Project

LaGrange Retail Development - 2016-0865

Petitioner

Mr. Joe Bochenski
Location Finders Inc.

Purpose

The purpose of this petition is to construct and maintain a new commercial planned unit development of four (4) buildings on a fourteen (14) acre site.

Requested Actions: Site Plan, Special Use Permit with modifications, Annexation, Subdivision, Rezoning, Landscape Plan

Project Attributes

Address: 15610 LaGrange Road

P.I.N.(s): 27-16-401-005; 27-16-401-008; and 21-16-401-011

Existing Zoning: COR Mixed Use District and Not in Orland Park (for the former Army Base site)

Proposed Zoning: COR Mixed Use District (for the parts of the property that are currently unincorporated and to be rezoned)

Comprehensive Plan district: Regional Core Mixed Use District

Comprehensive Plan designation: Regional Mixed Use

OVERVIEW AND BACKGROUND

There are two (2) parcels that comprise the subject site/ project area. While both existing parcels are currently owned by the petitioner (Location Finders Inc.), the south parcel adjacent to Lakeview Plaza was formerly the US Army’s Area Maintenance and Support Facility. The south parcel currently has seven (7) to eight (8) buildings that remain on site. These buildings will be demolished as part of this project. The petitioner has worked with the US Army to acquire this property and has diligently pursued improvements at other regional US Army installations in order to acquire this property and develop it per US Army policy.

The south parcel is currently unincorporated and must be annexed into the Village jurisdiction. The Orland Park Comprehensive Plan notes that this property shall be annexed upon redevelopment. As a result, the former US Army base site has remained unincorporated and unchanged since at least the end of the Cold War.

PROJECT DESCRIPTION & CONTEXT

The petitioner proposes to establish a six (6) lot commercial planned unit development (PUD) on the two existing parcels. The proposed PUD will enable retail and restaurant uses on out-lots along the LaGrange Road frontage. Larger retail uses (in a so-called “junior big box”) are planned at the rear of the subject site as anchors.

A jurisdictional wetland is currently located near the northwestern areas of the property. The petitioner proposes to remove up to half of the wetland entirely and mitigate according to US Army Corps of Engineers’ standards. The removal of the wetland will allow the site to establish cross-access and shared parking fields for this development. Cross-access within major commercial corridors is critical to improve traffic movement and circulation between developments and within the corridor. The proposed layout anticipates the location of future commercial development along 156th Street to the north and its driveways are set up so that cross-access may be enabled across multiple sites in this area of the highly trafficked LaGrange Road corridor.

The petitioner proposes the PUD to have four (4) buildings on the six (6) lots. The development of two (2) of the out-lots is proposed with this petition. The land uses will be restaurants: Chuy’s

Mexican Restaurant (Lot 1) and Miller's Alehouse (Lot 2). The third southern out-lot is proposed as "pad-ready" and may have either a restaurant or retail land use (Lot 3). Lastly, the retail anchor building (junior big box) at the rear of the site is speculative at this time, demonstrating the square footage anticipated (Lot 4). No users are identified at this time for that building.

This petitioner requests the following modifications:

1. Reduce the rear setback from 30 feet to 24 feet;
2. Reduce the wetland setback from 50 feet to zero feet; and
3. Meet site detention requirements offsite in the regional detention facility along Ravinia Avenue.

The recommendation motion includes the following substantive conditions:

1. Maintain shared parking and cross-access for all and through all parking fields within the planned unit development between users;
2. Dedicate the necessary public right-of-way north of Chuy's Restaurant to complete the 156th Street right-of-way for the multi-use path;
3. Provide landscape screening along the blank wall elevations of Chuy's west elevation;
4. Indicate window transparency on the elevation drawings for Miller's Alehouse;
5. Work with staff to address the blank wall surface areas on the east and south elevations visible from LaGrange Road; and
6. Provide the necessary mitigation for the removal of the wetlands and trees per US Army Corps of Engineering standards and the Land Development Code respectively.

Overall, the project conforms to the Village's Comprehensive Plan, Land Development Codes and policies for this area.

Additional details about the project are discussed in the Plan Commission report, which is attached for reference.

DISCUSSION

The following is a discussion of the conditions per motion since the Committee meeting.

Site Plan Motion

Condition 1 is maintained to be recorded with the Annexation Agreement.
Conditions 2 and 3 have been met.

Elevation Motion

Regarding Condition 1, the preliminary landscape plan is showing additional landscape screening at the Chuy's west elevation.

For Conditions 2 and 3, which apply to Miller's Alehouse and Chuy's (just Condition 3), both Miller's and Chuy's have submitted written statements expressing intent to meet Village conditions. These statements are attached outlining their intended improvements per Village conditions. The petitioner's indicated that they needed additional time to make these adjustments but did not want to miss the June 5, 2017 Board meeting. The proposed adjustments are within the scope of administrative reviews and were deemed by staff, in concert with their submitted written statements, sufficient to forward the plans to not delay their approvals. The Conditions are kept to ensure compliance.

Conditions 4,5 and 6 are standard conditions for development that are useful within Annexation Agreements.

Preliminary Landscape Plan Motion

Condition 1 is kept to be enshrined within the Annexation Agreement.

Subdivision Motion

Conditions 1, 2 and 3 are met.

Special Use Motion

Modification 1 of the Special Use motion is eliminated since Condition 1 of the subdivision motion was met. The motion below is updated accordingly.

This case is now before the Village Board of Trustees for consideration.
