- Residential Wood Framing Contractor, Stawicki Construction Co., Richton Park, IL I 9/1987 to 12/2005

 - Served as go-between for contractors and inspectors.
 - Verified pertinent information relating to contractor licensing.
 - Established new filing units and systems and maintained control of items out of file.
 - Input customer service requests.

Tab E — Project Plan Approach

With our range of Community Development Services, SAFEbuilt empowers communities to envision, plan and execute innovative solutions for nearly all municipal operational services. Our teams bring the skills and experience necessary to meet the Village of Orland Park needs of Inspection and Plan Review Services.

KEY BENEFITS

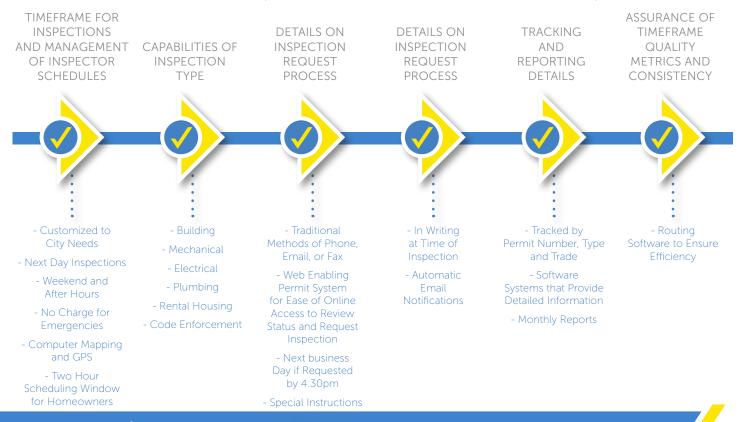

Inspection Services

Our inspection staff recognizes that an educational, informative approach is the most effective way to improve the building community's experience.

Building, Mechanical, Electrical and Plumbing Inspections

SAFEbuilt operations conducts building, mechanical, electrical, and plumbing inspections for building-related permits both on a full-time and a supplemental basis. Our inspections are based on your adopted codes, adopted amendments, as well as specific additional requirements from each municipality, throughout the various stages of construction. If selected, SAFEbuilt can provide a standard code transition to bring a municipality's codes current.

Plan Review Services

Our plan review professionals use the best practices to meet each municipality's service requirements, managing projects effectively and efficiently, completing all deliverables on-time and within budget. After plans are logged, the lead planner assigns plans to the appropriate examiner, he/she completes the review, and the completed review is returned to the municipality as outlined below:

- **Tracking** Plans are logged into our database and tracked through our review process. Once entered, the plans are sent to the appropriate plans examiner.
- Verification All information on each submittal is checked against the permit application for accuracy.
- **Corrections** Plans are reviewed for compliance with all applicable federal, state and local regulations. Corrections are noted directly on the plans. Preliminary consultation with applicants is also available.
- **Communications** Results are communicated to the applicant the same day. Any needed corrections are explained to the applicant in detail.

Examples of previous projects include high-rise buildings, casinos, regional shopping centers, hotels, resorts, hospitals, sports arenas, detention facilities, police stations, fire stations, city halls, libraries, schools, industrial facilities, hazardous occupancies, trash recycling, essential facilities, unreinforced masonry seismic upgrades, residential projects, tenant improvements, and remodels.

Same-Day Reviews

We easily handle same-day plan reviews for small construction projects such as driveways, patios, fences, sheds, additions and remodels, and detached garages.

Commercial, Multi-Family, Single-Family and MEP Plan Review

SAFEbuilt ensures submittals are properly coordinated and tracked by following an established internal plan check process in which each plan is entered into our database, processed and returned to the client on time. Our plan tracking procedures are designed to track each submittal throughout the review process and maintain accurate and comprehensive records for each submittal, verifying information shown on each permit application.

- Screening and logging each application to ensure timely routing to all plan reviewers.
- Reviewing submittals for compliance with all relevant Federal, State, and local requirements.
- Performing plan reviews in compliance with local,
 State, and Federal regulations and all codes and ordinances in effect.
- Providing a thorough review of design drawings and details for compliance.
- Assuring corrections are handled within established timeframes and as succinctly and clearly as possible.

- We will assist each applicant through the plan review process. All corrections are identified based on compliance with specified codes and regulations.
- Correction sheets for specific projects shall be forwarded to the Village along with a cover memo containing the following (at a minimum):
 - The date(s) plans were received and reviewed by SAFEbuilt.
 - The date(s) the applicant was notified of completed plan reviews.
 - The name and telephone number of the applicant.

