Adequate measures have been or will be taken to provide ingress and egress so designed to minimize traffic congestion in the adjacent public streets. The entrances and exits will comply with all applicable requirements, and internal traffic is adequately provided for.

F. Petitioners have made adequate legal provision, through home owner covenants, to guarantee the provision and preservation of all open spaces designated on the site plan and other improvements associated with the special use.

G. The proposed use will not adversely affect a known archaeological, historical or cultural resource.

H. The proposed special use shall comply with all additional standards imposed on it by all other applicable requirements of the ordinances of the Village and the Development Agreement authorized and approved by this Village President and Board of Trustees on April 4, 2022 (the “Development Agreement”).
