Title

Elevated Tank No. 7 Rehabilitation Engineering Oversight

History

On June 7, 2021, the Village Board approved the rehabilitation of Elevated Tank No. 7, with work anticipated to begin in the second week of September, 2021. Contracted for Phase 1 and 2 engineering services, Strand Associates of Joliet, Illinois provided a thorough evaluation of the tank, noting deficiencies and recommendations for improving the rehabilitation of the elevated tank.

Staff requested proposals for engineering design and oversight services from the “Recommended Prequalified Consultants” list developed by the Village's Engineering Department through its RFP process. Two (2) proposals were received. Strand Associates of Joliet, Illinois submitted a proposal to provide limited construction oversight, administrative services (to ensure contractor conformance to the contract documents), and to communicate with third-party cellular providers at a cost of \$60,500.00. Christopher B. Burke Engineering of Rosemont, Illinois submitted a more robust proposal, including a permanent onsite engineer throughout the entire project, at a cost of \$44,200.00.

Staff recommends the proposal from Christopher B. Burke Engineering of Rosemont, Illinois, be accepted for a price not to exceed \$44,200.00.

Financial Impact

Funding is available from the water capital account 031-6002-443900 (Well & Storage Facilities).

Recommended Action/Motion

I move to accept the proposal from Christopher B. Burke Engineering of Rosemont, Illinois for Elevated Tank No. 7 construction oversight for an amount not to exceed \$44,200.00;

And,

Authorize the Village Manager to execute all related contracts, subject to Village Attorney review.
