Flow Sensors for Centennial Pool Quote

History

We have received quotes for the four new flow sensors (meters) needed this year at Centennial Pool. The products we have in use now are Signet MagMeter. This year we will be adding 4 new flow sensors to our pump room to ensure that the proper flow is set to enhance the read capability by Village staff and the Cook County Health Department. The existing meters are out-dated and are need of replacement. Halogen Supply Company is the exclusive vendor for this item and has supplied us with this product in the past.
