Title

One (1) 2020 International Tandem Axle Dump Truck Chassis Model HV607 SBA and Aftermarket Dump and Snow Equipment Package Purchasing Cooperative Proposal

History

The 2019 Fiscal Year Budget includes the purchase of one (1) heavy duty tandem axle dump truck with snow and ice control equipment for the Utilities Division of Public Works.

The village is a member of Sourcewell (formerly the National Joint Powers Alliance (NJPA)) a purchasing cooperative that provides competitive pricing for equipment purchases. As a member of Sourcewell, we are eligible to purchase the tandem axle chassis and the aftermarket dump body and snow equipment package through the cooperative, including installation. Rush Truck Center of Northern Illinois from Huntley, Illinois has the Sourcewell contract # 081716-NVS and has submitted the cost quote of \$97,998.42 for one (1) 2020 International Tandem Axle Dump Truck Chassis model HV607 SBA and can deliver in approximately 90 days after receipt of order. Henderson Truck Equipment of Huntley, Illinois, has the Sourcewell contract # 080818-HPI and has submitted a cost quote in the amount of \$99,019.00 for the installation of a dump body and snow equipment package and can complete the equipment installation within 90 days after receipt of the chassis. Staff has reviewed the quotes and recommends purchasing the chassis and the installed equipment package utilizing these cooperative vendors. Both vendors have been used in the past with great success.

On February 18, 2019, this item was reviewed by the Public Works Committee and recommended for approval and referred to the Village Board of Trustees for consideration.

Financial Impact

Funds are available in account # 031-6001-470200 for this purchase.