We can receive plans from the Village or directly from the applicant by mail, FedEx, or electronic transmission. Our process is convenient for our client municipalities and for the designers and permit applicants we serve. All plans submitted to the Village will be analyzed for compliance according to an agreed timetable.

Fire Plan Review

SAFEbuilt offers specialized fire plan review. Staff review plans for a variety of structures, including new, existing, and altered buildings.

Our experts also provide an additional level of oversight for projects involving occupancies or uses that traditionally pose a high risk for occupants. Our team can cover occupancies such as:

Assembly

Hazardous occupancies

Educational

High-rise Buildings

- Institutional occupancies
- Storage occupancies

These types of reviews include compliance checks for fire safety systems, such as automatic sprinkler systems, fire alarm systems, and fire extinguishing systems for restaurant kitchens. Fire site plans, however, review compliance for fire site access and fire department operation/suppression needs.

Capabilities to Receive and Process Electronic Plans Submittals

SAFEbuilt strongly recommends using remote (electronic) plan review for its better time efficiency, its environmental impact benefits (e.g., paper, fuel, and carbon emissions), and its benefits to health by preventing person-to-person interaction during the pandemic. Furthermore, our capabilities to support multiple plan reviews simultaneously is unlimited. Our Team is proficient with using all of the industry standard electronic plan review systems currently available. The benefits of remote plan review include:

- Access to multi-disciplined plan reviewers
- Expedited plan review. No more complaints about Remote and concurrent reviews turnaround times.
- Remote access & increased transparency.

Plan Review Timeframe

The following table outlines SAFEbuilt's proposed plan review turnaround times for the Village:

Type of Project	Initial Check			
Small Residential	7 business days			
Large Residential	10 business days			
Small Commercial	7 business days			
Large Commercial	15 business days			
Fire Related Review	7 business days			

Tab F — Exceptions

Acceptance of the Village Contract and Agreement Terms

The SAFEbuilt Contract and Legal team have carefully reviewed the contract terms presented in the Sample Contract in the RFP. We respectfully request the following modifications to the agreement terms.

Item 4.A – please add as indicated:

Time if of the essence in this Contract - The Service	es to be performed by the Consultant under the Contract
Documents shall commence no later than	(hereinafter the "Commencement Date"), and
shall be completed no later than	_ (hereinafter the "Completion Date"), barring only Acts of
God and events out of Consultant's control, due to v	hich the Completion Date may be modified in writing with
the prior approval of the Village. If the Consultant fa	ails to complete the Services by the Completion Date, the
Village shall thereafter have the right to have the Se	rvices completed by another independent contractor, and
in such event, the Village shall have the right to dec	uct the cost of such completion so incurred by the Village
from payments otherwise due to the Consultant for	the Services and/or the right to recover any excess cost of
completion from the Consultant to the extent that the	e total cost incurred by the Village for the completion of the
Work which is the subject of the Contract Documents	exceeds the Contract Price.

Item 6 – please revise as indicated:

<u>Nonassignability:</u> The Consultant shall not assign this Contract, or any part thereof, to any other person, firm, or corporation without the prior written consent of the Village, and which such consent shall not be unreasonably withheld. In no case shall such consent relieve the Consultant or its surety from the obligations herein entered into by the same or change the terms of this Contract.

Item 12.A – please revise as indicated:

To the fullest extent permitted by law, the Consultant hereby agrees to defend, indemnify and hold harmless the Village, its elected and appointed officials, employees and agents against all injuries, deaths, loss, damages, claims, patent claims, suits, liabilities, judgments, costs and expenses and any third party claims ("Claims"), which may in anyway accrue against the Village, its elected and appointed officials, employees, and agents arising in whole or in part or in consequence to the extent is caused by or arising out of the performance of the Work by the Consultant, its employees, or subconsultants, or which may in anyway result therefrom, except that arising out of the sole legal cause of the Village, its elected and appointed officials, employees or agents, the Consultant shall, at its own expense, appear, defend and pay all charges of attorneys and all costs and other expenses arising therefrom or incurred in connection therewith, and, if any judgment shall be rendered against the Village, its elected and appointed officials, employees or agents, in any such action, the Consultant shall, at its own expense, satisfy and discharge the same.

