Title/Name/Summary

Annual Traffic Signal Maintenance for Village/ State/County Roadways - Proposal

History

As part of the village intergovernmental agreements with the state and county, the village is responsible for shared costs of traffic signals maintenance on state and county roadways. The portion that we are responsible for is determined by the jurisdictional portion of the intersecting streets. For instance, on 151st St and Route 45, the village pays for 50% of the cost of maintenance because of 151st St. east and west of Rte. 45 are owned by the village. The county has the same formula for maintenance costs on shared jurisdiction roadways.

Additionally, the Public Works Department contracts out the preventative maintenance for the thirteen (13) solely village owned traffic control signal systems. The village has traditionally utilized the same contractor that performs this work for the state and county as part of their bid procedure.

The contractor selected by both the state and county for 2019 is Meade Electric of McCook, IL. Meade has performed this work for the state, county, and village for many years. Meade has submitted the attached proposal agreeing to hold last year's rates (\$159 per intersection each month) through 2019.

Staff recommends extending the contract for another year. The attached proposal provides the same timeframe and similar level of maintenance service that Meade provides under the state and county agreements. The cost of repairs due to damage or failure is above and beyond the scope of this proposal and is determined on a case by case basis.

On January 21, 2019, this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

Financial Impact

The 2019 Fiscal Year Budget has sufficient funds in account 010-5002-443700 for the maintenance and repair of traffic signals.

Recommended Action/Motion

I move to approve the 2019 expenditures to the State of Illinois for traffic signal maintenance on shared State roadways;

And

Approve the 2019 expenditures to the Cook County Highway Department for traffic signal maintenance on shared County roadways;

And

Approve waiving the bid process for village traffic signal maintenance service;

And

Approve accepting the proposal from Meade Electric Company, Inc. of McCook, Illinois, for traffic signal maintenance for the thirteen (13) village owned traffic signals at a cost not to exceed the Board approved budgeted amount for 2019.
