OVERVIEW AND BACKGROUND

The petitioner is proposing to consolidate two (2) adjacent lots, both of which are owned by the petitioner. Once consolidated, the petitioner plans to construct a new 665 square foot detached garage and driveway to the east of the principle building, a two-story brick and frame residence. Approval of this or any other structure is not a part of this petition.

PROJECT DESCRIPTION & CONTEXT

The petitioner proposes to consolidate two lots into a single lot. The subject property is currently two separate parcels.

The recommendation motion includes the following conditions:

- 1) Submit a Plat of Subdivision to the Village for recording.
- 2) Meet all building code related items.

Overall, the project conforms to the Village's Comprehensive Plan, Land Development Codes and policies for this area.

Plan Commission Motion

On March 22, 2016, the Plan Commission, by a vote of 6-0, moved to recommend to the Village to approve the consolidation of the parcels owned by Marcin Plata, as fully referenced below.

Plan Commission Discussion

On March 22, 2016, a public hearing was held before the Plan Commission, the only discussion outside of the Commissioners' conversation was a clarification made by Marcin Plata, the petitioner and land owner. Mr. Plata clarified that while his occupation is that of a contractor, he would in no way be using a proposed garage, (unrelated to this review) for the purpose of running a home business. The issue was quickly laid to rest and the Commissioners expressed their approval of the consolidation. The motion was then put to a vote, and passed unanimously 6-0.

Development Services and Planning Committee Motion

On April 18th, 2016, this item was recieved by the Development Services Planning and Engineering Committee, recommended for approval, and referred to the Village Board of Trustees for consideration.

This case is now before the Village Board of Trustees for consideration.