Item 24 – please add as indicated:

Termination; Remedies: Notwithstanding any other provision hereof, the Village may terminate the Agreement in the event of a default by the Consultant or without cause at any time upon 15 days prior written notice to the Consultant. In the event that the Agreement is so terminated and the Consultant is not in default or breach of this Agreement, the Consultant shall be paid for Services actually performed and reimbursable expenses actually incurred, if any, prior to termination, not exceeding the value of the Services completed which shall be determined on the basis of the rates set forth in the Consultant's Proposal notwithstanding the proceeding, Consultant may terminate this Agreement, or any part of this Agreement upon ninety (90) days written notice, with or without cause and with no penalty or additional cost beyond the rates stated in this Agreement.

Tab G — Cost Proposal

SAFEbuilt will work with the Village of Orland Park for a pricing tailored to its needs. We work with our community partners to establish quality rates for the services we provide. All overhead, materials and equipment—such as iPads, code books, mobile phones, ladders, and professional attire—are included in the proposed fee.

Hourly Fee Schedule

Regular Assigned Staff	
Commercial/Residential Inspections	\$81/Hour
Property Maintenance Inspections/ Office Assistance	\$65/Hour
Residential Plan Review	\$85/Hour
Commercial Plan Review	\$90/Hour
Minor Plan Review*	\$85/Hour

^{*} Minor Plan Review constitutes any review or situation where a home or business is performing a small remodel less than 100 square feet and may require a small plan review. Schedule and timeline for such reviews will be agreed upon with the Village.

Optional Services	
(Staff Qualifications & Resumes Available Upon Request)	
Health Inspections	\$100/Hour as-needed
Permit Technicians	\$55/Hour as-needed
Stormwater Reviews	\$125/Hour as-needed
Zoning Reviews	\$110/Hour as-needed

Alternatively, we would also like to present the Village with a flat fee schedule. We will work with the Village staff to establish what would best suit its requirements and budget.

Flat Fee	
Residential Zoning Review	\$139.00
Residential New Construction (up to 1,500 SF)	\$370.00
Residential New Construction (1,501 SF - 2,000 SF)	\$462.00

RFP 21-021

The undersigned	Tom Wilkas (Enter Name of Person Making Certification)	, as n)	Chief Financial Officer (Enter Title of Person Making Certification)
and on behalf of	SAFEbuilt Illinois, LLC (Enter Name of Business Orga	nizatioi	, certifies that:
1) BUSINESS OR	RGANIZATION:		
The Proposer	is authorized to do business in Illir	nois: `	Yes [X] No []
Federal Emplo	oyer I.D.#: 46-2340439 (or Social Security # if a s	ole pro	prietor or individual)
The form of b	usiness organization of the Propos	ser is (check one):
Sole Prop Independ Partnershi _X LLC Corporati	ent Contractor <i>(Individual)</i> ip	<u> </u>	to of Incorporation

2) ELIGIBILITY TO ENTER INTO PUBLIC CONTRACTS: Yes [X] No []

The Proposer is eligible to enter into public contracts, and is not barred from contracting with any unit of state or local government as a result of a violation of either Section 33E-3, or 33E-4 of the Illinois Criminal Code, or of any similar offense of "Bid-rigging" or "Bid-rotating" of any state or of the United States.

3) SEXUAL HARRASSMENT POLICY: Yes [X] No []

Please be advised that Public Act 87-1257, effective July 1, 1993, 775 ILCS 5/2-105 (A) has been amended to provide that every party to a public contract must have a written sexual harassment policy in place in full compliance with 775 ILCS 5/2-105 (A) (4) and includes, at a minimum, the following information: (I) the illegality of sexual harassment; (II) the definition of sexual harassment under State law; (III) a description of sexual harassment, utilizing examples; (IV) the vendor's internal complaint process including penalties; (V) the legal recourse, investigative and complaint process available through the Department of Human Rights (the "Department") and the Human Rights Commission (the "Commission"); (VI) directions on how to contact the Department and Commission; and (VII) protection against retaliation as provided by Section 6-101 of the Act. (Illinois Human Rights Act). (emphasis added). Pursuant to 775 ILCS 5/1-103 (M) (2002), a "public contract" includes "...every contract to which the State, any of its political subdivisions or any municipal corporation is a party."

