**Title**  
Intergovernmental Agreement with Will County to allow the Orland Park Police Department access to the Will County 800 MHz County Wide Radio System - Agreement

**History**  
The Police Department is in the process of deploying tri-band radios to many of our members. This will allow us access to the Will County 800 MHz radio system and to almost all of the radio frequencies used by surrounding police departments to enhance interoperability. Will County requires an intergovernmental agreement to allow us access to their frequency through 2027.

On June 3, 2019, this item was reviewed and approved by the Public Safety Committee and recommended to the Village Board for approval.

**Recommended Action/Motion**  
I move to approve the Intergovernmental Agreement between the County of Will and Village of Orland Park for access to their 800 MHz radio system at no cost to the Village of Orland Park;

And

To authorize the Village Manager to execute the agreement upon approval of the Board.
