Title

An Ordinance Amending Title 4, Chapter 3 Of The Orland Park Village Code To Establish New Water and Sewer Rates for the Orland Ridge Subdivision

History

This matter was previously discussed at the Committee of the Whole, where the direction was provided to confirm water and sewer rates for the Orland Ridge subdivision which capture the additional water and sewer commodity costs that are being charged by Illinois American Water Company, as outlined in the 2020 development agreement.

The typical base water rate for Orland Park residents ranges from \$7.24 to \$12.68 per 1,000 gallons, depending on consumption. The higher commodity cost from Illinois American Water will result in water rates for Orland Ridge residents ranging from \$10.76 to \$16.20, depending on usage.

Additionally Illinois American Water is charging the Village \$0.96 per 1,000 gallons of water consumed for sewer conveyance. The Village charges \$1.28 per 1,000 gallons for conveyance to Orland Park residents. Using the same methodology of charging the differential, the sewer rate for Orland Ridge customers will be \$2.24 per 1,000 gallons.

Recommended Action/Motion

I move to adopt Ordinance 5636, entitled: AN ORDINANCE AMENDING TITLE 4, CHAPTER 3 OF THE ORLAND PARK VILLAGE CODE TO ESTABLISH NEW WATER AND SEWER RATES FOR THE ORLAND RIDGE SUBDIVISION.
