Title/Name/Summary

Two (2) Workstations for the Police Department Investigations Division - Purchase

History

The Police Department currently has 14 workstations in the common area of the Investigations Division. These workstations are utilized by general case investigators along with other officers and employees assigned to the Investigations Division. Ten (10) years ago, when the Police Department was constructed, the workstations were designed for expansion if needed in the future. Recently, a Secret Service Agent has been assigned to the department in a federal partnership program to assist with investigations. Additionally, light-duty officers are regularly assigned to the Division to handle minor investigations and special projects. The two (2) additional workstations will be installed to accommodate the increase of personnel in the Investigation Division. The cost of the (2) workstations, designed to match the current workstations, along with installation is \$8,488.71.

On April 17, 2017, this item was reviewed and approved by the Public Safety Committee and referred to the Village Board for approval.

Financial Impact

The Police Department will expend \$8,488.71 from the Federal Asset Forfeiture Account # 027-2900-460180 for the purchase of the two (2) workstations for the Investigation Division.

Recommended Action/Motion

I move to approve the payment of \$8,488.71 for the purchase and installation of two (2) workstations from Office Revolution, Riverwoods, Illinois.
