Title

Gasoline and Diesel Fuel Purchase - Contract Extension

History

In October of 2010, the Village of Orland Park published a legal notice and advertised for bids to supply gasoline and diesel fuel to the Village. In 2010, the Village entered into a contract with Avalon Petroleum Company of Kankakee, Illinois. Under the terms of the specifications, the contract can be renewed annually if mutually agreeable with both parties for up to five (5) additional years after the first year (2011). The end of the fifth extension year of the contract will be December 31, 2016.

Avalon Petroleum Company has been the Village's supplier of fuel for the past twenty one years and has an excellent record for responding to the Village's needs including: promptness in delivery, billing and quality of fuel. Therefore, staff recommends renewal of the contract for the delivery of gasoline and diesel fuel for Fiscal Year 2016.

On November 2, 2015, this item was reviewed and approved by the Public Works Committee and referred to the Board for approval.

Financial Impact

There is a line item in 2016 draft budget (Account 010-5006-462100) in the amount of \$627,957 for this expenditure.

Recommended Action/Motion

I move to approve to renew the contract for gasoline and diesel fuel with Avalon Petroleum Company of Kankakee, Illinois, for Fiscal Year 2016 for an amount not to exceed the Board approved budget amount.