RFP 21-021 2

4) EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE: Yes [X] No []

During the performance of this Project, Proposer agrees to comply with the "Illinois Human Rights Act", 775 ILCS Title 5 and the Rules and Regulations of the Illinois Department of Human Rights published at 44 Illinois Administrative Code Section 750, et seq. The

Proposer shall: (I) not discriminate against any employee or applicant for employment because of race, color, religion, sex, marital status, national origin or ancestry, age, or physical or mental handicap unrelated to ability, or an unfavorable discharge from military service; (II) examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization; (III) ensure all solicitations or advertisements for employees placed by it or on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, marital status, national origin or ancestry, age, or physical or mental handicap unrelated to ability, or an unfavorable discharge from military service; (IV) send to each labor organization or representative of workers with which it has or is bound by a collective bargaining or other agreement or understanding, a notice advising such labor organization or representative of the Vendor's obligations under the Illinois Human Rights Act and Department's Rules and Regulations for Public Contract; (V) submit reports as required by the Department's Rules and Regulations for Public Contracts, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts; (VI) permit access to all relevant books, records, accounts and work sites by personnel of the contracting agency and Department for purposes of investigation to ascertain compliance with the Illinois Human Rights Act and Department's Rules and Regulations for Public Contracts; and (VII) include verbatim or by reference the provisions of this Equal Employment Opportunity Clause in every subcontract it awards under which any portion of this Agreement obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as the other provisions of this Agreement, the Proposer will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the Proposer will not utilize any subcontractor declared by the Illinois Human Rights Department to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations. Subcontract" means any agreement, arrangement or understanding, written or otherwise, between the Proposer and any person under which any portion of the Proposer's obligations under one or more public contracts is performed, undertaken or assumed; the term "subcontract", however, shall not include any agreement, arrangement or understanding in which the parties stand in the relationship of an employer and an employee, or between a Proposer or other organization and its customers. In the event of the Proposer's noncompliance with any provision of this Equal Employment Opportunity Clause, the Illinois Human Right Act, or the Rules and Regulations for Public Contracts of the Department of Human Rights the Proposer may be declared non-responsible and therefore ineligible for future contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations, and this agreement may be canceled or avoided in whole or in part, and such other sanctions or penalties may be imposed or remedies involved as provided by statute or regulation.

RFP 21-021 3

5) TAX CERTIFICATION: Yes [X] No []

Contractor is current in the payment of any tax administered by the Illinois Department of Revenue, or if it is: (a) it is contesting its liability for the tax or the amount of tax in accordance with procedures established by the appropriate Revenue Act; or (b) it has entered into an agreement with the Department of Revenue for payment of all taxes due and is currently in compliance with that agreement.

6) AUTHORIZATION & SIGNATURE:

I certify that I am authorized to execute this Certificate of Compliance on behalf of the Contractor set forth on the Proposal, that I have personal knowledge of all the information set forth herein and that all statements, representations, that the Proposal is genuine and not collusive, and information provided in or with this Certificate are true and accurate. The undersigned, having become familiar with the Project specified, proposes to provide and furnish all of the labor, materials, necessary tools, expendable equipment and all utility and transportation services necessary to perform and complete in a workmanlike manner all of the work required for the Project.

EXCESS PROFESSIONAL LIABILITY (Umbrella-Follow Form Policy)

\$1,000,000 – Each Occurrence \$1,000,000 – Aggregate EXCESS MUST COVER: Professional liability

Any insurance policies providing the coverages required of the Consultant, excluding Professional Liability, shall be specifically endorsed to identify "The Village of Orland Park, and their respective officers, trustees, directors, officials, employees, agents, representatives and assigns as Additional Insureds on a primary/non-contributory basis with respect to all claims arising out of operations by or on behalf of the named insured." If the named insureds have other applicable insurance coverage, that coverage shall be deemed to be on an excess or contingent basis. The policies shall also contain a Waiver of Subrogation in favor of the Additional Insureds in regards to General Liability and Workers Compensation coverages. The certificate of insurance shall also state this information on its face. Any insurance company providing coverage must hold an A VII rating according to Best's Key Rating Guide. Permitting the contractor, or any subcontractor, to proceed with any work prior to our receipt of the foregoing certificate and endorsement, however, shall not be a waiver of the contractor's obligation to provide all of the above insurance.

Proposer agrees that prior to any commencement of work to furnish evidence of Insurance coverage providing for at minimum the coverages and limits described above directly to the Village of Orland Park, Nicole Merced, Purchasing Coordinator, 14700 S. Ravinia Avenue, Orland Park, IL 60462. Failure to provide this evidence in the time frame specified and prior to beginning of work may result in the termination of the Village's relationship with the contractor.
