### **Title**

CMAP Grant for 143rd Street and SW Highway Intersection

### **History**

On March 15, 2019, the Village applied to Chicago Metropolitan Agency for Planning (CMAP) for 143<sup>rd</sup> Street engineering and construction funding. We submitted our applications under the Surface Transportation Program (STP) and 2020-2024 Congestion Mitigation and Air Quality Improvement (CMAQ) programs. To improve our chances of getting funds, we divided our request into five different applications. The attached table shows the details and results of our funding applications. (Due to Legistar limitations this table was not included in the body of the report).

On November 13, we were informed by CMAP that we received \$540K for our application #3. This fund is exclusively for interconnecting traffic signals from Wolf Road to SW Highway. It also requires that we use this fund by FY 2021. If there is a delay in using this fund, we will request an extension from CMAP.

### **Current Request**

This report is for information and discussion only.

### **Financial Impact**

No funds are requested. Therefore, there is no financial impact to the Village.

### **Recommended Action/Motion**

This report is for information and discussion only. An action or motion is not required.
